

**AGENDA  
DIRECTORS' MEETING  
MONDAY, OCTOBER 13, 2008  
COUNTY-CITY BUILDING, ROOM 113  
11:00 A.M.**

**I. MAYOR**

1. Special Olympics Release. Harrison Ford to chair Cessna 2010 Special Olympics airlift.
2. NEWS ADVISORY. Mayor Beutler will proclaim October 7, 2008 as "Joseph Hall Day"(Elvis impersonator) at 4:00 pm today at 555 South 10<sup>th</sup> Street in the Mayor's Office. Hall will help City promote their annual charitable giving campaign.
3. NEWS RELEASE. Mayor Beutler to participate in international "Walk to School Day".
4. Drinking water samples tested for Total Coliform and E coli bacteria by the Colilert® method of analysis.
5. NEWS ADVISORY. Mayor Beutler will officially open the new Harris overpass with a ceremony at 10:00 a.m., Friday, October 10<sup>th</sup> at 9<sup>th</sup> and O Streets.
6. Washington Report. October 3, 2008.

**II. DIRECTORS**

**HEALTH DEPARTMENT**

1. Clean out hazardous waste before upcoming holidays.

**HEALTH DEPARTMENT/ANIMAL CONTROL**

1. Response to Kelli Hogeland on dangerous dogs. (Also listed under miscellaneous 4)

**LINCOLN CITY LIBRARIES**

1. NEWS RELEASE. "Read to a Dog this Fall" story time returns to Lincoln City Libraries.

**PLANNING DEPARTMENT**

1. Email from Connie Sykes relating to Special Permit #08038, Bill #08R-249, schedule for public hearing on October 13, 2008.

**PLANNING COMMISSION FINAL ACTION**

1. Special Permit No. 08042. Expansion of nonconforming dwelling, 302 North 30<sup>th</sup> Street. Resolution No. PC-01144.

**PUBLIC WORKS AND UTILITIES/ENGINEERING**

1. ADVISORY. Paving Project #701906. West Adams Street and Northwest 56<sup>th</sup> Street.

**WEED CONTROL**

1. City of Lincoln combined weed program, September, 2008 monthly report.

### **III. CITY CLERK**

1. Letter from Mark Ottemann, State of Nebraska, Department of Roads, Noise and Air/Utilities Engineer regarding Stone Bridge View Community Unit Plan. North 14<sup>th</sup> Street and Humphrey Drive.

### **IV. COUNCIL REQUESTS/CORRESPONDENCE**

### **V. MISCELLANEOUS**

1. Email from Mike Muehling. Need to have lower speed limit on Highway 2 as there are too many terrible accidents.
2. Email from Katherine Sedlacek. Suggestion to help with discarded couches resulting from the no couch on the porch ordinance.
3. Letter and documentation from Victor E. Covalt III on pension benefits and the IRS standard for acceptable living expenses in bankruptcy for a single person over age 65.
4. Email from Kelli Hogeland regarding dangerous dogs in city. (Also refer to answer from Animal Control under Health/Animal Control)
5. Email from Shandra and Jim Bescheinen. Request Area 12 be deleted from proposed annexations for 1009.

### **VI. ADJOURNMENT**

FOR IMMEDIATE RELEASE:  
October 6, 2008

## Harrison Ford to chair Cessna 2010 Special Olympics Airlift

At a press conference here yesterday, actor/pilot Harrison Ford accepted the appointment of honorary chairman of Cessna's 2010 Special Olympics Airlift.

"It is an opportunity for the athletes, an opportunity for Cessna to demonstrate their community-minded approach, and an opportunity for all of us in aviation to do something positive and high-profile to promote aviation at a time when aviation faces some difficulties," Ford said.

Cessna is seeking volunteers to transport some 2,000 athletes to the next Special Olympics, which will be held July 17 to 24, 2010, in Lincoln, Neb. The company would like to secure at least 325 Citations to support the effort.

Cessna began transporting Special Olympics athletes and coaches in 1985 with two company aircraft. Since then, the airlift has grown to a volunteer effort that includes hundreds of Citation owners who make their aircraft and crews available to provide Special Olympians and their coaches and sponsors with transportation to the International and National Special Olympics Games. In 2006, 235 Citations transported 1,500 athletes and coaches to the Games in Des Moines, Iowa.

"The Citation Special Olympics Airlift is a unique event that brings together the general aviation community to carry out the largest peacetime airlift in the world," Ford said.

The Special Olympics were created in 1968 by Eunice Kennedy Shriver for people with intellectual disabilities.

Owners wishing to donate use of their aircraft for the event are encouraged to register online at [www.airlift.cessna.com](http://www.airlift.cessna.com).

### BOARD OF DIRECTORS

**Tony Moody**  
Chairman  
Embassy Suites, Omaha-La Vista  
Hotel & Conference Center

**Britt Ehlers**  
Rembolt Ludtke LLP

**Mary Jo Thielen**  
TFF Construction

**Roger Larson**  
Community Volunteer

**Aaron Fettig**  
Special Olympics Athlete

**Charles Cooper**  
2010 Games  
President/CEO

### GAMES AMBASSADOR

**Tom Osborne**  
University of Nebraska

# NEWS ADVISORY

---

MAYOR CHRIS BEUTLER

[lincoln.ne.gov](http://lincoln.ne.gov)

## OFFICE OF THE MAYOR

555 South 10th Street, Lincoln, NE 68508, 441-7511, fax 441-7120

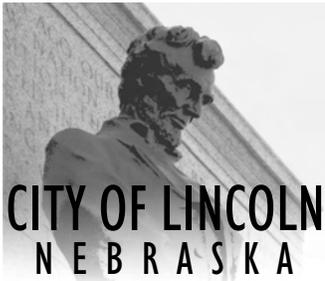

**DATE:** October 7, 2008

**FOR MORE INFORMATION:** Diane Gonzolas, Citizen Information Center, 441-7831

## ELVIS IS IN THE BUILDING!

Mayor Chris Beutler will proclaim today as “Joseph Hall Day” at **4 p.m TODAY** in the **Mayor’s Office, 555 South 10th Street**. Hall, who has been portraying Elvis for just two years, recently finished third in an international competition and in the top ten in “America’s Got Talent” on NBC. Hall is helping the City of Lincoln promote its annual charitable giving campaign and will participate in a photo shoot after the proclamation signing.

The media is invited to cover the event, but please do not announce this to the general public until after his visit today. Elvis has lots of fans who tend to get “all shook up,” and we don’t have the staff for crowd control!

