Re: Application to Occupy Public Property

The University is planning to construct a plaza on the west side of Andersen Hall located at 200 Centennial Mall. Eileen Bergt, Director of UNL Landscape Services and Campus Landscape Architect, has been working with the City of Lincoln's Capitol Environs Committee and Lynn Johnson (Park and Rec) to expand UNL's planned plaza to include a portion of the Centennial Mall area directly west of Andersen Hall.

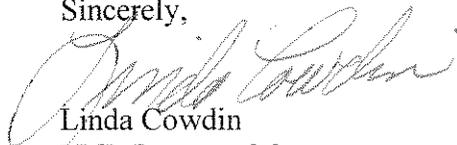

The expansion of the plaza into the Centennial Mall area has been requested by the Capitol Environs Committee and will comply with the new Centennial Mall Master Plan. The plaza will consist of concrete surface and landscape plantings.

With that, the University of Nebraska-Lincoln respectfully requests to occupy a portion of Centennial Mall [directly west of Andersen Hall] for the construction of "Andersen Hall West Plaza" as outlined on the attached drawing. An aerial map is enclosed for visual reference of the proposed plaza.

If there is an application fee, please let me know. As well, if you need anything else in relation to the application process, please send me an email (lcowdin@unl.edu) as I will be away from the office, but will be checking email.

Should you need further information regarding the plaza project, please contact Eileen Bergt at 472-9134. Thank you.

Sincerely,

Linda Cowdin
UNL Property Manager
