

Why Lifeline?

When you experience a fall, medical issue, or other emergency, every second counts. If you are alone, delayed medical care can jeopardize your recovery and your independence! Aging Partners Lifeline Medical Alert Service provides simple, fast access to help 24 hours a day, 365 days a year.

Our most advanced technology, Lifeline with AutoAlert,* provides an added layer of protection by automatically placing a call for help if it detects a fall and you can't push your button. AutoAlert is designed to get you fast access to help even if you are disoriented, immobilized or unconscious.

Wireless Communicator now available – no phone line needed!

How the Lifeline Service works?

1. Summon help

With our AutoAlert option, you can get help in two ways: push your AutoAlert button at any time, or if you are unable to push your button, AutoAlert will automatically call for help if it detects a fall.

With the Lifeline Standard Services, simply push your Help Button at any time to connect to our 24/7 Response Center.

2. Hear a reassuring voice

A Lifeline Response Associate will quickly access your profile and assess the situation.

3. Know help is on the way

Our Associate will contact a neighbor, loved one, or emergency services based on your preference and will follow up to confirm that help has arrived.

The Lifeline difference

Lifeline is:

- The #1 medical alert service
- Recommended by over 90,000 healthcare professionals
- Trusted by thousands of hospitals

You can rely on our extensive experience – we've been leading the industry for almost 40 years! Over 7 million people have trusted our medical alert service to help them remain living independently at home.

Call TODAY! Aging Partners Lifeline 402-441-8816

Yes! We have a system that's right for you.

Most Economical:
Standard Lifeline

Easy to use: Press your waterproof Help Button anytime you need help.

Responsive: Your Communicator quickly dials our U.S. based Response Center to get you connected.

Accommodating: You decide how you would like to be helped – by a neighbor, family member, or emergency professional

Most Advanced:
Lifeline with AutoAlert

All of the benefits and features of the Standard Lifeline System PLUS an added layer of protection:

Technologically advanced: AutoAlert can automatically place the call for help if it detects a fall, even if you can't push your button.

Preferred: It's the most widely adopted fall-detection technology in the U.S. market.

No long-term contract.
Minimal equipment required.

Helping you live more independently.

- Continue living in the comfort of your own home.
- Get prompt, caring assistance – 24 hours a day, 365 days a year.
- Increase peace of mind for you and your family.
