Approved as to Form & Legality:

City Attorney

Requested by: Adam Hornung

Reason for Request: To clarify the tax is imposed on all forms of providing telecommunication services including those provided by fiber optics. To eliminate the application of the tax to accessory equipment in any form. To make clear the tax applies to phone cards and other methods of prepaying for service. To ensure the tax is not applied to items prohibited under the Internet Tax Freedom Act or to sales taxes associated with telecommunication services or equipment.
