Tai Chi – Moving for Better Balance is a fall prevention program that uses the principles and movements of Tai Chi to help older adults improve their balance and increase their confidence in doing everyday activities. Research shows people who complete the 12-week session reduce their rate of falling by 55 percent.

Tai Chi has been shown to:

- Improve balance.
- Increase leg strength.
- Reduce fear of falling.
- Improve mobility.
- Improve flexibility.
- Improve psychological health.