# NEWS RELEASE

MAYOR CHRIS BEUTLER

## OFFICE OF THE MAYOR

555 South 10th Street, Lincoln, NE 68508, 441-7511, fax 441-7120

**FOR IMMEDIATE RELEASE:** October 7, 2008

**FOR MORE INFORMATION:** Diane Gonzolas, Citizen Information Center, 441-7831  
Brian Baker, Lincoln-Lancaster Co. Health Dept., 441-8046

### MAYOR TO PARTICIPATE IN INTERNATIONAL “WALK TO SCHOOL DAY”

Mayor Chris Beutler will join Police Chief Tom Casady, Lincoln Public Schools (LPS) Superintendent Susan Gourley, City Council members and other public officials Wednesday, October 8 to celebrate “International Walk To School Day.” The event is scheduled for 2:15 p.m. at an all-school assembly at Everett Elementary, 1123 “C” St. The event promotes physical activity, safety, health and concern for the environment.

“About 20 children are injured in pedestrian accidents each year in Lincoln,” said Mayor Beutler. “We need everyone’s help to accomplish our goal of getting all children to and from school safely. We are asking children and adults to be responsible and respectful of others and to make safety a top priority.”

Walk to School Day is sponsored locally by the Safe Kids Lincoln-Lancaster County Coalition. More information on Safe Kids is available on the City Web site, [lincoln.ne.gov](http://lincoln.ne.gov) (safekids). Federal Express is a national sponsor for Walk to School Day.

As part of the event, Mayor Beutler will unveil the local PHOTOVOICE display, which gave students worldwide the opportunity to take photos and write about the safe and unsafe behaviors they see or encounter as they walk to school. Selected photos from Lincoln students will be on display at Everett through October 24. The Mayor also will issue a proclamation for Walk to School Day, and some guests will serve as honorary crossing guards following the assembly.

Recommended walking routes are available from school principals; the City Web site, [lincoln.ne.gov](http://lincoln.ne.gov) (keyword: schools); and the LPS Web site at [lps.org](http://lps.org). Parents are encouraged to contact the principal if a plan has not been developed for their school. The City also works with LPS every year on the “Safe Walk and Safe Ride to School Night” in August, and the Police Department conducts a back-to-school enforcement project at the beginning of every school year.

October 3, 2008

The Honorable Mayor and City Council

All of the drinking water samples were tested for Total Coliform and E. coli bacteria by the Colilert® method of analysis.

<b>Regulatory Tests during the month of September 2008:</b>			
Test Type	# of tests	# of positive Total Coliform samples	# of positive E.coli samples
Routine	215	0	0
Initial Repeat	0	0	0

<b>Nonregulatory Tests during the month of September 2008 :</b>			
Test Type	# of tests	# of positive Total Coliform samples	# of positive E.coli samples
Quanitray	40	2	0
Special Quanitray	0	0	0
13 Parameter	2	1	0

Respectfully,

Sandra Irons  
Nebraska Public Health Environmental Laboratory  
Lab Manager

# NEWS ADVISORY

---

MAYOR CHRIS BEUTLER

[lincoln.ne.gov](http://lincoln.ne.gov)

## OFFICE OF THE MAYOR

555 South 10th Street, Lincoln, NE 68508, 441-7511, fax 441-7120

**DATE:** October 9, 2008

**FOR MORE INFORMATION:** Diane Gonzolas, Citizen Information Center, 441-7831

Mayor Chris Beutler will officially open the new Harris Overpass with a ceremony at **10 a.m. Friday, October 10** at **9th and "O" streets**. Following the ceremony, Mayor Beutler will ride in the first car to cross the new bridge.

If the weather is bad, the event will be held at the Lincoln Action Program, 210 West "O" Street.

Information on the Harris Overpass is available at [lincoln.ne.gov](http://lincoln.ne.gov) (keyword: harris).

**CONGRESS ENDS SESSION WITH BAILOUT VOTE**

**CONGRESS**

Congress clears and the President signs CR; stimulus falters; Reid outlines plans for lame duck session. Washington leaders spent much of the past week scrambling to finalize the \$700 billion plan to address the financial crisis that was approved by the House today and sent to the President. However, Congress did continue to work on other fronts, finalizing some issues while punting others to a lame duck session or to the 111<sup>th</sup> Congress that will convene next year.

Working into last weekend, the Senate cleared legislation (HR 2638) that includes the entire FY 2009 funding for the Defense and Homeland Security Departments and also includes a Continuing Resolution that will keep the rest of the federal government (with some exceptions) operating at FY 2008 funding levels through March 6 (see September 26 Washington Report for details). President Bush quickly signed the measure into law, thereby leaving it to the 111<sup>th</sup> Congress and his successor to finalize FY 2009 funding early next year.

Efforts to enact an economic stimulus bill, however, were not as successful. Although the House passed its version of a stimulus bill (HR 7110) last week, the Senate defeated its stimulus bill (S 3064) on a failed procedural motion last weekend. Even if the Senate leadership had obtained the 60 votes needed to advance the bill, President Bush made it clear that he would veto either version of the stimulus bill should it reach his desk.

With the Wall Street bailout legislation approved, Members may now return to the campaign trail for the next month. However, neither the House nor the Senate will adjourn *sine die*. Instead, they will remain in pro forma session so that committees can hold hearings on the financial crisis and also to

prevent President Bush from making any recess appointments.

Senate Majority Leader Harry Reid (D-NV) said late this week that he will convene a lame duck session of the Senate the week of November 17, in conjunction with the previously planned organizational meetings for the next Congress. In that session, the Senate will consider an omnibus package of 150 land, park, forest and recreation bills that the Senate Energy and Natural Resources Committee has approved but that Senator Tom Coburn (R-OK) has prevented from coming to the floor. Reid says he is confident that the bill, dubbed the "Tomnibus" by Capitol Hill observers in honor of its foe, can garner the 60 votes it needs to overcome the procedural obstacle erected by Coburn. The House leadership has yet to reveal their plans for a lame duck session after the election.

The Senate may also use the lame duck session to consider an extension of federal unemployment benefits. The House today approved a seven-week extension.

**FINANCE**

New bailout bill includes popular tax package. The Wall Street bailout legislation approved by the House and Senate this week includes a package of popular tax provisions that have been approved on various levels this year but have yet to become law.

The plan includes an \$18.2 billion series of energy-related tax incentives such as: an extension and expansion of the renewable energy production tax credit; \$800 million in new clean renewable energy bonds (CREBs); new tax credits for plug-in hybrid automobiles; a new tax credit for cellulosic biofuels facilities, and an extension of a number of energy efficiency tax breaks for homeowners and commercial buildings.

[www.capitaledge.com](http://www.capitaledge.com)

The energy package would be fully offset by rolling back some tax breaks for the oil and gas industry, particularly regarding overseas income. However, to the dismay of environmental organizations, the bill also includes financial incentives for some nonrenewable industries such as oil shale, tar sands, and liquid coal refining. Those benefits were included to gain the approval of senators from coal producing states.

