PROMOTIONS/VOLUNTARY DEMOTIONS

Section 1. All promotions of employees of the Department to fill existing bargaining unit positions within the Department shall be made from the ranks of such employees in accordance with the procedures specified in the Personnel Code; provided any employee to be so promoted must be qualified for the position to be filled.

Section 2. Promotional vacancies in any position will be either filled at the beginning of the next forty-two (42) day work period (three bi-weekly pay periods) or an acting assignment will be compensated in accordance with Article 10.

When a vacancy occurs, the Fire Chief shall appoint the most qualified candidate from the current promotional list in rank order, beginning with number one followed by two, etc., until all qualified applicants have been promoted or the life of the current list ends, as defined by the contract. An employee who declines to accept a promotion to a Fire Captain's position or to a Fire Apparatus Operator position shall not suffer any loss of consideration for future promotions unless the employee declines a rank order promotion after the Fire Chief has exhausted his obligation to offer each candidate the opportunity.

- Section 3.**
- A. Written and oral promotional examinations for the position of Fire Captain are to be given between October 10th and November 10th of odd numbered years.
 - B. The new promotional list shall become effective January 1st of even numbered years.
 - C. In the event a grievance is filed against the promotional process just prior to or during the examination phase, then the time limitations cited in paragraphs A and B of this Section will be suspended. After resolution of the grievance, the examination process will begin again, with the testing to be completed and a new list posted no later than forty-five (45) days from the date of the resolution of that grievance.

Section 4. A list of the available books, codes, and any other publications used in promotional examinations listed in Management Policy #508.10, if changed with mutual agreement of the Union, shall be updated or revised by March 1st of odd numbered years.

Section 5. EXAM SENIORITY OR QUALIFYING STATUS. October 1st of the testing year will be the cut-off date for applying seniority towards the examination or to meet any qualifying requirements.

Section 6. FIRE CAPTAIN – TRAINING DIVISION. In the event that a vacancy for a Fire Captain's position within the Training Division becomes open for any reason, the Fire Chief or his designee shall have the obligation to offer such promotion to each eligible candidate on the then current Fire Captain's promotional list in descending rank order. This offer may be accomplished by submitting a form to all the eligible candidates whereon the candidates will indicate whether they agree or decline to accept promotion to a Fire Captain's position should one come open in the

Training Division during the life of the then current eligibility list. If an eligible candidate accepts the promotion to a Fire Captain's position in the Training Division, that employee agrees to serve in that capacity assigned to the Training Division for a period of three (3) calendar years from the effective date of the promotion without any rights to transfer to Fire Suppression or other fire duty related assignments.

An employee who declines to accept a promotion to a Fire Captain's position in the Training Division shall not suffer any loss of consideration for future promotions to the Fire Captain's position unless the employee declines a rank order promotion after the Fire Chief has exhausted his obligation to offer each candidate the opportunity.

With regard to promotions to the position of Fire Captain within the Training Division, a form (see Appendix B) should be sent to each employee with notification of their results on the Fire Captain's examination when they are eligible for promotion.

Section 7. FIRE CAPTAIN AND FIRE APPARATUS OPERATOR. With respect to a promotion to the position of Fire Captain and Fire Apparatus Operator, the following procedures shall be followed by the City:

The City will test for the position of Fire Captain in odd numbered years. The City shall test for the position of Fire Apparatus Operator in even numbered years. Those employees meeting the minimum eligibility requirements to test for the position shall be allowed to take a written examination for the position. In order to be eligible to participate in further stages of the examination, an employee must obtain a raw score of sixty percent (60%) or better on all written examinations. In order to determine the employee's raw score, it is understood between the Union and the City that seniority points will not be applied or considered in evaluating whether or not an employee has obtained a raw score of sixty percent (60%) or better on the written examinations.

All employees obtaining the minimum score on the written examinations shall proceed to the next phase, which would be an oral interview, after which time a list of eligible candidates shall be created based on each candidate's combined score on all phases of the examination, including the written exam, the oral interview, and seniority points as defined herein.

