

FACTSHEET

TITLE: **USE PERMIT NO. 57D**, an amendment to the Lincoln Crossings use permit, requested by Ridge Development Company and Superior Point Partners, to increase the boundary and floor area, and to modify the required front yard setback along Folkways Boulevard and the setback from the residential district, on property generally located at No. 27th Street and Folkways Blvd.

STAFF RECOMMENDATION: Conditional Approval

ASSOCIATED REQUEST: Change of Zone No. 3430 (04-18)

SPONSOR: Planning Department

BOARD/COMMITTEE: Planning Commission
Public Hearing: 12/10/03
Administrative Action: 12/10/03

RECOMMENDATION: Conditional Approval, with amendments (7-0: Larson, Carlson, Marvin, Krieser, Taylor, Duvall and Bills-Strand voting 'yes').

FINDINGS OF FACT:

1. This amendment to the Lincoln Crossings use permit and the associated Change of Zone No. 3430 and Special Permit No. 2044 were heard at the same time before the Planning Commission. The purpose of the proposal is to expand the boundaries and increase the floor area of an existing B-5 district to include a portion of and reduce the floor area of the existing B-2 district to allow a six-screen movie theater.
2. The applicant is also requesting waivers to reduce the setback from residential from 100' to 50' at the east corner of the site (See Analysis #3, p.4), and to reduce the front yard setback from 50' to 28' on Folkways Boulevard (See Analysis #4, p.4).
3. The staff recommendation to approve this amendment, including the waiver requests, is based upon the "Analysis" as set forth on p.4, concluding that the proposal is in conformance with the Comprehensive Plan. The staff added Condition #1.1.5 (p.5) at the public hearing, which was accepted by the applicant.
4. The applicant's testimony is found on p.7, including a request to amend the conditions of approval to clarify the floor area being requested (See Minutes, p.7, and Motion to Amend, p.20).
5. There was no testimony in opposition.

This area was changed from A-A Rural and Public Use to R-3 Residential District during the 1979 Zoning Update.

COMPREHENSIVE PLAN SPECIFICATIONS: The land use plan shows this area as commercial (page F-25).

UTILITIES: The entire Lincoln Crossings and King Ridge developments are served by a combination of public and private water and sanitary sewer mains.

TRAFFIC ANALYSIS: N. 27th Street is classified in the Comprehensive Plan as an Urban Major Arterial and Folkways Boulevard is classified as a local road but is built larger to sustain the anticipated commercial and high school traffic (page F-103).

ANALYSIS:

1. This is a request to expand the boundaries of the existing B-5, Planned Regional Business District to include a portion of the B-2, Planned Neighborhood Business District.
2. This request increases the allowed floor area of the existing Lincoln Crossings Use Permit #57C by 42,300 square feet and reduces the area from the existing King Ridge Use Permit #103B.
3. The B-5 district requires a setback of 100' wherever a lot abuts a residential district. The request to waive the setback from residential district is at the east corner of the site. There is existing residential to the southeast of this site. At the location of the requested waiver, the lot comes to a triangular point. If setbacks were imposed, nearly the entire corner of the lot would be unusable. Due to the irregular lot shape, the request to reduce the setback is justified.
4. The request to reduce the front yard setback on Folkways is so that there is a consistent setback along the frontage of Folkways Boulevard. The front yard was adjusted at the request of the applicant since additional right of way was dedicated when the original use permit was approved. The King Ridge use permit received a waiver to modify the front yard setback because of the additional right of way dedication. The established front yard setback is 28' from the property line.
5. The Public Works and Utilities Department indicated that a public access easement must be shown from N. 30th Street (approximately) connecting to North Hill Road to facilitate reasonable and legal access to the median break and possible future traffic signal at Folkways Boulevard. This may require the redesign of the parking lot so that the flow of traffic from North Hill Road to the Folkways intersection is unobstructed by vehicle parking movements.
9. The Public Works and Utilities Department requires a public access easement over Lots 1,4-6 King Ridge 1st Addition Final Plat.
10. The applicant is in the process of administratively amending the King Ridge Use Permit to reduce the area and allowed floor area.

