

INSTALL

Before projects go out to bid, it is important to make sure the Plans, Special Provisions and bid tabs are consistent when the word “Install” is used for items. When “Install” is used, it means that the City furnishes the stated materials.

If the project is to be built in a short time frame, sometimes City furnished materials are ordered prior to Final Plans to allow ample time for manufacturing and delivery of items. It is not uncommon to have a 12 to 16 week time period to receive some products.

When we “Install” on a temporary traffic signal, the City will furnish the following:

- Traffic Signal Control Cabinet and Controller
- Traffic Signal Heads
- Pedestrian Signal Heads
- Pedestrian Push Buttons
- Video Traffic Detection
- Detector Connections
- Emergency Receiver
- Luminaires

When we “Install” on a permanent traffic signal, the City will furnish the following:

- Traffic Signal Control Cabinet and Controller
- Traffic Signal Heads
- Pedestrian Signal Heads
- Pedestrian Push Buttons
- Video Traffic Detection
- Emergency Receiver
- Magnetic Probe
- Poles