Section 8. FIRE PREVENTION INSPECTOR I. It is understood between the parties that the procedures set forth in Sections 1 through 5 shall also apply to promotions to the position of Fire Prevention Inspector I, which shall be made from the ranks of the Lincoln Fire and Rescue Department, including but not limited to Firefighter and Fire Apparatus Operator. The City's obligation to test for promotion to the position of Fire Prevention Inspector I shall be subject to the occurrence of a vacancy within that classification. The City is not obligated to test for a position within the classification of Fire Prevention Inspector I on a bi-annual basis. However, upon completion of the promotional testing process, which shall include an initial written exam on which an applicant must receive a raw score of sixty percent (60%) or better and an oral interview process, the employee's combined score plus seniority points as identified herein shall be the basis for the employee's placement on a final eligibility list. Promotion to a

vacant position in the classification of Fire Prevention Inspector I shall be made in rank order from that eligibility list.

It is understood by the parties that promotion to the classification of Fire Prevention Inspector II is not subject to the terms of this Article. There will be no competitive testing done by the City for promotion from Fire Prevention Inspector I to Fire Prevention Inspector II. However, in the event an employee does not successfully complete the proper certification within the two (2) years as a Fire Prevention Inspector I, the employee may be returned to his previous classification at the discretion of the City.

Section 9. VOLUNTARY DEMOTIONS. For purposes of this Section, the term "opening" shall apply to any permanent vacancy in a classification. An employee may vacate from his current classification once per year given there is an opening and the employee is qualified to perform in the lower classification to which the employee has requested a demotion. The Department will assign voluntarily demoted employees beginning with the next employee pay cycle. Employees will have thirty (30) days to certify for position openings.

No employee shall be displaced from the Department through a voluntary demotion.

Employees who voluntarily demote to a lower classification will be placed in the new payline for the lower classification based on their years of service in the lower classification.

Employees that voluntarily demote to the classification of Firefighter will receive credit for total time spent in the Department when being placed on that payline.

ARTICLE 8

TRANSFERS

Section 1. In the event of a position opening for any reason for which the Department can fill by lateral transfer, such transfer shall be made in accordance with the following provision: Only employees with a minimum of three (3) calendar years of service with the Lincoln Fire and Rescue Department shall have rights to transfer under this Section.

Section 2. An employee wishing to transfer from one station to another, from one apparatus to another, or from one shift to another, shall submit his name on a form entitled "Request to Transfer Form" which will be developed with the approval of the City and the Union and be available in the intranet form file. It is the responsibility of the employee to forward this form to his respective Deputy Chief. The request will then be forwarded to Fire Administration, who will maintain a file of transfer requests on an annual basis. The file will be purged at the end of each calendar year and any employees wishing to file transfer requests must then resubmit such request on or after January 1st of each calendar year covered by this Agreement. Should a position vacancy occur, the Fire Chief shall consider all previously filed transfer requests and the most senior employee who has requested a transfer to the vacant position being considered shall be assigned to the position.

Section 3. In the event the Fire Chief determines that the transfer of the most senior employee is not in the best interests of the Department, the next most senior employee who has submitted a transfer request to fill the position shall be assigned to the position. In every such case where the Fire Chief determines that assignment of the most senior employee who has requested transfer to a vacant position is not in the best interests of the Department, the Fire Chief shall provide to the most senior bidder a written statement of the reason or reasons which the Fire Chief believes support a determination that such transfer is not in the best interests of the Department. It is expressly understood that such determination by the Fire Chief is not subject to the grievance procedure embodied in this Agreement in Article 24. It is also expressly understood between the parties that in the event the Fire Chief takes disciplinary action against an employee, that employee's rights to transfer under this Article may be suspended for a period of time not to exceed two (2) years. However, such decision to include this form of discipline in a disciplinary action is subject to the grievance procedures set forth in this contract under Article 24 in the event of a suspension, demotion, or discharge.

Section 4. Except for employees holding paramedic certifications, employees may be temporarily assigned to other assignments within their classification for the purposes of staffing, training, or development of experience for a maximum of one (1) set of work days under the current schedule. After such temporary assignment, the employee must be returned to his assigned station and apparatus for no less than two (2) sets of work shifts under the current schedule. During this time the position vacated by the employee because of such temporary assignment will not be considered vacant for purposes of consideration for transfer requests under this Article. With respect to paramedic certified employees, the parties agree to discuss application of this Section to those employees after staffing needs are assessed during the October 2005 contract review.

