INSTRUCTIONS

WHO MAY ISSUE A RESALE CERTIFICATE. Form 13, Section A, is to be issued by persons or organizations making purchases of property or taxable services in the **normal** course of their business for the purpose of resale either in the form or condition in which it was purchased, or as an ingredient or component part of other property.

WHO MAY ISSUE AN EXEMPT SALE CERTIFICATE. Form 13, Section B can only be issued by persons or organizations exempt from payment of the Nebraska sales tax by qualifying for one of the six enumerated **Categories of Exemption** (see below). Nonprofit organizations that have a 501(c) designation and are exempt from federal and state income tax are **not** automatically exempt from **sales** tax. Only the entities listed in the referenced regulations are exempt from paying Nebraska sales tax on their purchases when the exemption certificate is properly completed and provided to the seller. Organizations claiming a sales tax exemption may do so only on items purchased for their own use. For health care organizations, the exemption is limited to the specific level of health care they are licensed for. The exemption is not issued to the entire organization when multiple levels of health care or other activities are provided or owned by the organization. Items purchased by an exempt organization that will be resold must be supported by a properly completed Nebraska Resale Certificate, Form 13, Section A.

Indicate the category which properly reflects the basis for your exemption. Place the corresponding number in the space provided in Section B. If category 2 through 6 is the basis for exemption, you must complete the information requested in Section B.

Nebraska Sales and Use Tax Reg-1-013, Sale for Resale – Resale Certificate, and Reg-1-014, Exempt Sale Certificate, provide additional information on the proper issuance and use of this certificate. These and other regulations referred to in these instructions are available on our Web site: **www.revenue.ne.gov/legal/regs/slstaxregs**.

Use Form 13E for purchases of energy sources which qualify for exemption. Use Form 13ME for purchases of mobility enhancing equipment on a motor vehicle.

CONTRACTORS. Form 13, Section C, Part 1, must be completed by contractors operating under Option 1 or Option 3 to document their tax-free purchase of building materials or fixtures from their suppliers. Section C, Part 2, may be completed to exempt the purchase of building materials or fixtures pursuant to a Purchasing Agent Appointment, Form 17. See the contractor information guides on our Web site **www.revenue.ne.gov** for additional information.

WHERE TO FILE. Form 13 is given to the seller at the time of the purchase of the property or service or when sales tax is due. The certificate must be retained with the seller's records for audit purposes. Do not send to the Department of Revenue.

SALES TAX NUMBER. A purchaser who completes Section A and is engaged in business as a wholesaler or manufacturer is not required to provide an identification number. Out-of-state purchasers can provide their home state sales tax number. Section B does not require an identification number when exemption category 1, 2, or 5 is indicated.

PROPERLY COMPLETED CERTIFICATE. A purchaser must complete a certificate before issuing it to the seller. To properly complete the certificate, the purchaser must include: (1) identification of the purchaser and seller, (2) a statement whether the certificate is for a single purchase or is a blanket certificate, (3) a statement of basis for exemption including completion of all information for the basis chosen, (4) the signature of an authorized person, and (5) the date the certificate was issued.

PENALTIES. Any purchaser who gives a Form 13 to a seller for any purchase which is other than for resale, lease, or rental in the **normal** course of the purchaser's business, or is not otherwise exempted from sales and use tax under the Nebraska Revenue Act, shall be subject to a penalty of $100 or ten times the tax, whichever amount is larger, for each instance of presentation and misuse.

Any purchaser, or their agent, who fraudulently signs a Form 13 may be found guilty of a Class IV misdemeanor.

CATEGORIES OF EXEMPTION

1. Purchases made directly by certain governmental agencies identified in Nebraska Sales and Use Tax Reg-1-012, Exemptions; Reg-1-072, United States Government and Federal Corporations; and Reg-1-093, Governmental Units, are exempt from sales tax. A list of specific governmental units are provided in the above regulations. Governmental units are not assigned exemption numbers.

   Sales to the United States government, its agencies, and corporations wholly owned by the United States government are exempt from sales tax. However, sales to institutions chartered or created under federal authority, but which are not directly operated and controlled by the United States government for the benefit of the public, generally are taxable. Construction projects for federal agencies have specific requirements, see Reg-1-017 Contractors.

   Purchases that are **not** exempt from Nebraska sales and use tax include, but are not limited to, governmental units of other states, sanitary and improvement districts, urban renewal authorities, rural water districts, railroad transportation safety districts, and county historical or agricultural societies.

