

Contraceptive Drugs and Methods Pharmacy List

In August 2011, the U.S. Department of Health and Human Services (HHS) announced new guidelines to ensure women receive services for certain contraceptive methods and counseling at no additional cost to the member. The guidelines refer to Federal Drug Administration (FDA)-approved contraceptive methods for all women with reproductive capacity as prescribed.

In compliance with these guidelines, Blue Cross and Blue Shield of Nebraska (BCBSNE) covers certain contraceptive methods and counseling at 100% when members use a BCBSNE in-network provider.

This benefit is effective on plan years beginning on or after August 1, 2012. To confirm when this benefit is effective on your plan, please call our Member Services Department at the number shown on the back of your BCBSNE member ID card.

The contraceptive drugs listed below will be covered at no cost to you. If the item is not on this list, the item may still be covered, but will be subject to your plan's normal prescription drug cost share amounts (applicable copayment, deductible and/or coinsurance).

GENERIC DRUGS	BRAND NAME DRUGS
<ul style="list-style-type: none"> • Alyacen 1/35 • Aubra • Aviane • Azurette • Camila • Cyklaferm 1/35 • Dasetta 1/35 • Errin • Falmina • Heather • Jencycla • Jolivette • Kariva • Lessina • Levonorgestrel/ethinyl estradiol 0.1mg-0.02mg • Lutera • Lyza 	<ul style="list-style-type: none"> • Necon 1/35 • Next Choice • Nora-Be • Norethindrone 0.35mg • Norgestimate/ethinyl estradiol 28-day • Nortrel 1/35 • Orsythia • Pimtrea • Pirmella 1/35 • Sronyx • Trinessa • Tri-Estarylla • Tri-Linyah • Tri-Previfem • Tri-Sprintec • Viorele

Note: This list is subject to change without notice. Inclusion on this list does not guarantee coverage. If you have any questions about this list or about your prescription drug benefits, please call our Member Services Department at the number shown on the back of your Blue Cross and Blue Shield of Nebraska member ID card.