ARTICLE 9

- Section 1.** An employee officially on on call duty shall receive two (2) hours of pay (at straight time) for each twenty-four (24) hour day of such on call duty.

- Section 5.** The payment of overtime is based upon work performed in excess of forty (40) hours per work week for employees scheduled to work a forty (40) hour work week. A work week is hereby defined as Thursday through the following Wednesday. Vacation, sick leave and legal holidays shall count as hours worked toward the forty (40) hour accumulation.
- Section 6.** Fire Administration and the Union will continually strive to implement a fair and equitable overtime policy.

ARTICLE 10

TEMPORARY ASSIGNMENT TO A HIGHER CLASSIFICATION

- Section 1.** Suppression employees assigned and who perform in a higher classification than their own shall be compensated at the rate of five percent (5%) above their current regular rate of pay, or at the next highest step in pay in the classification to which they are assigned, from the first hour worked. Suppression employees assigned to work in a higher classification will be selected from existing promotional lists where applicable. Any temporary assignment in any higher classification above the classification of Firefighter will be made based upon the existing promotional list for the position to be filled in descending order on the shift with the opening so that the highest ranking employee on the promotion list available on the shift is allowed to work in the higher classification when a vacancy occurs.
- Section 2.** Suppression employees as defined in Section 1 and assigned as a Deputy Fire Chief shall receive ten percent (10%) above their current regular rate of pay from the first hour worked.
- Section 3.** For those Department sections that have no existing promotional lists, or when all employees have been promoted that are eligible, temporary vacancies in higher classifications shall be filled by the assignment of the highest ranking employee from the test pool on the shift with the opening. ARTICLE 11

Such authorization may be revoked by the employee at any time by giving written notice thereof to the City.

Section 2. Previously signed and unrevoked written authorizations shall continue to be effective as to employees reinstated following layoff, leave of absence, or suspension not exceeding sixty (60) days; previous authorizations of other employees rehired or reinstated shall not be considered to be effective.

Section 3. Such authorized deductions shall be made from the first payroll period of each calendar month and will within twenty (20) days following the issuance of pay warrants for that pay period be remitted to the duly designated Union official. The Union shall advise the City in writing of the name of such official.

Section 4. If the City receives an employee revocation of authorization no later than two (2) weeks prior to the first payday of each month, no deduction will be made from that payroll period or subsequent payroll periods. Revocations received too late for this handling will then only affect subsequent payroll periods.

Section 5. At the time of execution of this Agreement, the Union shall advise the City in writing of the exact amount of regular monthly Union dues. If, subsequently, the Union requests the City to deduct additional monthly Union dues, such request shall be effective only upon written assurance by the Union to the City that amounts are regular monthly Union dues duly approved in accordance with the Union's constitution and bylaws.

Section 6. The City agrees to provide this service without charge to the Union.

Section 7. The City shall not be liable for the remittance payment of any sums other than those constituting actual deductions made; and if for any reason it fails to make a deduction for any employee as above provided, it shall make that deduction from the employee's pay the next pay period in which Union dues are normally deducted after written notification to the City of the error. If the City makes an overpayment to the Union, the City will deduct that amount from the next remittance to the Union. If the City inadvertently makes a deduction from an employee who has not authorized said deduction or who has revoked said authorization in accordance with Section 4 of this Article, the Union agrees to refund said deduction to the affected employee. The Union further agrees to indemnify and hold the City harmless against any and all claims, suits, orders, or judgments brought or issued against the City as a result of any action taken or not taken by the City under the provisions of this Article.

Section 8. If the Union has not implemented the above provisions which establish and place this checkoff system into operation within sixty (60) calendar days of the beginning of this Agreement, this Article 18 shall be null and void and of no force and effect.

Section 1. LABOR-MANAGEMENT COMMITTEE. To ensure continued harmonious relations and to bring about a better understanding with regard to City policies and activities, a labor-management committee may be formed. This committee shall consist of three (3) members of the Union to be designated by the Union, and three (3) members for the City to be designated by the City.

The purpose of this committee shall be to identify and attempt to resolve, through meaningful discussions, those matters of general interest to employees and management. It will not be within the province of the committee to deal with individual grievances or with amendments to or interpretation of contractual provisions.

The committee will hold weekly meetings at 0900 on Thursdays unless cancelled at the request of either party in the event of an emergency or other exigent circumstances.

