

Chapter 24.52

SEWER CONNECTION FEE

Sections:

24.52.010 Sewer Connection Fee.

24.52.010 Sewer Connection Fee.

Whenever the owner of any property desires to connect the same with a city sewer and the cost of the sewer or a portion thereof has been paid by the City of Lincoln or an abutting property owner or subdivider pursuant to the executive order process authorized by Lincoln Municipal Code Section 26.11.038, and no part of the cost of which has been assessed against the property sought to be connected with the city sewer, the owner of the property sought to be connected shall be required to pay to the City of Lincoln a connection fee equivalent to the cost of the construction of the city sewer as it pertains to such property or to an assessment had the property been assessed for such construction in accordance with city standards. When the sewer has been constructed pursuant to the executive order process at no cost to the City, the connection fee paid to the City as provided herein shall in turn be paid by the City to the permittee who constructed the city sewer and who thereby paid the cost of construction. (Ord. 17994 §1; May 6, 2002; prior Ord. 11405 § 201; July 7, 1975).
