Water and Wastewater

OPPONENTS: Unknown

APPLICANT: Public Works and Utilities

STAFF RECOMMENDATION: For
Approval

REASON FOR LEGISLATION: To provide authority for the Mayor to execute an agreement with the State of Nebraska, Department of Roads so that the project is eligible to receive Federal Funds.

DISCUSSION

The current Capital Improvement Program identifies construction of the Antelope Valley North-South Roadway K to Q Project to occur in fiscal 2007-2008. The identified funding sources for design and right-of-way acquisition for the project include Highway Allocation Funds (SO), requested Federal Aid - Other Funds (OF), and donated right-of-way funds (\$732,000) will be used towards the required match for federal funds received for this project.

This project will construct the new Antelope Valley North-South Roadway from 19th and "Q" Street north to 18th and "Y" Street. This will complete the Antelope Valley North-South Roadway connection along the east side of the downtown area, allowing downtown traffic to travel north along the new roadway to Vine Street, the new Antelope Valley East-West Roadway and the 14th and Cornhusker Highway area. The proposed schedule for the Antelope Valley Projects identifies construction work on this transportation project to start in early 2007 with completion of the work by August 2008.

POLICY OR PROGRAM CHANGE: No

COST OF TOTAL PROJECT: \$11,716,000 which includes \$732,000 of donated ROW.

SOURCE OF FUNDS:
City and Federal plus \$732,000 donated ROW
