

Licensed Assisted Living Facilities in Lancaster County

12c - Hickman 

Continued on back...

Licensed Assisted Living Facilities

Licensed Assisted Living Facilities have been specially constructed or converted to combine housing and supportive services in a homelike environment with the goal of maximizing the individual functioning and autonomy of residents. Assisted living facilities generally have private apartment-style accommodations with walk-in showers, wide doors for wheelchair access, emergency pull cord systems and other special amenities, and offer the individualized array of personal care services which will allow each resident to function as independently as possible.

Services vary from facility to facility. Some may be at an additional charge, but usually include three meals a day with special diets, as required; housekeeping and linen services, personal laundry; social and recreational activities; transportation to medical appointments, stores and community services; medication management, therapy and pharmacy services; assistance with grooming, dressing, bathing and other activities of daily living; wellness and exercise programs. Nursing staff may be available 24 hours/seven days a week or they may be on call in case of emergency. For an additional deposit, some facilities allow pets; limiting type, size and weight.

🏠 **Assisted Living Facilities that participate in the Medicaid Waiver Program are considered to be “Waiver Certified.”** This allows Medicaid recipients age 65 and older, with qualifying health problems, to stay in their facility. Some facilities, though “Waiver Certified,” may only accept in-house waiver conversions for residents that have a history of private pay with them. Please check with the facility.

The Nebraska Department of Health licenses residential care facilities, and will investigate written complaints. They are located at 301 Centennial Mall South-Third Floor, phone (402) 471-2949.
