Conditions of Sale

All sales are final. Only goods that have fabric or manufacturing defects or that have been shipped in error may be returned, and then only with prior written authorization. Goods returned without an approved authorization will not be accepted.

Uniforms Manufacturing is not responsible for any delay in performance for any causes beyond its control. All orders are subject to acceptance and confirmation by our corporate headquarters. Deliveries against orders are subject to credit approval at the time of shipment.

Due to the size of our product line it is sometimes necessary for UMI to partial ship orders. UMI does not consolidate shipments from multiple locations and all goods are invoiced to match their associated packing slip.

Hemming

Some pants may require an additional $0.75 per pair charge for hemming. This charge will not apply if the size requested is stocked in any UMI warehouse. Ask your sales representative when ordering.

Small Order Fee

There is a $10.00 small order-handling fee for all orders less than $100.00.

Payment Terms

Standard terms for Credit approved accounts are Net 30. Alternative methods of payment accepted are MasterCard, Visa and American Express as well as cash before delivery. No CODs.

Returns and Exchanges

If a customer chooses to return current, first quality, unaltered, stock products due to an error on the part of UMI, our customer service department will gladly issue a no-cost return authorization. However, if a return is requested for any of the products described above for reasons other than UMI error, we will accommodate the return as long as the request is made within 14-days after receipt of the order. Inbound and outbound freight costs plus a 20% restocking fee will apply. Customized or made-to-order merchandise is non-returnable for reasons other than UMI error.

Warranty

The products contained in this catalog are warranted against defects in manufacture only. Because applications vary, no use warranty is implied or intended. The buyer should make a careful analysis of the use by which these products are purchased. It will be the buyer's responsibility to determine whether these products will adequately protect the wearer in the environment in which they are to be used. No oral representation inconsistent with the above shall be binding.

Here are some tips to help you get fast, efficient service