CONDITIONS:

Site Specific:

1. After the applicant completes the following instructions and submits the documents and plans to the Planning Department office and the plans are found to be acceptable, the application will be scheduled on the City Council's agenda:

1.1 Revise the site plan to show:

1.1.1 Revisions to the satisfaction of the Public Works and Utilities Department.

1.1.2 Utility easements to the satisfaction of L.E.S.

1.1.3 Street trees to the satisfaction of the Parks and Recreation Department.

1.1.4 Landscape screening to meet design standards.

1.1.5 Revise the Building and Parking Stall Summary table to reflect the correct floor area for Building T (the proposed theater). (****Per Planning Commission as recommended by staff and agreed upon by the applicant: 12/10/03****)

2. This approval permits the expansion of the use permit for a total of ~~858,769~~ 867,769 square feet of floor area, with 51,300 square feet of floor area permitted north of North Hill Road and 816,469 square feet of floor area permitted south of North Hill Road, and modifications to the required front yard setback along Folkways Boulevard and setback from the residential district as shown on the site plan.

General:

3. Before receiving building permits:

3.1 The permittee shall have submitted a revised and reproducible final plan including 7 copies.

3.2 The construction plans shall comply with the approved plans.

3.3 Administrative Amendment #03089 for King Ridge Use Permit #103 must first be approved.

STANDARD CONDITIONS:

4. The following conditions are applicable to all requests:

- 4.1 Before occupying the new commercial areas all development and construction shall have been completed in compliance with the approved plans.
 - 4.2 All privately-owned improvements shall be permanently maintained by the owner or an appropriately established owners association approved by the City Attorney.
 - 4.3 The site plan accompanying this permit shall be the basis for all interpretations of setbacks, yards, locations of buildings, location of parking and circulation elements, and similar matters.
 - 4.4 This resolution's terms, conditions, and requirements bind and obligate the permittee, its successors and assigns.
 - 4.5 The applicant shall sign and return the letter of acceptance to the City Clerk within 30 days following the approval of the special permit, provided, however, said 30-day period may be extended up to six months by administrative amendment. The clerk shall file a copy of the resolution approving the special permit and the letter of acceptance with the Register of Deeds, filling fees therefor to be paid in advance by the applicant.
5. The site plan as approved with this resolution voids and supersedes all previously approved site plans, however all resolutions approving previous permits remain in force unless specifically amended by this resolution.

**CHANGE OF ZONE NO. 3430,
USE PERMIT NO. 57D,
and
SPECIAL PERMIT NO. 2044,**

PUBLIC HEARING BEFORE PLANNING COMMISSION:

December 10, 2003

Members present: Larson, Carlson, Marvin, Krieser, Taylor, Duvall and Bills-Strand.

Staff recommendation: Approval of the change of zone and conditional approval of the use permit amendment and special permit.

Ex Parte Communications: None.

These applications were removed from the Consent Agenda and had separate public hearing.

Becky Horner of Planning staff submitted a new Condition #1.1.5 on the use permit to:
"Revise the Building and Parking Stall Summary table to reflect the correct floor area for Building T (the proposed theater)."

She also indicated staff support for the amendments being proposed by the applicant.

Proponents

1. Kent Seacrest appeared on behalf of **Ridge Development Company**, owner of the commercial property just due north of Lincoln Crossing, i.e. WalMart, PetsMart—the large area north of 27th & Superior. This is an application for a six-screen movie theater, which is consistent with the Comprehensive Plan and the theater policy. The applicant has been working with the neighbor to the south (the shopping center) because they want to be sure this application has segregated its square footage so that it is clear who has what. Seacrest requested an amendment to Condition #2 on the use permit, to which staff has agreed:

2. This approval permits the expansion of the use permit for a total of ~~858,769~~ 867,769 square feet of floor area, with 51,300 square feet of floor area permitted north of North Hill Road and 816,469 square feet of floor area permitted south of North Hill Road, and modifications to the required front yard setback along Folkways Boulevard and setback from the residential district as shown on the site plan.

Carlson noted that this shows the theaters and then potentially a restaurant to the east. He noted that the Comprehensive Plan talks about accessibility for pedestrian/bicycle, etc. Looking at the R-5 apartments to the east and other potential residential, will the pedestrians be able to walk over to dinner and a movie in a safe, easy way? Seacrest showed the site plan and the location of the

apartments and the theater building/restaurant, indicating the location of the sidewalks bringing the pedestrians right by the apartment complex. "The shopping center does not have sidewalks on their side but we are proposing sidewalks on our side."

