

City Council Introduction: March 8, 2004

Bill Number 04-46

Public Hearing: March 15, 2004

F A C T S H E E T

TITLE: Ordinance to Repeal LMC Chapter 24.50.050, Permits and Inspections

SPONSOR: Public Works & Utilities

OTHER DEPARTMENTS AFFECTED:
Building & Safety

OPPONENTS: None Known

APPLICANT: Public Works & Utilities

STAFF RECOMMENDATION:
Recommend repealing this section of the code.

REASON FOR LEGISLATION: Repeal LMC Chapter 24.50.050, Permits and Inspections. The practice of private water and sewer main installation through this process has been discontinued, occurring now by the supervision of a registered plumber. Eliminating this portion of the code will clarify expectations and process for the public.

D I S C U S S I O N

Recently a developer operating in Lancaster County sought to use 24.50.050 as a means of gaining approval of installation of his pipeline facilities. Considerable effort and nonproductive time has been committed by both private and public sectors in seeking to resolve this construction project. The method described in this section has not been actively applied since the mid-1980's.

POLICY OR PROGRAM CHANGE: No
