Public Works & Utilities is one of the Lincoln's largest city departments. Comprised of six divisions spread throughout the city (Water Business & Administration, Engineering Services/Street & Traffic Operations, Water Production & Distribution, Wastewater, Solid Wastes & Recycling Operations, StarTran and Watershed Management) the department has as its mission "The purpose of the Department of Public Works/Utilities is to serve community growth, well-being and economic success. Working together to provide quality services to our community, we finance, design, construct, operate and maintain Municipal Water, Waste Disposal, Drainage and Transportation Systems." With such a broad mission and sprawling service delivery system, good management practices are essential. Come learn more about how one leader has implemented change and helped focus her department utilizing management practices she has found to be effective.

Miki Esposito is the Director of Public Works & Utilities Department for the City of Lincoln. Miki began her career as an attorney for the State of Nebraska Department of Environmental Quality specializing in Environmental and Natural Resources Law. In 2006, she joined the City Attorney's Office and represented the Public Works and Utilities Department in all legal matters. After a temporary post as Senior Policy Aide to Mayor Beutler in 2010, Miki took a position as Compliance Administrator for Public Works & Utilities. She is a graduate of Washburn University School of Law and received a bachelor's degree in biology at Baker University.