In addition to the Labor-Management Committee, the City and Union agree to meet each year of this Agreement starting in October, 2005 and each October thereafter. Section 2. USER DESIGN COMMITTEE. Two (2) members of the Union's Executive Board, chosen by the Union President, shall be members of the Safety Committee. Other members of the Committee shall be Lincoln Fire and Rescue Department Fire personnel and appointed by the Fire Chief.

The Department Safety Committee shall meet at least once every sixty (60) days to review safety programs and to discuss safety needs in general.

ARTICLE 22

PRE-DISCIPLINARY HEARING PROCEDURES

- Section 1.** Any employee who may be subject to disciplinary action resulting in suspension, demotion, or dismissal shall be entitled to the opportunity for a pre-disciplinary hearing. An employee may waive the opportunity for a pre-disciplinary hearing by providing written notice to the Fire Chief. At least forty-eight (48) hours prior to any pre-disciplinary hearing, an employee shall be provided written notice which will set forth an explanation of the nature of the allegations against the employee and an explanation of the evidence in the possession of the City supporting such allegations, regarding the circumstances upon which the proposed disciplinary action may be based. Should the allegations be based upon a formal citizen's complaint, the employee shall be entitled to receive a copy of the citizen's complaint prior to questioning. Any allegations of reprisal taken by the employee against a citizen providing a formal complaint shall constitute separate grounds for disciplinary action.
- Section 2.** The pre-disciplinary hearing will be scheduled at a reasonable hour, preferably at a time when the employee is on duty.
- Section 3.** The employee shall be informed of the name and rank of any persons conducting the pre-disciplinary hearing.
- Section 4.** The employee shall have the right to the presence of a Union representative or Union attorney during the pre-disciplinary hearing and such representative shall have a reasonable right to be heard. These are the only representatives that an employee may have at a pre-disciplinary hearing.
- Section 5.** One person will conduct the pre-disciplinary hearing and only one person may direct questions to the employee at any given time.
- Section 6.** The pre-disciplinary hearing shall be limited to no more than two (2) hours in length. The employee shall be allowed a fifteen (15) minute break every forty-five (45) minutes. The employee shall also have the right during the pre-disciplinary hearing to be allowed to attend to the employee's own physical necessities.
- Section 7.** The employee shall not be subjected to any offensive language nor shall he be threatened with dismissal, transfer, or other disciplinary punishment as a guise to attempt to obtain his resignation, nor shall the employee be intimidated in any manner. No promises or rewards shall be made as an inducement to answer questions. Nothing in this Section, however, shall prohibit the City from ordering an employee to answer questions. Furthermore, nothing in this Section shall preclude the City from informing the employee that refusal to answer questions or to comply with any lawful order shall be new and separate grounds for discipline up to and including termination.
- Section 8.** The employee shall not have the right to record in any manner the pre-disciplinary hearing. If the City records the pre-disciplinary hearing, either a transcript or a duplicate recording of the hearing shall be provided to the employee at City expense if disciplinary action is taken against the employee and the employee appeals such disciplinary action to the

Personal Board or arbitration. The employee, or the Union, must request such transcript or duplicate recording to be provided, and, in that event, the City will so provide within ten (10) working days. If the request is made by the Union, it must be with the agreement of the affected employee.

Section 9. The name of the employee involved in the pre-disciplinary hearing shall be kept confidential and shall not be released to the news media by the City without the employee's express written consent.

Section 10. The employee shall have the opportunity to review at reasonable times with reasonable advance notice, on the employee's off-duty time, the employee's personnel file on file with the City Personnel Department. The employee may provide written responses to any comments contained in the employee's personnel file.

Section 11. The City shall not solicit complaints against any employee. Nothing shall, however, prohibit the City from investigating third-party complaints.

Section 12. Disposition of any investigation, including any action taken against the employee, shall be provided in writing and the employee shall be notified of such disposition.

Section 13. After disciplinary action is taken, and, if the employee signs written approval, the City will allow the Union to look at an employee's disciplinary file. However, the Union may not remove or copy any items from an employee's file without the employee's written consent.

Section 14. Upon appeal of a disciplinary action resulting in suspension, demotion or dismissal, the employee will be entitled to have the City provide to the employee or the employee's representative any information relied upon by the City in reaching its decision to discipline the employee. The City shall have the same right to have the employee or the Union provide any information in the employee's possession relating to the allegations resulting in the disciplinary action.

