The LINCOLN ENERGY CHALLENGE

brings savings to the community!

On Jan. 20, the Lincoln Energy Challenge held its first Volunteer Upgrade Event. An AmeriCorps volunteer team improved the energy efficiency of the Near South Community Bike Kitchen by switching out light bulbs, sealing air leaks and more. Here are the results:

- Windows caulked: 10
- Windows bubble-wrap insulated: 3.5
- Windows foam-board insulated: 1
- CFLs installed: 17
- Furnace air filters replaced: 1
- Water pipes insulated: 1
- Doors weather-stripped: 3

Learn more about the Lincoln Energy Challenge by calling the Challenge office at 441-7658. Join, take action and share your progress to enter weekly prize drawings!
