Statement of Interest

Nebraska: a place where some things never change, while other aspects may change for the better. For seventeen years, I have stood along the sidelines and watched Nebraska take each step into a growing, prosperous future. Throughout all the changes in these past few years, I realize that helping the community that has always been my home is something I would love to be a part of.

To serve on the *City of Lincoln Parks & Recreation Advisory Board* would be an absolute honor. I enjoy the idea of helping the community grow as one, implement ideas that would be beneficial for everyone, and hopefully discover a new perspective. I believe that seeing the world from a different point of view could really open up one's mind with constructive ideas. In addition, I have done missionary work in Chicago and Indiana, as well as volunteering locally. Consequently, being a helping hand to the community is not a foreign experience, but I would love to expand myself into different organizations.

In some aspects, the world may be taking a turn for the worst and it is up to us to make the changes considered necessary. I also want to stand for something where "good" is never good enough and where there is no such thing as "too much improvement". All in all, I am looking forward to an opportunity where I can serve the community from a different stand point and I believe that this might be it.

Statement of Interest

As a person with a love for the outdoors, I want to serve the community as a member of the Lincoln Parks and Recreation Advisory Board because I want to promote the use of Lincoln's parks. Teenagers and young adults have access to world-class park and recreation areas, but often do not use them enough. I understand the importance of pools, parks, and bike trails when it comes to a sense of community. After moving to Lincoln in July of 2005 I made my first few friends at Star City Shores. When the summer dwindled down I joined the Park and Rec Lacrosse team, something I had never been able to do before, play on a sports team with my younger brother. I want to have a voice within the community and within Lincoln Parks and Recreation because I appreciate the beauty of our parks.
