- 10. Email from Jackie Wells re: do not ban the conceal carry ordinance.
- 11. Email from Jean Sanders re: Ban firework sales to all but professional fireworks handlers.

VI. ADJOURNMENT

**** HELD OVER FROM JUNE 26, 2006**

*** HELD OVER FROM JULY 3, 2006**

**DIRECTORS' MEETING
MINUTES
MONDAY, JULY 10, 2006
AT 12:00 - NOON
COUNTY/CITY BUILDING
CONFERENCE ROOM 113**

Council Members Present: Patte Newman, Chair; Ken Svoboda, Robin Eschliman, Jon Camp, Annette McRoy.

Council Member Absent: Jonathan Cook, Dan Marvin, Vice-Chair.

Others Present: Mayor Coleen Seng, Mark Bowen, Ann Harrell, Rick Hoppe, Darl Naumann, Lin Quenzer, Mayor's Office; City Clerk Joan Ross; Dana Roper, City Attorney; Directors and Department Heads; Tammy Grammer, City Council Staff; Deena Winter, Lincoln Journal Star Representative, and Coby Mach, LIBA.

I. MAYOR -

Mayor Coleen Seng reported the 4th of July event at Oak Lake was great, had a huge turn out, it was a very positive event. We have a great deal to be thankful for with Jerry Shorney and Dave Norris, Parks & Recreation Department, Police Department, Public Works, and the Jaycees who spent a lot of time on it and with the Lincoln's Symphony Orchestra.

Also, she wanted to point out on the 4th of July event there was a lot of entertainment with no expense to taxpayers because the fireworks were paid for privately and the Symphony was funded privately.

She wanted to compliment the Parks & Recreation Department because last week she was in four different parks and our parks really look good in spite of the fact they're trying their very best to keep up with the grass growing.

Mayor Seng mentioned Ann Harrell has a report to give on Antelope Valley tours. *[Ann Harrell handed out material to Council.]* Ann Harrell stated the material she handed out to Council are the combined public comments that we received on the comment cards from the Antelope Valley tours. At the top the first few where you see a number behind it that is how many people choose that to describe the tour, so we were very pleased with how the public reacted to the tours. It gives you some insight of how people are feeling about the project and about their opportunity to visit the project and learn more about it. *[Copy of the material on file in the City Council Office - RE: Combined Comments from All Tours.]*

Nicole Fleck-Tooze (Public Works & Utilities) stated in regards to Items 17 & 18 on their Agenda today which are the agreements relative to the South Beltway. We have been visiting with the County Attorney's Office and we would like to request Council to continue the public hearing on these items until August 7th.

A reminder on Item 19, we have a request to withdraw this item which is the agreement with the State Department of Roads. Ms. Newman asked how did Item 19 end up there? Ms. Tooze replied I think a misunderstanding on our part in terms of what the reimbursement dollars could be used for and a way of timing. Our understanding had been

that we could be reimbursed later after the project was complete even by a couple years later and that's not the case, you've got to be reimbursed immediately after the project completion. So, the timing of that means those dollars are already earmarked for other projects, we don't get any less in Federal funds or State fund or past refunds, but we'll do those for other projects. That was shown in the CIP and the TIP entirely with local funds. Ms. Newman questioned but is it normal that a street light on Pioneers meets Federal funds anyway or it is because you are doing actual widening. Karl Fredrickson (Public Works & Utilities Director) stated the Feds have what they call innovative finances in their rules and regulations and what it says is you used to be that you had to have the work the federal money there day one when you start. What they've said is you can do the work with your own money if you get all the approvals and everything done to start with and then should there become extra money somewhere in the Federal Highway Program you can ask to be reimbursed for work that has been done prior before. Ms. Eschliman questioned does this mean the project will not move forward at all or just that you have to regroup and figure out how to fund it. Ms. Tooze responded we had already identified the funding locally with our local funds, so nothing will change in that regard the project will move forward.

Marvin Krout (Planning Director) stated Items 11 & 12 on their Agenda today which are having to do with 84th & Rokeby, the agreements are still being drafted and the applicant is asking for a two week deferral.

Mayor Seng stated she also wanted to talk a little bit about the fire trucks. I have heard being in the news media that some Council members were unhappy that I did not come and talk to them prior to meeting with the press. We were following your schedule and then I found out that you had a half hour free in there, I wished we would have known that before we would have been there first to tell you and then I would of done it.

Now, we're going to have two different investigations going on as well we will have folks out working with EDM and there will be a group of people dealing with EDM and talk of going over those steps. Also, we will have some mechanics and people from purchasing and attorney Steve Huggenberger who has worked on this all the way through and Don Herz. We will have Police doing an investigation to see if there's anything that has been mishandled, Police Chief Tom Casady will be in charge of that investigation and he will have his own group taking a look at it and Don Taute (Personnel Director) will be looking at the Personnel side of it. So, we will have both Police and Personnel doing their investigations. I have heard that some of you have already been critical of Don Taute doing it, and I want you to know that he is probably the best person in the world to be doing it because he does know what our City regulations are to take a look at what has been going on. Mayor Seng stated she's also taking names for people that can be acting Fire Chief for a short interim time, and if Council has any names that you might like to give her I would be glad to take them that she will be starting to look at those folks. I would encourage you all to lower the political side of this and to do what is good for the City of Lincoln and that means not talking all the time with the news media and making allegations and we need to be very-very serious about this. Ms. Newman asked Mayor Seng how long do you estimate this investigation will take? Mayor Seng replied don't know, we'll see what we turn up.

