

**COLLEGE VIEW NEIGHBORHOOD MOBILITY AUDIT
CHARRETTE JULY 18, 2007
COMMENTS RECEIVED**

B: PEDESTRIAN SYSTEM

- We “walked the walk” and whole heartedly agree with all the considerations expressed.
- 48th & Stockwell Crossing – peds cannot get across during heavy traffic periods
- Sidewalk repair needed along Prescott in the Business District
- Possibly signals at 48th & Stockwell and 48th & Cooper
- The area was a very pleasant place to walk. I agree with the “consideration” to make the area even more friendly to pedestrians.
