Action by the City Council is required to concur in the selection of the contractors to whom the contracts should be awarded and to provide authority for the Mayor to execute construction contracts. State contracts must be awarded within 30 days of taking bids. In order to meet this requirement, these items would need to be introduced on February 1, 2010 with action at the February 8, 2010 meeting due to President's Day the following week. We request that these items be included on the agenda for the February 1, 2010 meeting for introduction. Once bids have been received and reviewed by NDOR, updated documents will be provided to the City Council. An updated fact sheet including the name of the contractor and their bid will be provided at the February 1, 2010 meeting. The resolutions will be available prior to the meeting on February 8, 2010.