Section 15. Any employee who is interviewed as a part of the pre-disciplinary process and who is not the subject of the disciplinary investigation or pre-disciplinary hearing shall not be entitled to a Union representative or the Union attorney during such interview, nor shall that employee be entitled to any of the other provisions of this Section. If it becomes apparent to the Department during the course of an employee interview that the employee may have engaged in conduct which would subject the employee to disciplinary action, the interviewing party shall stop the interview and proceed in the manner provided above.

Section 16. Any disciplinary action must be initiated within thirty-five (35) working days after the City becomes aware of the incident providing the basis for disciplinary action, provided, however, that the Union and the City may mutually waive or agree to extend this time limit for an additional thirty-five (35) working days for any given proposed disciplinary case. Fire Administration shall have the right to temporarily reassign employees involved in internal investigations until such investigation is completed or disciplinary action is rendered.

ARTICLE 23

DISCIPLINARY ACTION

Section 1. CAUSE OF DISCIPLINARY ACTION. Any action which reflects discredit upon the City service or is a direct hindrance to the effective performance of the municipal government functions shall be considered good cause for disciplinary action against the employee, though charges may be based upon causes and complaints other than those listed.

- A. Habitual use of intoxicating beverages to excess or the use of narcotics.
- B. Has been adjudged guilty of a felony or of a misdemeanor involving moral turpitude.
- C. The taking of intoxicating beverages or intoxication while on duty.
- D. That the employee is guilty of improper political activity as defined in the charter.
- E. Offensive conduct or language toward the public or toward city officers or employees.
- F. Has been guilty of insubordination or any conduct unbecoming to an employee of the City, either on or off duty.
- G. Incompetence to perform the duties of the position.
- H. Damage to or negligence in the care and handling of City property.
- I. Violation of any lawful and reasonable regulation made or given by the employee's superior, where such violation or failure to obey amounts to an act of insubordination or a serious breach of proper discipline; or results, or might reasonably have been expected to result, in loss or injury to the City, or to the public.
- J. Commission of acts or omissions unbecoming an incumbent of the particular office or position held, which render a reprimand, suspension, demotion, or dismissal necessary or desirable for the economical or efficient conduct of the business of the City or for the best interest of the municipal government
- K. Willful violation of any of the provisions of the charter or of these rules.
- L. Has induced or attempted to induce any officer or employee in the city service to commit an illegal act or to act in violation of any lawful and reasonable departmental or official regulation or order or has participated therein.
- M. Solicitation or receipt from any person, participation in any fee, gift, or other valuable thing that is given in the hope or expectation of receiving a favor or better treatment than that accorded other persons.
- N. Use or attempted use of personal or political influence or bribery to secure an advantage in an examination or promotion, leave of absence, transfer, change of grade, pay, or character of work.
- O. Failure to pay just debts, thereby causing embarrassment to the City.
- P. Absence from duty without leave contrary to these rules, or failure to report after leave of absence has expired, or after such leave of

absence has been disapproved or revoked and cancelled by the proper authority.

Violations of the provisions of this Section shall be punishable by reprimand, suspension, demotion, or dismissal.

An employee may be placed on disciplinary probation not to exceed ninety (90) calendar days. The placement on disciplinary probation as provided herein shall not preclude the imposition of other or additional disciplinary action.

A copy of this Section, with any amendments thereto, shall be submitted to the Fire Chief to be posted in such manner as will bring it to the attention of all employees of the Department.

Section 2. REPRIMAND. The Fire Chief may reprimand any employee for cause. Such reprimand shall be in writing and addressed and presented to the employee who will initial receipt. A signed copy shall be delivered to the Personnel Department for inclusion in the employee's personnel file. The employee may submit an explanation or rebuttal. Reprimands may not be appealed to the Personnel Board or arbitration. Written reprimands and rebuttals or explanations thereof shall be removed from an employee's personnel file, including such files within the Department, one year after the filing thereof, provided there is a written request for removal from the affected employee.

