## Immunization Records

Dear School's Out Program Family:

Nebraska Department of Health and Human Services (DHHS) regulations include a new immunization record requirement effective May 20, 2013. In order to be in compliance, a copy of your child's most current immunization record must be on file at your program site and available for review by DHHS.

### **Please submit ONE of the following documents to verify immunization status:**

- Documentation of age-appropriate immunization;
- Certification by a physician, advanced practice registered nurse, or physician assistant that immunization is not appropriate for a stated medical reason; or
- A written statement that the parent or guardian does not wish to have the child immunized and the reasons for that decision.

You may use the attached form - *or any other suitable document detailed above* - to provide your child's immunization record.

Thank you for your understanding and cooperation. If you have any questions about this request, please contact your program site.