The plan also includes a one year “patch” for the alternative minimum tax (AMT), in order to prevent it from affecting millions of middle-income taxpayers that Congress maintains were not the intended target of the tax. This provision would not be offset

Finally, the tax portion of the bailout bill includes \$67.6 billion (with \$25 billion being offset) in extensions of popular expired tax breaks such as: the research and development tax credit; the Brownfields remediation tax credit; deductions for teachers’ out-of-pocket expenses; the sales tax deduction for states without income taxes; the college tuition reduction, and the New Markets Tax Credit. This third package will also include tax breaks for those individuals who suffered natural disasters this year in the Midwest and Gulf Coast.

These tax provisions have widespread support but had been held up by objections from budget-conscious House Democrats, whose support hinged on the tax breaks being fully offset. Now that they have been rolled into the bailout package, a number of the House “Blue Dogs,” as they are known, chose to support the bailout over their “pay-as-you-go” objections to the tax breaks.

## TRANSPORTATION

Congress clears first Amtrak reauthorization since 1997. The Senate this week passed the Rail Safety Enhancement Act of 2008 (HR 2095) by a vote of 74–24, clearing Amtrak reauthorization legislation that was thought to be dead as recently as a month ago. Though, the White House has expressed reservations about some provisions included in the measure, the President is expected to sign it into law.

HR 2095 would authorize Amtrak for five years, and provide \$13.1 billion over that

period for passenger rail, including \$2.95 billion for operations and \$5.315 billion for capital expenses. The bill also authorizes \$1.5 billion for high-speed route upgrades, \$1.4 billion to help reduce Amtrak’s debt, and \$325 million for congestion reduction activities. It should be noted that all funding levels in this bill are authorizations only and subject to annual appropriations by Congress.

The bill includes a controversial provision that would require the Secretary of Transportation to issue requests for proposals for the construction and operation of high speed rail for 11 Amtrak routes, beginning with the Boston to Washington, DC corridor. Separate commissions then would be formed to analyze the private bids on each of the routes, and each proposal would require approval by Congress before it could be implemented.

Opponents of privatization have expressed concerns about this aspect of the bill but did not voice serious opposition to it, which allowed it to sail through the Senate easily. The House of Representatives approved HR 2095 on September 24 by a wide margin.

Also included in the rail package are several provisions addressing rail safety, solid waste transportation, and \$1.5 billion over the next ten years for the Washington, DC Metropolitan Area Transit Authority.

The provisions to address rail safety issues would require railroads to implement fatigue management plans, including new hours-of service requirements. Carriers that transport hazardous materials would be subject to new, additional requirements; and the bill also includes whistleblower protections for workers who submit complaints about safety or health concerns.

Finally, oversight of solid waste facilities would be removed from the jurisdiction of the Surface Transportation Board, which often preempts State regulations.

## GRANT OPPORTUNITIES

### Department of Housing and Urban Development

As reported last week, HUD has recently announced allocations for the \$3.9 billion Neighborhood Stabilization Program that is designed to assist states and local government in purchasing and renovating abandoned and foreclosed homes in their communities. Since the announcement last Friday, HUD has added a number of useful items to its website regarding the program, including the raw data used to determine allocations for each community, as well as guidelines on how the funds are to be used.

<http://www.hud.gov/offices/cpd/communitydevelopment/programs/neighborhoodspg/>

### Department of Transportation

DOT released a joint notice today seeking comments on implementing regulations for the E-911 Grant Program. The deadline to submit comments is December 2, 2008, and may be submitted online at

<http://www.regulations.gov>. Comments must be identified by DOT Docket ID Number: NHTSA-2008-0142. To view the full notice, please see:

<http://edocket.access.gpo.gov/2008/pdf/E8-23266.pdf>.

**FOR RELEASE:** October 6, 2008  
**FOR MORE INFORMATION:** Dan N. King, 441-8084 or Laurel Erickson, 441-8047

## **Clean out Hazardous Waste before Upcoming Holidays**

Lincoln or Lancaster County residents can dispose of their hazardous waste at two Household Hazardous Waste (HHW) Collections held in October:

- 1) Friday, October 17, 2008, from 3 to 7 p.m. at the County Shop in Waverly (11251 N. 141 St.) and
- 2) Saturday, October 18, 2008, from 9 a.m. to 1 p.m. at Lincoln Industries, 600 West E St. in Lincoln.

Only one additional HHW Collection remains in 2008: November 15, 2008, at State Fair Park. The HHW Collections are for households only, not businesses. Residents are encouraged to clean out their cupboards, garages and basements to make them safer before the upcoming holidays, when more young children may be gathered.

Accepted items include pesticides and poisons, weed killer, lawn and garden chemicals, transmission and brake fluid, Compact Fluorescent Light bulbs (CFLs), drain and oven cleaners, furniture stripper, and a variety of other items. For a complete list of accepted items contact the Lincoln-Lancaster County Health Department at 441-8021, [www.lincoln.ne.gov](http://www.lincoln.ne.gov) (keyword: "household").

Items *not accepted* at the HHW collections include motor oil, antifreeze, gas grill cylinders, pharmaceutical waste, electronics, computers, ammunition, and batteries. Recycling information for these items can be also be found on the website.

**Latex paint will NOT be accepted at any of the remaining 2008 HHW Collections.** For a flyer on how to dry out latex paint, contact LLCHD or check the website.

Subject Re: dangerous dogs - Emailing: Z4080922 

Ms. Hogeland,

The Animal Control Advisory Committee reviewed a draft of the Omaha adopted ordinance. Several amendments were added by the Omaha City Council during the ordinance revision adoption process. ( We are waiting for the final copy.) The Committee discussed the Omaha draft ordinance and Animal Control staff are to make recommendations of those sections that are appropriate and include those with the Lincoln draft ordinances at Law Department. There are sections in existing Lincoln draft that would penalize owners of potentially dangerous dogs and dangerous dogs. Sections in the Omaha ordinance are similar to our ordinance and there is a section that we are to recommend to the City Attorney. We will ask the City Attorney about restricting dogs near specific areas. However, I'm not aware of any municipal government in the nation having such a restriction. Enforcement may be an issue. Thanks for your input.

Jim

Subject Re: dangerous dogs - Emailing: Z4080922

Good morning,

Thank you for your response. Per your e-mail, the Animal Control Advisory Committee met yesterday and I am inquiring if further action has been taken to adjust the Lincoln dangerous dog directives.

Several friends / neighbors and I have discussed this response and is there anything we can do to move forward with the "directly penalize the dog owner for allowing his dog to endanger the health and safety of the community" ordinance? Also, is there anything that can be done to restrict pit bulls from being near day cares, park play areas, etc?

Thank you,

Kelli

On Wed, Sep 24, 2008 at 7:51 AM, <[JWeverka@lincoln.ne.gov](mailto:JWeverka@lincoln.ne.gov)> wrote:

Dear Ms.Hogeland,

Lincoln does have a dangerous dog municipal chapter, which applies to all breeds of dogs, that is in the process of being reviewed and revised to meet the updated requirements of state statutes by the City Law Department. Our dangerous dog ordinance has worked well in Lincoln and the Animal Control Advisory has made some suggestion for improvements. Jim Weverka, Animal Control Manager, and his staff have also been researching other community ordinances, their successes, and costs.