Section 3. SUSPENSION. The Fire Chief may suspend an employee without pay for cause for a period or periods not exceeding thirty (30) working days in any twelve months; however, no single suspension shall be for more than fifteen (15) working days. The Fire Chief shall notify the employee concerned in writing not later than one day after the date of suspension is made effective. Such notice shall include the reasons for and the duration of the suspension. Any regular employee who is suspended may appeal for a hearing, in writing, to the Personnel Board or to arbitration within ten (10) working days of notice of suspension.

Section 4. DEMOTION. The Fire Chief may demote an employee for just cause. A written statement of the reasons for any such action shall be furnished to the employee and copy filed with the Fire Chief at least ten (10) working days prior to the effective date of the action. No demotion shall be made as a disciplinary action or on a voluntary basis unless a vacant position exists into which the employee may be demoted or, based upon Department needs and approval of the Fire Chief, such demotion is deemed appropriate. The employee to be demoted must be eligible for employment in the lower class and shall not be demoted if any regular employee in the lower class will be laid off by reason of the action. Any regular employee who is demoted may appeal for a hearing, in writing, to the Personnel Board or to arbitration within ten (10) working days of notice of such action.

Section 5. DISMISSAL. The Fire Chief may dismiss for cause any regular employee under the Fire Chief's jurisdiction by delivering at least ten (10) working days before the effective date of dismissal a written statement of the reasons for dismissal to the employee concerned. If the Fire Chief, because of the reasons for the dismissal, desires to make an immediate separation from the service, the Fire Chief may make a suspension without

pay pending dismissal. By so notifying the employee in writing, such action shall result in permanent separation at the end of the period of such suspension. Suspensions pending dismissal shall not be subject to the limitations provided in other Sections of this Article. In notifying the employee of dismissal as provided, the Fire Chief shall also advise the employee of the right to a pre-dismissal hearing. Any regular employee who has been terminated may appeal for a hearing before the Personnel Board or arbitration. The appeal must be submitted in writing to the Personnel Director or a designated representative any time after written notice of, but no later than ten (10) working days after, the effective date of the termination.

ARTICLE 24

GRIEVANCE AND ARBITRATION PROCEDURE

For the purposes of this Article, the term "working days" shall mean Monday through Friday which excludes Saturday, Sunday, and holidays.

Section 1. The grievance and arbitration procedure set forth herein is designed to preserve harmony and friendly relations between the City and its employees. Furthermore, the grievance procedure is to provide a just and equitable method for the resolution of grievances without discrimination, coercion, restraint, or reprisal against any employee who may submit or be involved in a grievance. The grievance and arbitration procedure shall not be used to change, but to clarify provisions of the Personnel Code, municipal ordinances, Department rules and regulations, and the contract between the Union and the City.

Section 2. A grievance is hereby jointly defined to be any disagreement concerning the interpretation or application of the specific and expressed provisions of this Agreement relating to wages, fringe benefits, or working conditions. If any grievance is applicable to more than one employee, a grievance may be initiated by the Union on behalf of the affected group by naming one such aggrieved employee by name and "all other similarly situated employees."

Section 3. In reducing a grievance to writing, the following information must be stated with reasonable clearness: The exact name of the grievant(s), the act or acts of commission or omission, the exact date of the act or acts of commission or omission, the identity of the party or parties who claim to be aggrieved, the identity of the party or parties alleged to have caused the grievance, the specific provisions of this Agreement that are alleged to have been violated, and the remedy which is sought.

Section 4. Grievances shall be processed in the following manner:

Step 1. Within ten (10) working days of the occurrence of the disagreement giving rise to the grievance, the employee must submit a written request (which may be accomplished by the employee sending an e-mail via the Department's e-mail) to the Department Head for a meeting to discuss the grievance. The Department Head or his designee shall arrange for a meeting with the employee within ten (10) working days from the date of receipt of the employee's actual letter requesting a review as described in this step. The employee is entitled to be represented by a Union representative or by the Union's attorney at this meeting. The Department Head will render a written decision within ten (10) working days of the meeting with the employee.

Step 2. If the grievance is not solved under Step 1, the employee may request a hearing before the Personnel Board or arbitrator by notifying the Personnel Director in writing, within five (5) working days from the date of decision in Step 1. Upon such written notification, the Personnel Director shall arrange for a hearing before the Personnel Board within thirty (30) working days from the date of request as described in this Step.