2. Purchases when the intended use renders it exempt as set out in paragraph 012.02D of Reg-1-012, Exemptions. Complete the description of the item purchased and the intended use as required on the front of Form 13. Sellers of **repair parts** for agricultural machinery and equipment cannot accept a Form 13 to exempt such sales from tax.

TERMINATION FOR BREACH OF WARRANTY TO MAINTAIN
COMPLIANCE WITH COUNTY'S CHILD SUPPORT
COMPLIANCE PROGRAM

Failure of the Supplier to maintain compliance with the requirements set forth in the Contractor's Warranty of Adherence to County's Child Support Compliance Program shall constitute default under the Master Agreement. Without limiting the rights and remedies available to the County under any other provision of the Master Agreement, failure of the Supplier to cure such default within ninety (90) calendar days of written notice shall be grounds upon which the County may terminate the Master Agreement pursuant to Termination for Default herein, and pursue debarment of the Supplier, pursuant to County Code Chapter 2.202.

TERMINATION FOR CONVENIENCE

The Master Agreement may be terminated, in whole or in part, from time to time, when such action is deemed by the County, in its sole discretion, to be in its best interest. Such termination shall be effected by notice of termination to the Supplier specifying the extent to which performance of work is terminated and the date upon which such termination becomes effective.
The date upon which such termination becomes effective shall be no less than ten (10) days after the notice is sent.

A. After receipt of a notice of termination and except as otherwise directed by the County, the Supplier shall:
Stop performance under the Master Agreement on the date and to the extent specified in such notice, and
Complete performance of such part of the Master Agreement as shall not have been terminated by such notice.

B. All material including books, records, documents, or other evidence bearing on the costs and expenses of the Supplier under the Master Agreement shall be maintained by the Supplier in accordance with paragraph 1.33.9 (Record Retention and Inspection/Audit Settlement) of this RFP.

TERMINATION FOR DEFAULT

The County may, by written notice to the Supplier, terminate the whole or any part of the Master Agreement, if, in the judgment of County's Purchasing Agent or designee:

Supplier has materially breached the Master Agreement; or

Supplier fails to timely provide and/or satisfactorily perform any task, deliverable, service, or other work required either under the Master Agreement; or

Supplier fails to demonstrate a high probability of timely fulfillment of performance requirements under the

Master Agreement, or of any obligations of the Master Agreement and in either case, fails to demonstrate convincing progress toward a cure within five (5) working days (or such longer period as the County may authorize in writing) after receipt of written notice from the County specifying such failure.

A. In the event that the County terminates the Master Agreement in whole or in part as provided herein, the County may procure, upon such terms and in such manner as the County may deem appropriate, goods and services similar to those so terminated.

B. The Supplier shall be liable to the County for any and all excess costs incurred by the County, as determined by the County, for such similar goods and services. The Supplier shall continue the performance of the Master Agreement to the extent not terminated under the provisions of this sub-paragraph.

C. Except with respect to defaults of any Subcontractor, the Supplier shall not be liable for any such excess costs of the type identified herein if its failure to perform the Master Agreement arises out of causes beyond the control and without the fault or negligence of the Supplier. Such causes may include, but are not limited to: acts of God or of the public enemy, acts of the County in either its sovereign or contractual capacity, acts of Federal or State governments in their sovereign capacities, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather; but in every case, the failure to perform must be beyond the control and without the fault or negligence of the Supplier. If the failure to perform is caused by the default of a Subcontractor, and if such default arises out of causes beyond the control of both the Supplier and Subcontractor, and without the fault or negligence of either of them, the Supplier shall not be liable for any such excess costs for failure to perform, unless the goods or services to be furnished by the Subcontractor were obtainable from other sources in sufficient time to permit the Supplier to meet the required performance schedule. As used in this paragraph, the term "Subcontractor(s)" means Subcontractor(s) at any tier.

C. If, after the County has given notice of termination under the provisions of this paragraph, it is determined by the County that the Supplier was not in default under the provisions herein, or that the default was excusable under the provisions, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to Termination for Convenience, as described herein.

D. The rights and remedies of the County provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Master Agreement.

TERMINATION FOR IMPROPER CONSIDERATION

The County may, by written notice to the Supplier, immediately terminate the right of the Supplier to proceed under the Master Agreement if it is found that consideration, in any form, was offered or given by the Supplier, either directly or through an intermediary, to any County officer, employee, or agent with the intent of securing the Master Agreement or securing favorable treatment with respect to the award, amendment, or extension of the Master Agreement or the making of any determinations with respect to the Supplier's performance pursuant to the Master Agreement. In the event of such termination, the County shall be entitled to pursue the same remedies against the Supplier as it could pursue in the event of default by the Supplier.

