**HISTORY:** Prior to the 1979 zoning update, this property was zoned K Light Industrial. The update changed the zoning to I-1 Industrial.

**COMPREHENSIVE PLAN SPECIFICATIONS:** The 2025 Comprehensive Plan contemplates this property to remain Industrial.

“During the time period covered by this Plan, there will likely be a need to construct, renovate, or abandon certain public buildings and facilities not already discussed in this document. At such time as these events may occur, care should be taken by those public officials making these decisions that the Vision of this Plan is recognized and respected. This may include the siting of a new facility, the abandonment of an existing one, the way renovations are undertaken, the manner of financing used to complete the work, the arrangements made for the facility’s operation, the process followed in making the decision, and the timing of the action.” (F 131)

**UTILITIES:** Utilities are available.

**TRAFFIC ANALYSIS:** According to the 2025 Comprehensive Plan, the current and future classification of both South 6<sup>th</sup> and Peach Streets is Local Street. (E 49, F103).

**ANALYSIS:**

1. This is a request by Lincoln Electric System to declare property generally located at South 6<sup>th</sup> and Peach Streets as surplus property.
2. The property is currently owned by Lincoln Electric System.
3. This property has been presented to the Department Director’s within the City of Lincoln and none have expressed an interest in acquiring this property.
4. Planning Department does not see a need for any special use restrictions or standards to ensure conformance with the Comprehensive Plan.

**PUBLIC HEARING BEFORE PLANNING COMMISSION:**

January 8, 2003

Members present: Carlson, Bills-Strand, Larson, Newman, Duvall, Taylor, Krieser and Schwinn;  
Steward absent.

Staff recommendation: A finding of conformance with the Comprehensive Plan.

These applications were removed from the Consent Agenda and had separate public hearing at the request of Commissioner Newman because she believes the public should be aware of the purpose of the declaration of surplus property.

Proponents

**1. Bill Austin** appeared on behalf of **LES** for all three proposals for declaration of surplus property.

#02012 involves property at 6<sup>th</sup> and Peach Streets. This was a former LES substation site many years ago and LES has now concluded that it would be in the best interests of the city to get this off of the public ownership. It is a relatively small parcel. The sole purpose of coming before the Planning Commission is to fulfill the requirements of the City Charter that surplus and sale of the property be first reviewed by the Planning Commission.

#02013 involves property at 40<sup>th</sup> & Randolph Streets (south of the intersection on the southwest side of the intersection). This was a former LES substation site as well and has not been used for many years. It is zoned R-4 and it is hoped that the property can be put to a better use than it is now.

#02014 involves property at 6400 West Bennet Road. This was not an old substation but was an acquisition-in-fee accomplished for the purpose of installing a 345 kv transmission line, which is actually in place diagonally across these properties. At the time, it made more sense to acquire the property even though only an easement was needed. Now the desire is to find a buyer for the remaining portion of the property.

Newman inquired whether LES has buyers for the Peach and Randolph properties. Austin was not aware of any purchasers. LES has found that there are a lot of people that may or may not be interested in the property but they have no buyers at this point.

Carlson inquired as to the next step in the process as far as advertising the property for sale, etc. On the assumption that the City Council passes an ordinance authorizing LES to proceed, Austin indicated that it depends upon how much interest is generated on the property. If there is interest, LES may send out bid packages to other property owners or interested parties. There is no firm policy as to how they

proceed but they would look at anyone who approaches them to acquire the property. Austin does not believe the properties are advertised for sale in the newspaper.

There was no testimony in opposition.

Public hearing was closed.

**COMPREHENSIVE PLAN CONFORMANCE NO. 02012**

**ADMINISTRATIVE ACTION BY PLANNING COMMISSION:**

January 8, 2003

Duvall moved to approve a finding of conformance with the Comprehensive Plan, seconded by Taylor.

Carlson commented that it would be interesting to figure out what the standing policy might be as far as listing or advertising the properties.

Newman commented that she wanted to hold public discussion on these applications because many times the Commissioners do hear from people who say they knew nothing about the surplus property and she wanted to have it discussed in public.

Motion to find in conformance carried 8-0: Carlson, Bills-Strand, Larson, Newman, Duvall, Taylor, Krieser and Schwinn voting 'yes'; Steward absent.