If such Personnel Board hearing and written decision do not resolve the grievance, then arbitration may be requested under the procedure hereinafter provided.

Section 5. It is understood and agreed that a written grievance taken to arbitration under this Agreement, in order to be valid under this Agreement, must allege a direct violation of the express purpose of the contractual provision in question. It is also understood and agreed that it is the intent of the parties to this Agreement that a written grievance taken to arbitration shall not be valid if such written grievance challenges action taken by the City in the exercise of inherent management rights, except where such written grievance is based upon a clear, express limitation thereon.

Section 6. Upon receipt of a notice of intent to arbitrate a grievance, the City, through its designated representative, and the employee, or his designated representative, shall promptly meet and attempt to select an arbitrator by mutual agreement. If the parties are unable to select an arbitrator by this method, the parties will jointly address a letter to the Federal Mediation and Conciliation Service (FMCS) requesting a list of five (5) qualified arbitrators. The parties agree to develop a list of local arbitrators which may be used by agreement between the parties in a particular case. However, if either party wishes to request a list of arbitrators from the FMCS in lieu of the list of local arbitrators, local arbitrators will not be used. The party filing the notice of intent to arbitrate shall first strike a name from the list and the other party shall then also strike a name from the list until the remaining member of the panel submitted is chosen as an arbitrator. The arbitrator chosen shall promptly schedule a hearing on the merits of the grievance at issue, unless the parties agree to another procedure, and shall thereafter promptly submit a decision resolving the dispute.

Section 7. The arbitrator selected in accordance with the provisions of Section 6 of this Article shall have jurisdiction only to interpret, apply, or determine compliance with the express provisions of this Agreement. The arbitrator shall have no power to add to, subtract from, or modify any of the terms and provisions of this Agreement and he shall consider and render decisions upon only such issues as are directly raised by the written grievance taken to arbitration, and such grievance shall not in any way be changed or amended after it is presented in accordance with the provisions of Sections 5 or 6 of this Article. The arbitrator may interpret the express provisions of this Agreement, only insofar as it is necessary to the determination of the grievance at issue.

Section 8. A grievance may be initiated and prosecuted by the City with regard to actions by the Union which are violations of this Agreement by the filing of such grievance, in writing, with the designated representative of the International Association of Fire Fighters Local No. 644. Notice shall be given by registered mail. Within ten (10) days of the date of delivery of such grievance, the designated representative of the Union, and the City, through its designated representative, shall arrange for a meeting in order to discuss the grievance. The designated representative of the Union shall provide the City, or its designated representative, with a written answer to the grievance within ten (10) working days after the conclusion of such a meeting. If a satisfactory settlement is not reached under this procedure, the City may file a notice of its intention to arbitrate the grievance if such notice is filed with the designated employee representative within ten (10) working days after receipt of the Union's answer as provided in this

Section. Selection, jurisdiction, and conclusiveness shall be the same as set out in Sections 5, 6, and 7 above.

Section 9. If either party is dissatisfied with the arbitrator's decision, it may appeal to a court of competent jurisdiction within Lancaster County, Nebraska.

Section 10. Expenses for the arbitrator's services and the arbitration proceeding in all cases of arbitration shall be borne equally by the parties, and each party shall be responsible for compensating its own representatives and witnesses and its costs incurred in presenting its case to the arbitrator.

Section 11. The time limits provided for in this Article shall be strictly construed and the failure of any moving party to meet the time limits listed in this Article relative to re-submittal of the grievance or notice of intention to arbitrate shall constitute an unconditional acceptance of the remedy promulgated at the last step, or shall constitute a withdrawal of the grievance, whichever is appropriate. The parties may mutually agree to an extension of the times in writing at any step of the grievance procedure.

