* Amounts are in thousands of dollars

Lincoln City Libraries

0370 - Bethany Branch Library - Roof Replacement - 07140000370 - 2008/2009 FINAL

Group: (None)

Program: (None)

Description: The existing roof is a fully adhered EPDM membrane system, installed in 1989 carrying a 15-year watertight warranty. Based on past experience and current condition of the roof, it is recommended that this roof be replaced in 2009-2010.

0371 - Replace Headquarters -Bennett Martin Public Libr. - 07140000371 - 2008/2009 FINAL

Group: (None)

Program: (None)

Description: The Bennett Martin Public Library has served the City of Lincoln well for almost 50 years. It is a cultural anchor in downtown Lincoln and serves the needs of a diverse group of library users. Over the past several years, the role and services provided by public libraries have evolved considerably and the current 64,000 square foot building no longer serves a quality community such as Lincoln. During the 2003 Bennett Martin Public Library Space Needs & Facility Study, the community provided information through focus groups and one-on-one interviews which results in the need for a facility with 154,489 square feet. The Library Board of Trustees has designated the full block of the Pershing Center site as its preference for this new facility in order to not only provide quality library services through an efficient, up-to-date facility but also to meet customer demand for parking. The 2005 Downtown Master Plan Land Use Framework reflects the preferred relocation of the downtown Library to be the current Pershing Center site.