There was no testimony in opposition.

Carlson inquired of staff as to whether there a good trail in proximity with accessibility for bikes and pedestrians. Horner indicated that she would need to look at the trails plan to locate the nearest trail. She was thinking 27th Street had a trail. In response to access, she stated that the subdivision standards require sidewalks on both sides of all private and public streets, so the sidewalks would be required. Carlson would appreciate some attention to the pedestrian/bicycle access.

Re: Lincoln Crossing, 27th & Superior Streets
Amendment to Use Permit # 57 and Change Of Zone
OA Project No. 2003-0745

Dear Mr. Krout,

We are requesting an "Amendment to the Use Permit" to expand the Lincoln Crossing Use Permit to include the parcel of land between North Hill Road and Folkways Boulevard, east of Ruby Tuesdays and Pinnacle Bank. This property was formerly platted under the King Ridge 2nd Addition Use Permit. We are also requesting a change of zone from B-2 "Planned Neighborhood Business District" and R-3 "Residential District" to B-5 "Planned Regional Business District".

We are requesting this Amendment and Change of Zone to locate a six-screen, 30,000 square foot Theatre on this property. A 30,000 square foot theatre generates less PM Peak Hour traffic than the previously approved commercial uses.

As we have discussed in previous meetings with Planning Staff, we have not been able to attain the Autocad drawing files for the approved Lincoln Crossing Use Permit. We have attained the most recent site plan. However, we have not been able to get the site grading and drainage, landscape, and profile drawing files. Our submittal consists of an overall site plan for the Lincoln Crossing Use Permit, and additional sheets to detail the site, drainage and grading, and landscaping for the amended area.

We are requesting a waiver of the required 100' setback for parking lots from residential zoning. The eastern portion of the site abuts residential zoning to the south. The previous B-2 zoning allowed for a 50' setback for this area. The buildings will maintain the 100' setback; however, the parking and driveway would only maintain a 50' setback.

We are also requesting a waiver of the required front yard setbacks along Folkways Boulevard. Additional right of way was dedicated to the City for the expansion of Folkways Boulevard as part of the King Ridge 2nd Addition Use Permit and Preliminary Plat. A corresponding reduction in the front yard setback was granted as part of that use permit and plat. We are requesting that the reduced setbacks be maintained as approved previously.

Ridge Development Company has submitted the following applications to the Planning Department to permit the construction of a six screen, 30,000 square feet theatre on the Property: (i) a change of zone from the current B-2 Planned Neighborhood Business District and R-3 Residential District to B-5 Planned Regional Business District; (ii) an Amendment to expand the Lincoln Crossing Use Permit to include the Property; (iii) a Special Permit to permit the theatre use on the Property; and (iv) an Administrative Amendment to the King Ridge 2nd Addition Use Permit to remove the Property.

Memorandum

To:	Becky Horner, Planning Department
From:	Chad Blahak, Public Works and Utilities
Subject:	Lincoln Crossings Use Permit #57D and CZ #3430 King Ridge 2nd AA #03089 to Use Permit 103B
Date:	11/10/03
cc:	Randy Hoskins

Engineering Services has reviewed the submitted Use Permit #57 and CZ #3430 for Sincoln Crossings and AA #03089 to King Ridge 2nd Use Permit 103B, located between Folkways Boulevard and North Hill Road east of North 27th Street, and has the following comments:

Lincoln Crossings:

- If the public access easement running between lots 1, 4, 5, & 6 in King Ridge 1st Final Plat is to be removed then revisions need to be made to the site plan regarding parking lot configuration and public access easements. A public access easement will need to be shown between Lots 1 & 2 King Ridge 2nd Addition and the proposed Lincoln Crossings Use Permit and a continuation of the public access easement located at approximately N. 30th Street needs to be shown connecting to North Hill Road to facilitate reasonable and legal access to the median break and possible future traffic signal at Folkways Blvd. This requires a redesign of the parking lot such that the flow of traffic from North Hill Road to the Folkways intersection is unobstructed by vehicle parking movements.
- Public Works has no comment on the change of zone.

King Ridge:

- See above note for necessary revisions to this plat.