There is a misconception that a "ban" eliminates all Pitbull type dogs from a community as they are grandfathered and must be kept under some requirements such as spaying/neutering, microchip, photos, confinement, tethering prohibited, etc. Consequently, there is an additional cost for enforcement and registration. Some communities have rescinded such bans as their bite rates have not decreased.

Other communities have had more success and lower costs with ordinances that directly penalize the dog owner for allowing his dog to endanger the health and safety of the community. These communities have increased fines for violations of license, rabies, at large, dangerous dog regulations, and by prohibiting ownership if a certain number of violations occur over a period of time. This is the approach the Omaha City Council is currently proposing.

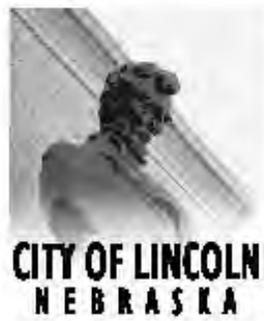

We will have the Animal Control Advisory Committee continue their on going study of the issue to determine if we do have a problem and find the best and most effective solution for our community. The next meeting is October 7, 2008. Our community needs to evaluate our best options based on our circumstances and not make reactive judgements to media stories. I do appreciate your input for improvements in our community. If you have any questions, please let me know.

Sincerely,

Jim Weverka

## **READ TO A DOG THIS FALL** @ the Library

A popular kind of story time returns again to Lincoln City Libraries—the kind where kids do the reading aloud, and the audience has four legs.

Local therapy dog organization Healing Heart Therapy Dogs will provide this wonderful opportunity for children ages 6 to 12 who have experienced reading difficulties, or who just need to practice their reading. Therapy teams are partnered with children who polish their skills by reading aloud to a dog. Children read to dogs in 20-minute shifts, once a week for six weeks.

Children who would like to register for this program may call the branch library to schedule a shift. Pre-registration is required. Locations and schedules are as follows:

Gere Branch Library  
2400 South 56<sup>th</sup> Street  
441-8560  
Sundays – 2:00 p.m. to 4:00 p.m.  
October 19 through November 23

South Branch Library  
2675 South Street  
441-8570  
Thursdays – 5:30 p.m. to 7:30 p.m.  
October 16 through November 20

Walt Branch Library  
6701 S. 14th Street  
441-4460  
Sundays – 5:00 p.m. to 7:00 p.m.  
October 19 through November 23

Subject Re: Appeal of Special Permit No. 08038 - Council Hearing Notice

History: This message has been replied to.

Dear Ms. Preister,

I appreciate you keeping me updated on the hearings on Special Permit No. 08038. I still strongly believe that if Mr. Madsen is going to add a patio type addition to his business it should be a deck with high fencing and no outdoor entrance( I do realize that smokers need an area to consume their alcohol) High fencing will keep the noise factor and the temptation to wander off the patio with alcohol in hand or pass it through the fence, Isn't Madsen's liquor license an on premise liquor license only? I see in the photograph that there is a gate and stairs leading down to the ground area. I find it interesting that East Campus UNL and East Campus Community Org. does not have an interest in confining the consumption of alcohol in an outside area accessible by the public in a State where the legal drinking age is 21. Quite a few of UNL's students under the age of 21 reside in this area. I guess they don't care about the young adults anymore than the children and elderly in the neighborhood.

Thank you once again and I do hope The Lincoln City - Lancaster County Planning Commission will once again rule against Mr. Madsen's proposal. I am now over in Houston cleaning and repairing our office space from damage from Hurricane Ike. I just can't seem to get away from the hurricanes. We live in Florida but my Husband's law firm is still located in Houston.

Sincerely,

Connie L Sykes

CONFIDENTIALITY NOTICE: This e-mail message, including any attachments, is

**PLANNING COMMISSION FINAL ACTION  
NOTIFICATION**

**TO :** Mayor Chris Beutler  
Lincoln City Council

**FROM :** Jean Preister, Planning 

**DATE :** October 9, 2008

**RE :** **Special Permit No. 08042** - Expansion of nonconforming dwelling  
(302 North 30<sup>th</sup> Street)  
**Resolution No. PC-01144**

The Lincoln City-Lancaster County Planning Commission took the following action at their regular meeting on Wednesday, October 8, 2008:

Motion made by Sunderman, seconded by Larson, to approve **Special Permit No. 08042**, with conditions, requested by Mark Terrell, for authority to expand a nonconforming single-family dwelling into the required front yard setback in order to construct an outdoor patio area under the existing front porch of the dwelling, on property generally located at North 30<sup>th</sup> Street and Q Street (302 N. 30<sup>th</sup> Street).

Motion for conditional approval carried 9-0: Cornelius, Esseks, Francis, Sunderman, Larson, Partington, Gaylor Baird, Taylor and Carroll voting 'yes'.

The Planning Commission's action is final, unless appealed to the City Council by filing a Letter of Appeal with the City Clerk within 14 days of the date of the action by the Planning Commission.

The Letter of Acceptance will be mailed to the permittee by the City Clerk at the end of the 14-day appeal period.

RESOLUTION NO. PC- 01144

SPECIAL PERMIT NO. 08042

1           WHEREAS, Mark Terrell has submitted an application designated as  
2 Special Permit No. 08042 for authority to expand a nonconforming single-family dwelling  
3 into the required front yard setback in order to construct an outdoor patio area under the  
4 existing front porch of the dwelling on property generally located at North 30th Street and Q  
5 Street, and legally described as:

6           The south half of Lot 12, Block 1, Tuttle's Subdivision, Lincoln,  
7 Lancaster County, Nebraska;

8           WHEREAS, the Lincoln City-Lancaster County Planning Commission has  
9 held a public hearing on said application; and

10           WHEREAS, the community as a whole, the surrounding neighborhood, and  
11 the real property adjacent to the area included within the site plan for this expansion of a  
12 nonconforming single-family dwelling will not be adversely affected by granting such a  
13 permit; and

14           WHEREAS, said site plan together with the terms and conditions hereinafter  
15 set forth are consistent with the comprehensive plan of the City of Lincoln and with the  
16 intent and purpose of Title 27 of the Lincoln Municipal Code to promote the public health,  
17 safety, and general welfare.

1                   NOW, THEREFORE, BE IT RESOLVED by the Lincoln City-Lancaster  
2 County Planning Commission of Lincoln, Nebraska:

3                   That the application of Mark Terrell, hereinafter referred to as "Permittee", to  
4 expand a nonconforming single-family dwelling into the required front yard setback in order  
5 to construct an outdoor patio area under the existing front porch on the property described  
6 above, be and the same is hereby granted under the provisions of Section 27.63.540 of  
7 the Lincoln Municipal Code upon condition that construction of said addition be in  
8 substantial compliance with said application, the site plan, and the following additional  
9 express terms, conditions, and requirements:

10                   1.       This approval permits a patio expansion into the front yard setback  
11 under the front porch measuring approximately 24' north to south by approximately 8' east  
12 to west (approximately 192 square feet).