A. The Supplier shall immediately report any attempt by a County officer or employee to solicit such improper consideration. The report shall be made either to the County manager charged with the supervision of the employee or to the County Auditor-Controller's Employee Fraud Hotline at (800) 544-6861.

B. Among other items, such improper consideration may take the form of cash, discounts, services, the provision of travel or entertainment, or tangible gifts.

TERMINATION FOR INSOLVENCY

The County may terminate the Master Agreement in the event of the occurrence of any of the following:

A. Insolvency of the Supplier. The Supplier shall be deemed to be insolvent if it has ceased to pay its debts

for at least sixty (60) days in the ordinary course of business or cannot pay its debts as they become due, whether or not a petition has been filed under the Federal Bankruptcy Code and whether or not the Supplier is insolvent within the meaning of the Federal Bankruptcy Code;

B. The filing of a voluntary or involuntary petition regarding the Supplier under the Federal Bankruptcy Code; the appointment of a Receiver or Trustee for the Supplier; or the execution by the Supplier of a general assignment for the benefit of creditors.

The rights and remedies of the County provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Master Agreement.

TERMINATION FOR NON APPROPRIATION OF FUNDS

Notwithstanding any other provision of the Master Agreement, the County shall not be obligated for the Supplier's performance hereunder or by any provision of the Master Agreement during any of the County's future fiscal years unless and until the County's Board of Supervisors appropriates funds for use under the Master Agreement in the County's Budget for each such future fiscal year. In the event that funds are not appropriated, then the Master Agreement shall terminate as of June 30 of the last fiscal year for which funds were appropriated. The County shall notify the Supplier in writing of any such non-allocation of funds at the earliest possible date.

VALIDITY

If any provision of the Master Agreement or the application thereof to any person or circumstance is held invalid, the remainder of the Master Agreement and the application of such provision to other persons or circumstances shall not be affected thereby.

WAIVER

No waiver by the County of any breach of any provision of the Master Agreement shall constitute a waiver of any other breach or of such provision. Failure of the County to enforce at any time, or from time to time, any provision of the Master Agreement shall not be construed as a waiver thereof. The rights and remedies set forth herein shall not be exclusive and are in addition to any other rights and remedies provided by law or under the Master Agreement.

WARRANTY AGAINST CONTINGENT FEES

The Supplier warrants that no person or selling agency has been employed or retained to solicit or secure the Master Agreement upon any contract or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Supplier for the purpose of securing business. For breach of this warranty, the County shall have the right to terminate the Master Agreement and, at its sole discretion, deduct from the Master Agreement price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

PARTICIPATING MUNICIPALITIES

Excluding any local awards, the County has designated U.S. Communities Government Purchasing Alliance (herein U.S. Communities) as the agency to provide administrative services related to purchases by other governmental entities (Participating Public Agencies) under the Master Agreement. At the County's sole discretion and option, and upon Supplier entering into the requisite U.S. Communities Administration Agreement, Participating Agencies may acquire products under the Master Agreement. Such acquisitions shall be at the prices stated in the Master Agreement, or lower.

The awarded Supplier(s) must deal directly with any Participating Public Agency concerning the placement of orders, issuance of the purchase order, contractual disputes, invoicing, and payment. The County is acting as

Contracting Agent for the Participating Public Agencies and shall not be held liable for any costs, damages, etc. incurred by any other Participating Public Agency.

In no event shall the County be considered a dealer, remarketer, agent or representative of the Supplier.

Bidders pre-printed terms and conditions or restrictions commonly appearing on the reverse side of letters submitted with the bid and/or bidders specifications material and contract documents will be disregarded in the absence of a positive written statement from Bidder and approved in writing by the County Purchasing Agent that all or a particular portion of such writings are in addition to or supersede the County terms and conditions.

CONTRACTOR RESPONSIBILITY AND DEBARMENT

1. A responsible Contractor is a Contractor who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity and experience to satisfactorily perform the contract. It is the County's policy to conduct business only with responsible contractors.

2. The Contractor is hereby notified that, in accordance with Chapter 2.202 of the County Code, if the County acquires information concerning the performance of the contractor on this or other contracts which indicates that the Contractor is not responsible, the County may, in addition to other remedies provided in the contract, debar the Contractor from bidding on County contracts for a specified period of time not to exceed 5 years, and terminate any or all existing contracts the Contractor may have with the County.

