Re: Lincoln City Council Resolution A-81080

The above Resolution was adopted on September 10, 2001 by the City Council to allow for installation of a nitrogen line to connect a nitrogen tank at 621 Peach Street to the MDS Pharma Services mail building.

This Resolution required a \$5,000 Bond of Occupier of Public Space and Certificate of Liability insurance.

The project that required the Resolution and the subsequent requirements was never started and there are no plans by Celerion, the current owner of 621 Peach Street and the mail building at 621 Rose Street, to install the nitrogen line.

We respectfully request the Resolution and the requirement for Bond No. NE33313 be terminated.

Sincerely,

A handwritten signature in black ink, appearing to read "Lane A. Hermance".

Lane Hermance
Facilities Manager
Celerion
