ZEM660 - Daily Unit Inspection Checklist

Inspection Regular or Wednesday Page 1 of 1

Shift C Date 09/10/2008 By PETERS, CHAD A

Checklist Items	Item Status
<input checked="" type="radio"/> LOOK UNDERNEATH APPARATUS FOR LEAKS OR PUDDLES	OK
<input type="radio"/> CHECK TIRES: RIGID, CRACKS, CUTS, LUG NUTS, RIMS	OK
<input type="radio"/> CHECK BOOSTER TANK AND FOAM TANK LEVELS	OK

Click the radio button, then the **Edit** button to choose the item you want to update

Identifies who filled out the checklist

After saving your checklist you can update an item by selecting the radio button beside the item and clicking the **Edit** button you see above. When you do this your screen will be in Update Mode (see below) and will allow you to update that item, your radio numbers, and your comments. Be sure to click on the **Update** button to save your changes.

WARNING !!! - If you choose the **Delete** option you will delete the ENTIRE CHECKLIST and will have to start over from the beginning.
