Re: Peoples City Mission
Permit to Occupy Public Property

Dear Mr. Bartels,

On behalf of the People's City Mission (PCM), please accept this letter as a formal request for a permit to occupy a portion of the public right-of-way (ROW) of North 1st Street. More particularly, from the north ROW of 'Q' Street to approximately 19' north of the north ROW of vacated 'R' Street.

Last week a *petition to vacate public way* was made with Lincoln/Lancaster Planning Department for the vacation of this same ROW on behalf of the PCM and the owners of the property along the west side of 1st Street, Robert & Shirley Whitney. Both applications are being made to permit the construction of a parking lot that will serve the addition to the PCM that is currently under construction. The proposed parking lot will provide additional parking, including handicap accessible spaces, to the main entrance to the addition.

It is known that the process for approval of the vacation will take until after the end of this year. The PCM has an opportunity to include this proposed parking with the construction budget of the addition. Due to funding requirements, the proposed construction must be completed before the end of the year.

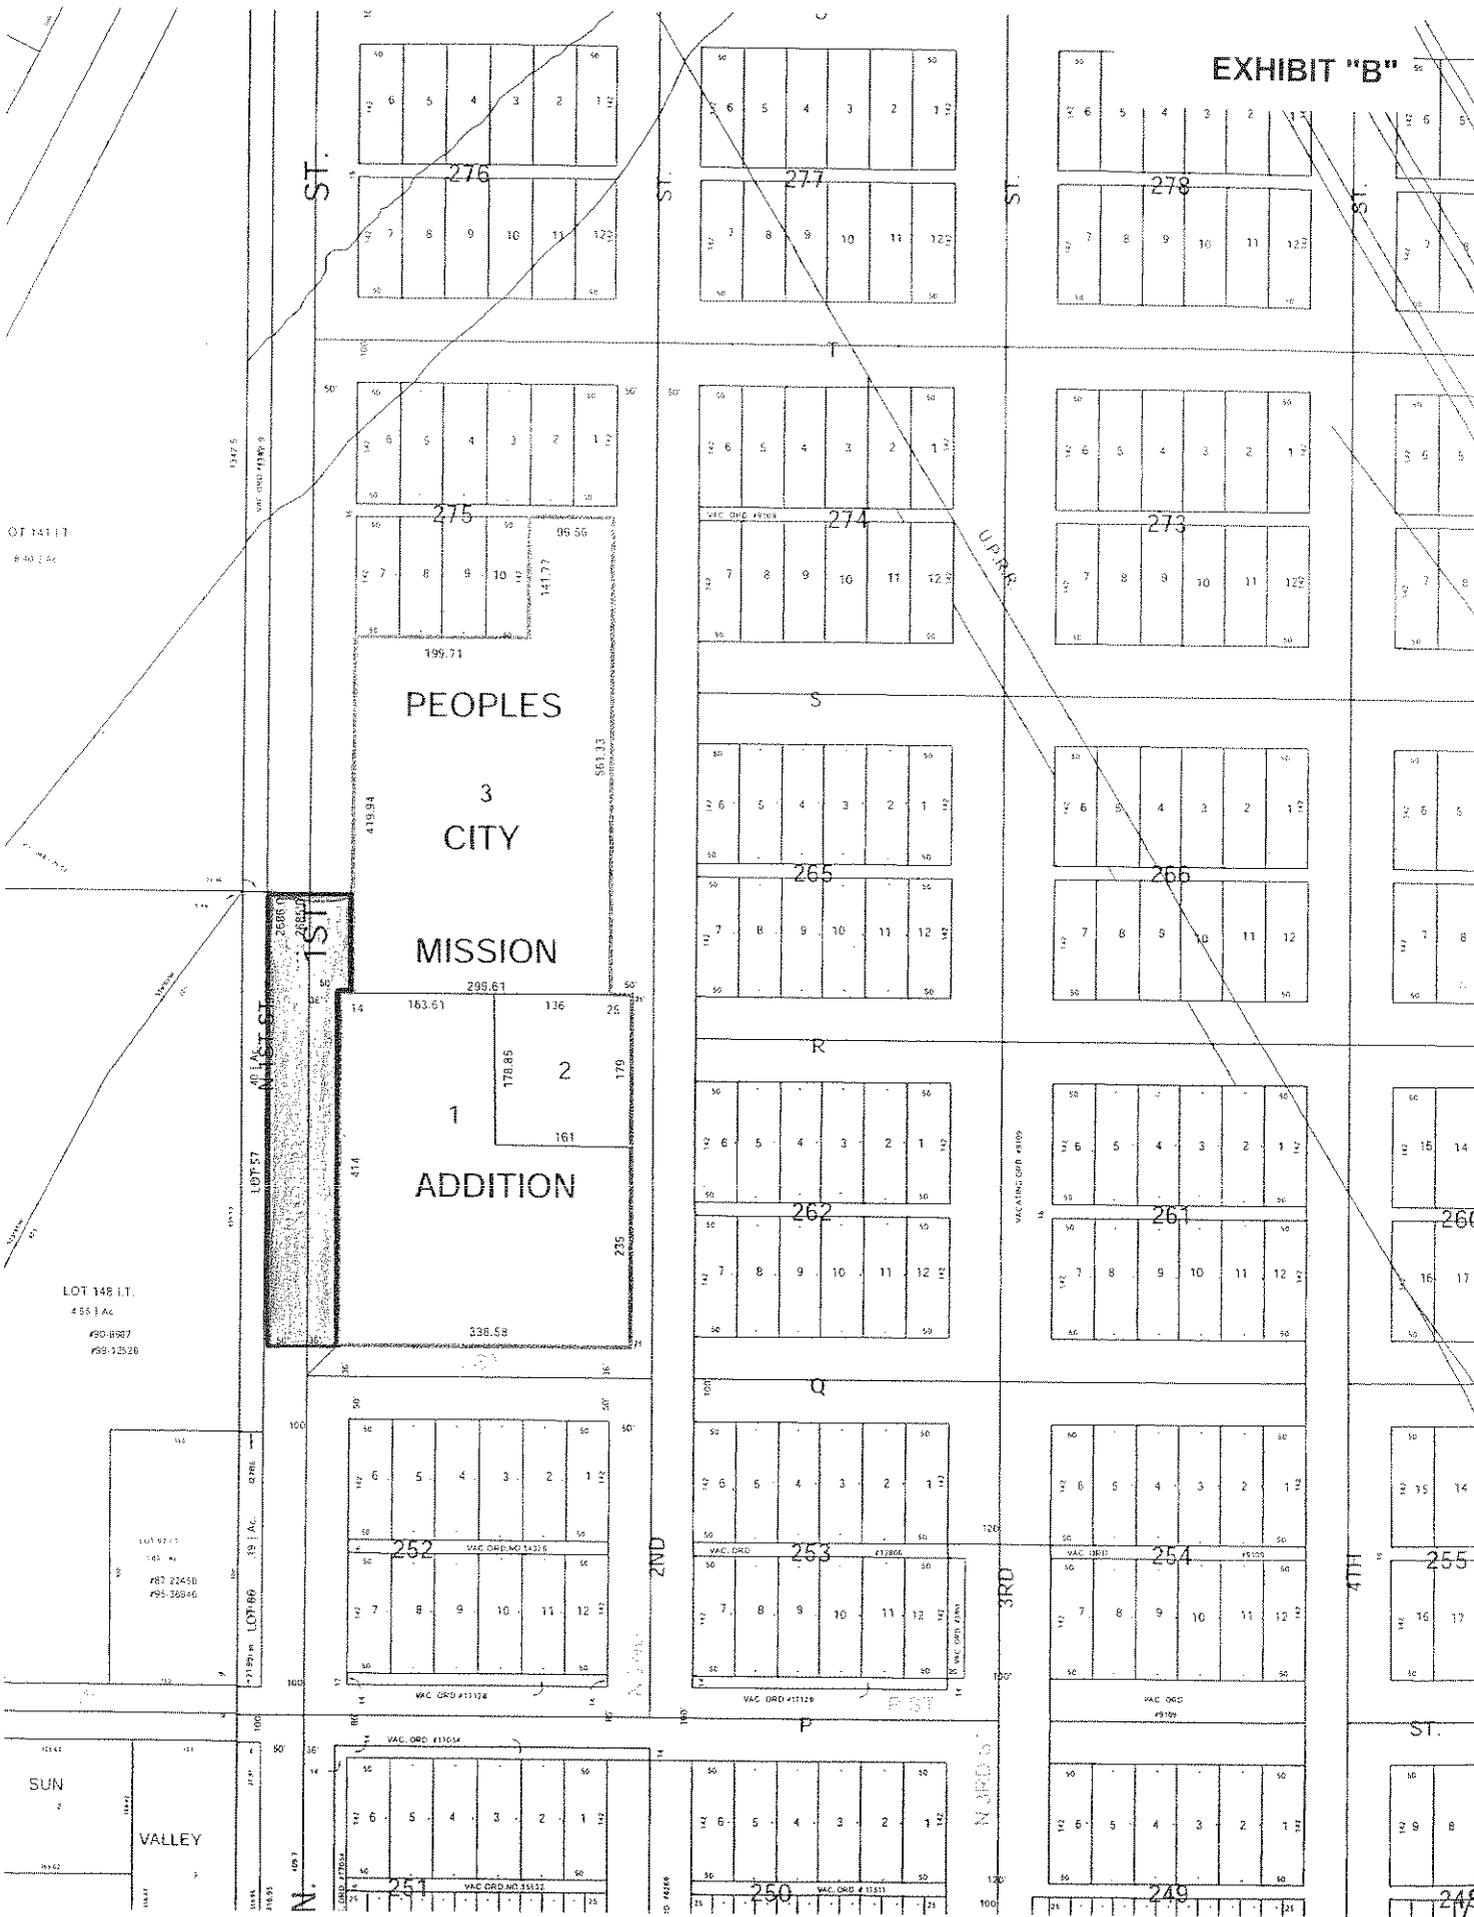

Attached is a plan for the proposed construction that includes the parking lot with an access to the current driveway of the Whitney property as well as the re-grading of the drainage ditch along the west side of 1st Street. Also attached is a copy of the *petition to vacate public way* that was filed last week.

Please advise if we can provide any additional information that will assist in the approval of a permit to occupy public property.

Sincerely,

Jeremy Williams, PE
