## East Adams Street Improvements 75th Street to 90th Street

The City of Lincoln and HWS Consulting Group invite the public to participate in the review of proposed improvement of East Adams Street from 75th to 90th Streets. This project includes a paved roadway with curb, gutter and sidewalks as well as left-turn and right-turn lanes at intersections. The project will also evaluate the potential widening of 84th Street from approximately 1/4 mile north and south of Adams Street to six lanes with left-turn and right-turn lanes at intersections. Options for both Adams Street and 84th Street are still being considered.

Representatives from the City of Lincoln and HWS Consulting Group will be on hand to answer your questions and discuss your concerns.

*We hope to see you on June 7th!*