Mr. Camp commented couple questions, Coleen, first of all you mentioned that the Police Department is going to do an investigation and I was kind of curious. My understanding is former Chief Spadt is out there today cleaning out his office is he being supervised while he's doing that, and has his computer been secured. Mayor Seng stated there was talk of that on Friday. Rick Hoppe stated the Chief's computer was secured as

was the Assistant Chief's and Engineer Mr. Klein those three were secured on Friday right after the announcement. Mr. Camp commented are you sure. Mr. Hoppe commented am I sure about the computers being secured, I took the word of Don Herz, who I believe is here, and has talked to IS (Information Services). Don Herz (Finance Director) replied that's correct. Don Taute (Personnel Director) commented he received the same notification from IS this morning. Mr. Camp commented okay, I understood that he was in his office and the computer was there and he was unsupervised. Mr. Taute stated the access has been disabled. Mr. Camp stated okay is anyone supervising to clean up his office. Mr. Taute responded I don't know. Mr. Camp commented under the circumstances wouldn't it be a prudent thing to do. Mr. Taute stated I don't know whether that would be appropriate for me to be doing that or not, I was not directed by the Mayor's Office to do so. Mr. Camp commented Mayor wouldn't that be an appropriate thing to do given the circumstances. Mayor Seng stated I don't know, we thought that if we were securing the computers that we were taken care of what needed to be. Mayor Seng mentioned again, she would really welcome any names that Council might have. Mr. Camp commented can we give you Mike Merwick if you haven't already gotten it. Mayor Seng commented I have already asked that once to have it done personally and not publicly, thank-you that's all.

III. CITY CLERK

City Clerk Joan Ross stated on their Agenda today under ‘Public Hearing-Liquor Resolutions’ items will be called together in pairs, Items 1 & 2; Items 3 & 4; Items 5 & 6; Items 7 & 8; Items 9 & 10. *[See Formal Council Agenda of July 10th for descriptions of these items.]*

Items 11 & 12 you are already know about and then the two week deferral I would probably ask if you were going to continue the public hearing and make it 3rd Reading or 2nd Reading again. Noting, to Council, which you have done on some occasions, so you can let me know at the Formal Council Meeting. *[#11, 06-86, Authorizing execution and delivery of the Development Agreement between the City and various owners for the development of approximately 726 acres of property generally located at S. 84th Street and Rokeby Road and for the issuance of bonds for the installation of infrastructure to serve the area.; and #12, 06R-110, Comp. Plan Amendment 06002-Amending the 2025 Lincoln-Lancaster County Comprehensive Plan to (a) amend the 2025 Future Service Limit to add land west of 98th Street from Yankee Hill Road to one-half mile south of Rokeby Road; (b) amend the Urban Growth tier and associated maps in the same area from Tier I, Priority B, to Tier I, Priority A, and land from Tier II to a mix of Tier I, Priority A and B; and (c) to change the land use in the area being added to the Future Service Limit from Agricultural to Urban Residential.]*

Same thing for Items 17 & 18, I would ask if you are continuing the public hearing, would it be 2nd Reading again or would it go to 3rd Reading-public hearing. Mr. Svoboda commented I think we should just assume it’s going to be 2nd Reading. City Clerk Joan Ross stated okay. *[#17, 06R-121, Approving an Agreement between the City and the County of Lancaster to contribute equally the local matching portion of the Federal Funds obligated for the East Beltway Preliminary Design, Corridor Protection, and ROW (State Proj. #DPU-55 (156), Control #12848, City #542702.; and #18, 06R-122, Approving an Agreement between the City and the Nebraska Department of Roads for Federal funds to be obligated and used for the East Beltway Preliminary Design, Corridor Protection, and ROW (State Proj. #DPU-55 (156), Control #12848, City #542702).]*

Items 14, 15, & 16 do relate to pay schedules but are different pay schedules, could these items be called together. She would have the Personnel Director come up just the one time. Ms. Newman stated that would be okay, Council agreed. *[#14, 06-104, Amending the pay schedules of employees whose classifications are assigned to the pay range which is prefixed by the letter N by creating the job classification of “Property and Evidence Technician”.; #15, 06-105, Amending the pay schedules of employees whose classifications are assigned to the pay range which is prefixed by the letter A by creating the job classification of “Buyer”.; and #16, 06-106, Amending the pay schedules of employees whose classifications are assigned to the pay range which is prefixed by the letter M by creating the job classification of “Internal Auditor”.]*

IV. COUNCIL REQUESTS/CORRESPONDENCE

JON CAMP -

Mr. Camp stated he does want Administration to know at the “Noon” Meeting today, I’d like to bring up to my colleagues some thoughts on the Fire Department situation of having the City Council look under City Charter for doing an investigation of this. I think given all the difficulties that we have had for many years of different situations that might be (inaudible) fully look at how that department has been managed and this investigation. Ms. Newman stated she would take that has a request for some of staff to stay on for the “Noon” Meeting.

PATTE NEWMAN -

Ms. Newman asked Karl Fredrickson (Public Works & Utilities Director) if he had a chance to look at the Public Works Department (inaudible)? Mr. Fredrickson replied he found a copy, he has not read through it, but he saw there's several internal changes, and draft (inaudible). Ms. Newman commented she does not see 'draft' any where across the top and she would just say that it would be very nice if Public Works would sit down with some of the other players. Noting, it didn't sound like Larry Worth knew what we knew to this and I'm not sure some of the other people who work on the Comprehensive Plan had seen some of the things that have gone into it and some are just not acceptable, thanks. Mr. Fredrickson commented we're in agreement.