13                   2.       The building shall remain a single-family dwelling.

14                   3.       Before receiving building permits the Permittee shall cause to be  
15 prepared and submitted to the Planning Department a revised and reproducible final plot  
16 plan including five copies with all required revisions and documents as listed below:

17                   a.       Provide documentation from the Register of Deeds that the  
18 letter of acceptance as required by the approval of the special  
19 permit has been recorded.

20                   b.       The construction plans substantially comply with the approved  
21 plans.

22                   4.       Before occupying the expansion of the dwelling all development and  
23 construction is to substantially comply with the approved plans.

4  
5  
6  
7  
8  
9  
10  
11  
12  
13

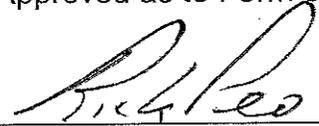

5. The physical location of all setbacks and yards, buildings, parking and circulation elements, and similar matters must be in substantial compliance with the location of said items as shown on the approved site plan.

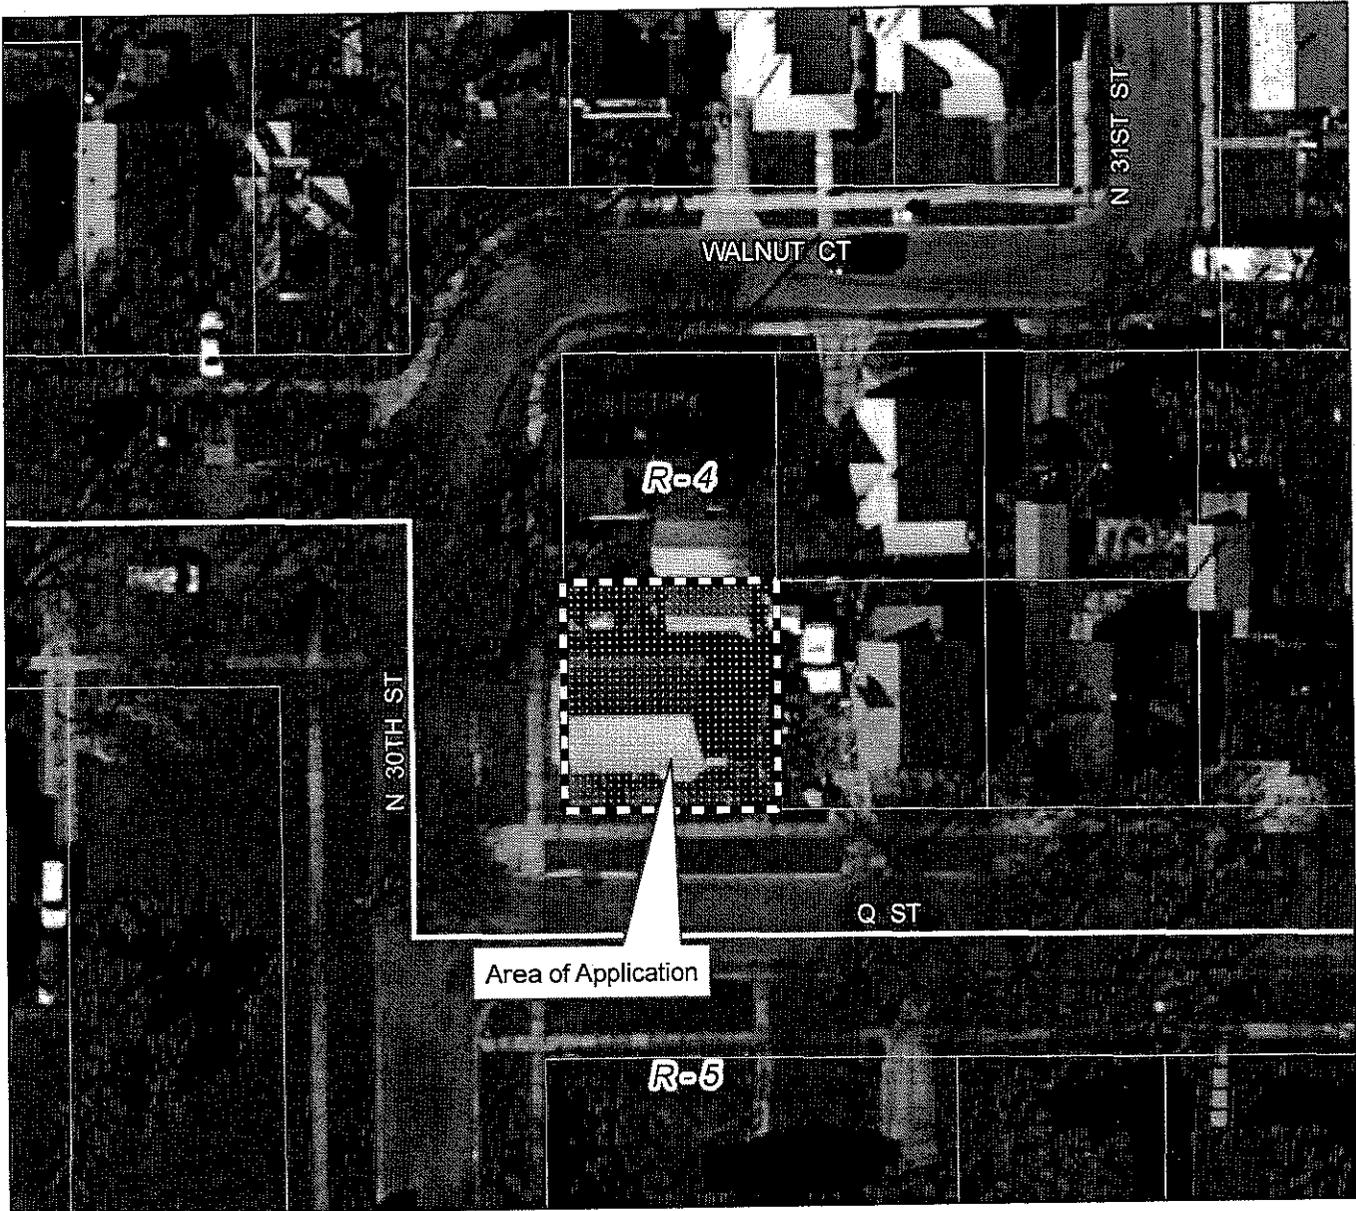

6. This resolution's terms, conditions, and requirements bind and obligate the Permittee, his successors and assigns.

7. The Permittee shall sign and return the letter of acceptance to the City Clerk within 60 days following the approval of the special permit, provided, however, said 60-day period may be extended up to six months by administrative amendment. The City Clerk shall file a copy of the resolution approving the special permit and the letter of acceptance with the Register of Deeds, filing fees therefor to be paid in advance by the applicant.

