

53rd & Sumner / Circle Drive Stormwater Drainage Improvements PUBLIC MEETING

The City of Lincoln will be hosting a public open house July 17th regarding upcoming construction of stormwater drainage improvements in the areas of 53rd and Sumner Streets and Circle Drive. The Circle Drive project also includes rehabilitation of the roadway.

Construction is anticipated to begin next month and will include roadway and driveway closures. The contractor will be available at the meeting to answer questions and discuss concerns. During construction, the contractor will also communicate with individual property owners regarding driveway impacts.