A. Jury Service Program.

This Contract is subject to the provisions of the County's ordinance entitled Contractor Employee Jury Service ("Jury Service Program") as codified in Sections 2.203.010 through 2.203.090 of the Los Angeles County Code.

B. Written Employee Jury Service policy.

1. Unless Contractor has demonstrated to the County's satisfaction either that Contractor is not a "Contractor" as defined under the Jury Service Program (Section 2.203.020 of the County Code) or that Contractor qualifies for an exception to the Jury Service Program (Section 2.203.070 of the County Code), Contractor shall have and adhere to a written policy that provides that its Employees shall receive from the Contractor, on an annual basis, no less than five days of regular pay for actual jury service. This policy may provide that Employees deposit any fees received for such jury service with the Contractor or that the Contractor deduct from the Employee's regular pay the fees received for jury service.

2. For purposes of this Section, "Contractor" means a person, partnership, corporation or other entity which has a contract with the County or a subcontract with a County contractor and has received or will receive an aggregate sum of $50,000 or more in any 12-month period under one or more County contracts or subcontracts. "Employee" means any California resident who is a full time employee of Contractor. "Full time" means 40 hours or more worked per week, or a lesser number of hours if the lesser number is a recognized industry standard and is approved as such by the County. If Contractor uses any subcontractor to perform services for the County under the Contract, the subcontractor shall also be subject to the provisions of this Section. The provisions of this Section shall be inserted into any such subcontract agreement and a Copy of the Jury Service Program shall be attached to the agreement.

3. If Contractor is not required to comply with the Jury Service Program when the Contract commences, Contractor shall have a continuing obligation to review the applicability of its "exception status" from the Jury Service Program, and Contractor shall immediately notify County if Contractor at any time either comes within the Jury Service Program's definition of "Contractor" or if Contractor no longer qualifies for an exception to the Program. In either event, Contractor shall immediately implement a written policy consistent with the Jury Service Program. The County may also require, at any time during the Contract and at its sale discretion, that Contractor demonstrate to the county's satisfaction that Contractor either continues to remain outside of the Jury service Program's definition of "Contractor" and/or that Contractor continues to qualify for an exception to the Program.

4. Contractor's violation of this Section of the contract may constitute a material breach of the Contract. In the event of such material. breach, County may, in its sole discretion, terminate the Contract and/or bar Contractor from the award of future County contracts for a period of time consistent with the seriousness of the breach.

PRICE SPECIFIC CONTRACTS AND PURCHASE ORDERS

Vendors are entitled to receive payment for goods received by, or services provided to the county specific to the Contract or Purchase Order price amount. Under no circumstances will those Suppliers, Contractors or Vendors who supply goods or otherwise contract services with the County of Los Angeles be entitled to or paid for expenditures beyond the Contract or Purchase Order amounts. Vendors are prohibited from accepting prepayment for goods or services without the express written approval of the County Purchasing Agent.

ASSIGNMENT BY CONTRACTOR

A. Contractor shall not assign its rights or delegate its duties under the Agreement, or both whether in whole or in part, without the prior written consent of County, in its discretion, and any attempted assignment or delegation without such consent shall be null and void. For purposes of this paragraph, County consent shall require a written amendment to the Agreement, which is formally approved and executed by the parties. Any payments by county to any approved delegate or assignee on any claim under the Agreement shall be deductible, at County's sole discretion, against the claims which Contractor, may have against county.

B. Shareholders, partners, members, or other equity holders of Contractor may transfer, sell exchange, assign, or divest themselves of any interest they may have therein. However, in the event any such sale, transfer, exchange. assignment, or divestment is effected in such a way as to give majority control of Contractor to any person(s), corporation, partnership, or legal entity other than the majority controlling interest therein at the time of execution of the Agreement, such disposition is an assignment requiring the prior written consent of County in accordance with applicable provisions of this Agreement.

C. Any assumption, assignment, delegation, or takeover of any of the Contractor's duties, responsibilities, obligations, or performance of same by any entity other than the Contractor, whether through assignment, subcontract, delegation, merger, buyout, or any other mechanism, with or without consideration for any reason whatsoever without county's express prior written approval, shall be a material breach of the Agreement which may result in the termination of the Agreement. In the event of such termination, County shall be entitled to pursue the same remedies against Contractor as it could pursue in the event of default by Contractor.