The foregoing Resolution was approved by the Lincoln City-Lancaster County Planning Commission on this 8th day of October, 2008.

# PUBLIC WORKS & UTILITIES ADVISORY

MAYOR CHRIS BEUTLER

[lincoln.ne.gov](http://lincoln.ne.gov)

October 8, 2008

## **PAVING PROJECT #701906 West Adams Street and Northwest 56th Street**

On November 1, 2008, Dobson Brothers Construction of Lincoln will be starting construction (weather permitting) of a water main for the Engineering Services Division of the Public Works and Utilities Department as part of the current West Adams/Northwest 56th Street project.

This phase of the work involves installing a replacement water main on the north side of West Adams Street from Northwest 48th to Northwest 56th Streets. We are installing the pipe approximately 4' south of your south property line. There are some private improvements in the public right-of-way that will need to be moved by the homeowner before November 1, 2008. If these items are not moved by then, the City's contractor will remove them and they will not be replaced. The water main construction is anticipated to be complete in February 2009 barring weather or unforeseen conditions.

If you have any problems or questions during the construction period, please contact Dobson Brothers Construction Superintendent, Darren Duffy at (402) 429-7614 or the City of Lincoln Project Manager, Warren Wondercheck.

# City of Lincoln Combined Weed Program

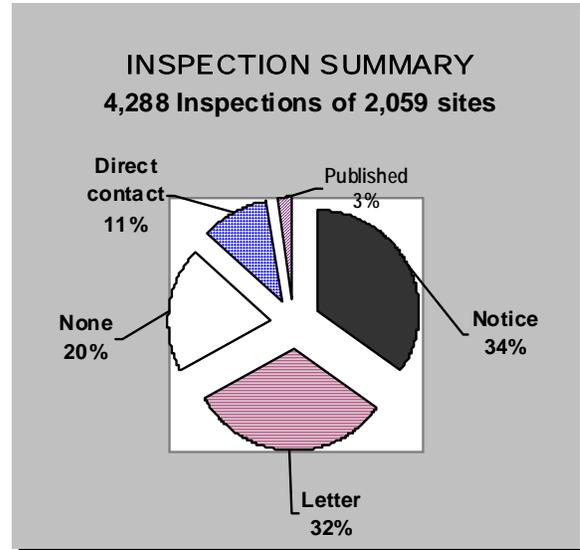

## September 2008 Monthly Report

### Phragmites

Phragmites in upper portion of Holmes Lake  
A total of 12 sites of phragmites (the newly designated noxious weed) have been found in Lincoln.

- Found 1,608 violations on 596 acres.
- Found no violations on 441 sites.

- Sent 781 notices, 720 letters, published 58 notifications, and made 243 personal contacts.
- Received 1,872 complaints on 1,789 sites.
- Owners cut 1,276 sites
- Contractors cut 135 sites
- Cutting is pending on 204 sites.

### Inspection Activity

A total of 5,019 inspections on 2,426 sites have been made this year.

#### Noxious Weeds

- Made 731 inspections on 367 sites on 1,876 acres.
- Found 301 violations on 318 acres.
  - 250 musk thistle
  - 29 leafy spurge
  - 12 phragmites
  - 11 purple loosestrife
- Found no violations on 67 sites.
- Sent 53 notices, 176 letters, 24 trace cards and made 63 personal contacts.
- 114 sites controlled by landowners.
- Control is pending on 16 sites.

#### Weed Abatement

The number of inspections and sites inspected are similar to September of 2007. The number of forced cuttings went from 91 to 135 (up by almost 70%). I suspect that the increased number of foreclosures contributed to this higher number of forced cuttings.

- Made 4,288 inspections on 2,059 sites on 891 acres.

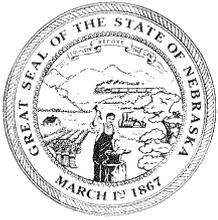

### September Activities

- 3 Budget hearing
- 12 Mgt Team Mtg
- 12 Streambed Ownership Work Group
- 16 LPWMA Meeting
- 17 Riparian Veg Mgt Task Force
- 18-25 Vacation

### October Planned Activities

- 2 Phragmites field trip UNL class
- 6 Weed Mg Assoc Meeting
- 16-22 Vacation
- 27 2009 Nawma planning committee
- 28-29 Fall training
- 23 LPWMA Meeting
- 24 Riparian Veg Management TF

CITY CLERK'S OFFICE  
LINCOLN, NEBRASKA

Re: Stone Bridge View Community Unit Plan  
(North 14th Street and Humphrey Drive)

Dear Lincoln City Council:

I would appeal to the Council that any further approval for this development not occur until a noise study is performed by my office.

I made a request to the City of Lincoln Planning Department that any development next to a State Roadway be reviewed by my office, but this did not happen for this development.

We did a noise study and worked with the consultant and developer for the Stone Bridge Creek -The Villas adjacent to this proposed development. We were able to come up with a plan that would make an improved quality of life for the future residents of the Villas.

Quality of life would be greatly compromised for the receptors next to Interstate 80 because of the close proximity to the Interstate. I understand a short wall was constructed parallel to the Interstate for this development but, without a noise study, the effectiveness of the wall cannot be determined. Other remedies, such as earth berms or minimum setbacks might be necessary to improve the quality of life for the future residents. Those future residents will seek help from the City of Lincoln and the State of Nebraska to alleviate their noise impacted situation.

The environmental document for Project No. IM-80-9(872), I-80 Upgrade Lincoln to Omaha, has been federally approved and signed as of June 25, 2003. Stone Bridge View Community was not platted for development at the time the environmental document was signed. The State of Nebraska will not provide noise abatement for developments that are proposed after that signing date, in accordance with the federally approved Nebraska Department of Roads' Noise Analysis and Abatement Policy dated May 1998. However, any improvement to the Interstate after completion of the current project under construction will require the State to consider noise abatement for this area at a great cost to the taxpayers of this State.

Sincerely,

Mark Ottemann  
Noise and Air/Utilities Engineer

Subject: Traffic safety on HWY 2

To Whom It May Concern,

Once again there was a terrible accident this am on HWY 2, this time at 56th street. My question is how many accidents and lives lost do we need to have on this HWY before someone tries to get the State of Nebraska to lower the speed limit. This accident involved a small compact car and a semi fully loaded. Having a 55 MPH speed limit out between 70th & Walmart and 45 through the city is way to fast for traffic to stop in a timely manner if the light turns red faster than the driver anticipated or for them to stop or avoid an accident if someone blows through a red light.

I must commend you all for focusing on public safety but I must also say why isn't more being done on a HWY where there is a very high volume of traffic with very large semi traffic?

Thanks for your attention to this issue.

