

Addendum to Interlocal Agreement

This Addendum is entered into by and between Southeast Community College, hereinafter "College," and the City of Lincoln, Nebraska, a municipal corporation, on behalf of its Fire and Rescue Department, hereinafter "City." This is an Addendum to an Interlocal Agreement approved by the Lincoln City Council through the adoption of Resolution Number A-82840 and entered into by and between the parties hereto on or about June 30, 2004. The parties agree that Paragraph 5 (B) of said Interlocal Agreement should be deleted and the following language substituted therefore:

- B. The College shall be responsible for any costs as enumerated in Paragraph A, above, except, however, City shall pay to College the annual sum of \$2000.00, to be used to offset any repairs, maintenance, or replacement costs associated with the burn protection panels, or Tower retainers and the maintenance as needed and determined by joint consensus between the College and the City of Lincoln Fire and Rescue Department. The College shall bill the City of Lincoln for the \$2000 payment on September 1 of each year that this agreement is in effect with payment being due to the College by October 1 of each such year. The Bill shall be sent to the Deputy Chief of Training, Lincoln Fire and Rescue Department, 1801 Q Street, Lincoln, NE 68508. If in any given contract year the City is denied access to the Tower for purposes of training or conducting live burns, and such denial constitutes a breach of this agreement, and thirty days or more notice is given by City, City shall not be required to pay that year's payment of \$2000.00.

Except as specifically modified by this Addendum, the Interlocal Agreement referred to herein shall remain in full force and effect.

Dated this _____ day of September, 2008.