Comment or Question:

This is in regard to the new "no couch on the porch" ordinance that will be going into effect soon. After seeing the news story on what this ordinance is doing to the City Mission and probably Good Will as well -- I have a suggestion.

Why not have a 2-week period of time where people can take their couches to the dump free of charge so that the City Mission is not taking on the extra work and cost of couches being dumped. This would be similar to at Christmas when there is no charge for taking trees to certain sites - for a period of time following the holiday.

This would help people get rid of their couches and not have the City Mission take on added burden.

FYI - Until 5 years ago - I had been a Lincoln resident for about 27 years.

Thank you.

Letters to the Editor  
Lincoln Journal Star  
926 P Street  
Lincoln, NE 68508

Dear Editor:

As reported in this paper (Oct. 2), the average pension benefits for retired Lincoln firefighters is \$1,400.00 per month. Ken Svoboda said some people can "live well" on that amount. I guess I don't know what Ken means by "live well."

The IRS standard for acceptable living expenses in bankruptcy for a single person over age 65 with a car living in Lancaster County is \$2,087.00 per month. For a retired couple with two cars, the monthly living expense allowed in bankruptcy court without question is \$3,347.00 per month.

Maybe we should ask Ken where he gets his opinions of what constitutes "living well" for our retired public servants.

Sincerely,

Victor E. Covalt III

## IRS Local Transportation Expense Standards - Midwest RECEIVED Census Region

OCT 06 2008 (Cases Filed On and After October 1, 2008)

CITY COUNCIL  
OFFICE

### For Use with Allowable Transportation Expenses Table

The Operating Costs and Public Transportation Costs sections of the Transportation Standards are provided by Census Region and Metropolitan Statistical Area (MSA). The following table lists the states that comprise each Census Region. Once the taxpayer's Census Region has been ascertained, to determine if an MSA standard is applicable, use the definitions below to see if the taxpayer lives within an MSA (MSAs are defined by county and city, where applicable). If the taxpayer does not reside in an MSA, use the regional standard.

**PLEASE NOTE:** With the IRS data updated effective March 17, 2008, some MSA's either changed or were eliminated.

### Midwest Census Region

North Dakota, South Dakota, Nebraska, Kansas, Missouri, Illinois, Indiana, Ohio, Michigan, Wisconsin, Minnesota, Iowa

### Metropolitan Statistical Areas (MSAs) Within the Midwest Census Region

## Mayor proposes change to firefighter pensions

BY DEENA WINTER / Lincoln Journal Star  
Thursday, Oct 02, 2008 - 01:23:54 pm CDT

When you're the head of the firefighters union, you get a lot of phone calls. Like the one Dave Engler received Saturday from a retired firefighter who was having trouble making ends meet on his pension.

"I can't live off this," the retiree told Engler, president of the local union.

"I get these retirees and they're like, 'My whole pension check goes toward health insurance,'" Engler said. "Most people would be surprised to hear what our former public servants are living off of."

Engler hopes to get fewer calls like that in the future if the City Council signs off on a labor agreement reached by his union and the mayor's office.

Lincoln firefighters agreed to forgo salary increases this year (aside from step increases some employees will get) in exchange for annual cost-of-living increases, or COLAs, to their pensions. The deal wouldn't cover current retirees.

The smallest pension among Lincoln's retired firefighters is \$324 a month, paid out to a firefighter who retired in 1975.

"Had someone done it years ago, then this guy would be OK," Engler said of the need for annual increases to keep up with inflation.

Mayor Chris Beutler said he became concerned about retirees' "long, continuing retirement" when he learned firefighters (and police officers) don't pay into or get Social Security benefits.

"This is their Social Security — their one and only pension," Beutler said.

However, Beutler will have to get the City Council to sign off on the labor agreement, and Councilman Ken Svoboda said he's not sure it'll pass muster with the council. Svoboda opposes the plan because he said it would be difficult to "pull back" in tough times, and creates a large liability.

He said firefighters knew what the retirement benefits were when they signed on with the city.

Most Lincoln firefighters are eligible to retire when they are 50 years old and have 25 years of service. Firefighters' pensions are 64 percent of their highest annual base salary, but without annual cost-of-living adjustments, the value of that pension fades with time, Engler said.

(The city does give retirees an extra lump sum payment of \$1,034 every September since it doesn't give COLAs. Existing retirees would continue to receive the annual lump sum payment instead of a COLA.)

Engler said retirees' pensions clearly haven't kept pace with inflation. The average monthly benefit for Lincoln firefighter retirees is about \$1,400. Svoboda said some people can "live well" on that amount, while others can't.

The average Social Security benefit for retired workers in August 2008 was \$1,086.

The Lincoln Firefighters Association, which represents about 300 fire department employees, is one of five city employee unions that negotiated new labor contracts this year. The mayor asked all the unions to hold salary increases to 2.4 percent. The deal offered to the fire union would cost the equivalent of a 2.4 percent salary increase.

RECEIVED

OCT 06 2008

CITY COUNCIL  
OFFICE

10/2/08 WS  
Svoboda

Under the proposal, the city would begin paying COLAs in 2010 at a rate of either 1.5 percent or the percentage increase in the Consumer Price Index, whichever is less.

In order to help pay for the COLA, most firefighters would increase their contribution to the pension plan by 4 percent (for a total of 12 percent of their salary).

Once there is enough money in the fund, which is expected to take seven or eight years, the COLA would increase to 2 percent and firefighters' contributions would drop 1.35 percent.

The mayor says this plan saves the city money because salary increases could have cost the city \$304,000 more if the city had given firefighters a 4 percent raise (they wanted an 8 percent raise).

The agreement includes a provision specifying that the city's contribution toward the COLA will count toward wage comparisons in future labor negotiations — which are just around the corner, since all the labor contracts are only one-year agreements.

Although police officers participate in the same pension fund, the police union negotiated salary increases instead of participating in this plan. The police union head could not be reached for comment.

Police and fire managers also participate in the pension fund, and would also get the COLA.

The labor agreement needs approval by the City Council, which is expected to take up the proposal Oct. 13. If the council rejects the plan, the union could go to the state Commission of Industrial Relations to enforce a law that requires their salaries be comparable to their peers'. Engler indicated that's a possibility.

Svoboda said if the council rejects COLAs, perhaps the union would be amenable to bringing in a third party arbitrator.

Councilman Dan Marvin sees the need to improve pensions: While campaigning door-to-door for the Legislature, one man told him his neighbor was a retired firefighter losing his house.

"There are some horror stories out there of some people getting what was at one time a significant amount of money, like \$500 a month, and now they're still getting \$500 a month and it's quite difficult for some people," Marvin said.

Engler said he hopes the council approves the plan.

"Honestly, I think it's a good deal for everybody involved."

Subject Re: dangerous dogs - Emailing: Z4080922

Good morning,

Thank you for your response. Per your e-mail, the Animal Control Advisory Committee met yesterday and I am inquiring if further action has been taken to adjust the Lincoln dangerous dog directives.

Several friends / neighbors and I have discussed this response and is there anything **we** can do to move forward with the "directly penalize the dog owner for allowing his dog to endanger the health and safety of the community" ordinance? Also, is there anything that can be done to restrict pit bulls from being near day cares, park play areas, etc?

Thank you,  
Kelli

Dear Ms.Hogeland,

Lincoln does have a dangerous dog municipal chapter, which applies to all breeds of dogs, that is in the process of being reviewed and revised to meet the updated requirements of state statutes by the City Law Department. Our dangerous dog ordinance has worked well in Lincoln and the Animal Control Advisory has made some suggestion for improvements. Jim Weverka, Animal Control Manager, and his staff have also been researching other community ordinances, their successes, and costs.

There is a misconception that a "ban" eliminates all Pitbull type dogs from a community as they are grandfathered and must be kept under some requirements such as spaying/neutering, microchip, photos, confinement, tethering prohibited, etc. Consequently, there is an additional cost for enforcement and registration. Some communities have rescinded such bans as their bite rates have not decreased.

Other communities have had more success and lower costs with ordinances that directly penalize the dog owner for allowing his dog to endanger the health and safety of the community. These communities have increased fines for violations of license, rabies, at large, dangerous dog regulations, and by prohibiting ownership if a certain number of violations occur over a period of time. This is the approach the Omaha City Council is currently proposing.

We will have the Animal Control Advisory Committee continue their on going study of the issue to determine if we do have a problem and find the best and most effective solution for our community. The next meeting is October 7, 2008. Our community needs to evaluate our best options based on our circumstances and not make reactive judgements to media stories. I do appreciate your input for improvements in our community. If you have any questions, please let me know.

Sincerely,

Jim Weverka

Subject annexation area 12

To Whom it May Concern:

My letter is sent to request that you delete Area 12 from your proposed annexations for 2009. Nearly all of this land is in acreages and is the intent of most to keep it this way. During the September 25th Open House, Steve Hendrichsen repeatedly commented that "the developer" could do this or that. Considering the attitude of the land owners, the city is not going to gain the additional revenue they are hoping for.

Many acreage owners are retired and live on fixed incomes. With the economy in a state of devastation right now this would be an unfair financial hardship for anyone.

Mr. Krout of the Planning Commission stated that the city had enough land to develop for the next 8 to 10 years.

It is with our deepest hope that you will not put such a deep hardship on these residents by annexing them into the city limits.

We respectfully ask that you delay the processing of annexing area 12 at this time.

Thank you,

Shandra and Jim Bescheinen

## NEW HARRIS OVERPASS OPEN

Mayor Chris Beutler today officially opened the new Harris Overpass to traffic. The bridge has been closed since November 12, 2007 for reconstruction. Two lanes of vehicle traffic in each direction are now open, about one month ahead of schedule.

“This past year has not been easy for businesses and residents, but it was a project that had to be done,” Mayor Beutler said. “I appreciate everyone’s patience, and I am delighted that this beautiful new bridge is opening ahead of schedule. The Harris Overpass is an important link in our City, and we now have a safe bridge that will serve our needs far into the future.”

Pedestrian and bicycle access also is open today. The project is expected to be substantially finished in mid-November, except for landscaping and railyard work. Some lane closures may be necessary over the next month.

The new bridge is 1,883 feet long, 16 feet longer than the original. The new structure features decorative lighting and a flat bottom to prevent pigeons from perching. Greg MacLean, Director of the City Public Works and Utilities Department said the new overpass has 14 concrete piers compared to the original’s 28, which will aid in the development of the area under the bridge.

“Two new safety features are the infrared camera and the permanent message signs,” MacLean said. “The camera can detect ice forming on the bridge, and the signs on both ends will keep motorists advised of the road conditions.”

The original viaduct was completed in 1955 and is named in honor of John F. Harris, who donated the land for Pioneers Park. Deteriorating steel girders and concrete created the need to replace the overpass, which carries “O” Street traffic over the rail yards from 3rd to 9th streets. Its last inspection in 2005 resulted in a rating of “structurally deficient,” qualifying the bridge for Federal Highway Bridge Rehabilitation and Replacement Program.

## **Harris Overpass Open**

**October 10, 2008**

**Page Two**

The total cost of the project was \$23.5 million. About \$10 million came from the Railroad Transportation Safety District, and another \$13.3 million came from federal funds, which are administered locally by the Nebraska Department of Roads.

After an extensive public opinion process, the City opted in 2005 for a one-year total closure of the bridge rather than a two-year project that would have allowed limited traffic. The total closure saved the City about \$5 million in construction costs. MacLean said change orders amounted to less than one percent of the project cost, well below industry standards.

The main contractor on the project is Cramer & Associates of Des Moines, which will receive some incentives for the early opening. The Schemmer Associates of Lincoln conducted the public outreach efforts, environmental studies, preliminary and final structural design, roadway design, bridge lighting and surveying. Sinclair Hille assisted in the structure finish, color and lighting.

Additional information on the Harris Overpass project is available on the City Web site at [lincoln.ne.gov](http://lincoln.ne.gov) (keyword: harris).<http://www.harrisoverpass.com>.

## VOLUNTEERS INVITED TO “HELP OUT” WITH FALL PARK PROJECTS

Mayor Chris Beutler today invited the community to lend a hand in caring for Lincoln’s parks and trails by participating in the second annual “Hands On/Help Out” volunteer effort. Volunteers are needed to help clean up and prepare parks and trails for the winter. Last year, more than 60 of the City’s 124 park areas were adopted for one-day volunteer projects.

“I want to again thank the 634 volunteers who gave 1,341 hours of their time during the 2007 Hands On/Help Out project,” Mayor Beutler said. “Parks and trails are important community assets, and assistance from community volunteers helps us keep them in good shape.”

Businesses, organizations and families are asked to call the Parks and Recreation office at 441-7035 to find out where volunteer assistance is needed. One-time projects suited to a variety of group sizes have been identified throughout Lincoln. The time commitment to complete a project ranges from a few hours to a full day. Projects are to be completed before the end of November and may be scheduled any time during the week.

The Hands On/Help Out initiative is a cooperative effort between the Parks and Recreation Department and the Lincoln Parks Foundation. The mission of the Lincoln Parks Foundation is to assist in securing resources for Parks and Recreation facilities and programs. Earlier this year, the Lincoln Parks Foundation launched a “Friends of Lincoln’s Parks” program.

“Hands On/Help Out is part of the Lincoln Parks Foundation’s effort to encourage Lincoln residents to give of their time, talents and treasure to enhance Lincoln’s enviable Parks and Recreation system,” said Christie Dionisopoulos, Lincoln Parks Foundation President.

More information on the City Parks and Recreation facilities and program is available on the City Web site at [lincoln.ne.gov](http://lincoln.ne.gov) (keyword: parks).