ARTICLE 25

REDUCTION IN FORCE - LAYOFF, AND RECALL

- Section 1.** Supplementing pertinent sections of Chapter 2.76 of the Personnel Code, an employee terminated due to any reduction in force shall be placed on the appropriate re-employment list for a maximum period of two (2) years with recall priority to be based on seniority within the classification, providing ability and fitness are equal.
- Section 2.** The terminated employee upon call back will not be required to take the normal entry employment or agility tests, if it has been less than one year.
- Section 3.** The terminated employee will be required to submit to and pass a suitable physical examination administered by a physician of the City's designation before any duty assignment.
- Section 4.** Perpetration of any of the acts enumerated in Article 23 may preclude any consideration for re-employment.
- Section 5.** A valid Nebraska driver's license will be required.
- Section 6.** No regular employee in the bargaining unit shall be laid off while there are provisional, probationary, or temporary employees serving in the same job classification. Whenever a bargaining unit position is abolished or a bargaining unit reduction in force becomes necessary, layoffs shall be in reverse order of total service with the City. Bargaining unit members shall retreat to the last classification held immediately prior to their current classification. If a member is not qualified or current in the lower classification, he shall be given thirty (30) days to qualify for the position. When a position which was eliminated through a RIF again becomes available to the affected employee, an employee who retreated shall be reinstated to the higher classification without going through the normal promotion testing process.
- Section 7.** Terminated employees to be recalled shall be given a minimum of seven (7) calendar days to respond after notice has been sent by certified mail to their last known address on record with the Personnel Department.
- Section 8.** Terminated employees who decline recall or who fail to respond as directed within the time allowed, shall be presumed to have resigned and their names shall be removed from seniority and preferred eligible lists.
- Section 9.** An employee not represented by this Agreement shall not be allowed to retreat into a bargaining unit position.

ARTICLE 26

STRIKES AND OTHER DISRUPTIONS OF NORMAL WORK ROUTINE

Section 1. The protection of the public health, safety, and welfare demands that neither the Union, nor any individual City employee in the bargaining unit, or any person acting in concert with them will cause, sanction, or take part in any strike, walkout, sit-down, slowdown, stoppage of work, retarding of work, abnormal absenteeism, withholding of services, or any other interference with the normal work routine of the City without just cause. The provisions of this Article apply as long as this Agreement is in effect.

Section 2. Violation of any provision of this Article by the Union shall be cause for the City to terminate this Agreement upon the giving of written notice to this effect to the President of Local No. 644, Lincoln Firefighters Association, Lincoln, Nebraska, in addition to whatever other remedies may be available to the City at law or in equity.

Section 3. Violation of any of the provisions of this Article by any individual City employee in the bargaining unit shall be just cause for the immediate discharge of that employee in addition to whatever other remedies may be available to the City at law or in equity. No City employee in the bargaining unit shall receive any portion of his salary and/or other fringe benefits while engaging in activity in violation of this Article.

Section 4. The City agrees that it shall not lock out any employees because of a labor dispute or invoke Section 2 or Section 3 of this Article without just cause.

ARTICLE 27

FITNESS FOR DUTY

- Section 1.** The City and the Union shall research and agree upon fitness for duty standards which are mutually acceptable to both parties. The standards shall be set forth in management policy and shall comply with the ADA.
- Section 2.** Upon completion of Section 1, in order to encourage employees to meet the fitness for duty standards, the City will make available to the employees appropriate exercise equipment. Said equipment shall be made available at each station and will be of a type which is necessary for meeting and maintaining the fitness for duty standards. Final authority for purchase of exercise equipment rests with Fire Chief.
- Section 3.** Upon the completion of Section 1, an employee who does not meet the fitness for duty standards shall be given a mutually agreed upon prescribed rehabilitation period under the guidance of both the department's physician and the employee's physician. The employee shall be placed on Temporary Modified Work Assignment during the rehabilitation period in accordance with the duty and non-duty temporary disability policy of the City. All costs associated with the duty related rehabilitation shall be paid by the City.
- Section 4.** If an employee is unable to meet the fitness for duty standards after rehabilitation, the employee may be eligible for a disability pension in accordance with the pension provision.
- Section 5.** If an employee is disabled and/or not able to meet the fitness for duty standards, the City shall make reasonable effort to place the employee in another position within the City if the employee desires such employment.
- Section 6.** Employees who are not covered by the pension disability provisions and who are unable to meet the fitness for duty standards will be reviewed annually for a three (3) year period for re-employment.

The City will pay eighty-four percent (84%) of the monthly cost of family coverage and eighty-four percent (84%) of the monthly cost of 2/4 party coverage.

Section 2. DENTAL PLAN. Regular full-time employees shall be eligible to participate in the dental plan. The City will pay ninety-seven and five-tenths percent (97.5%) of the monthly cost of single coverage and eighty-five and five-tenths percent (85.5%) of the premium cost for 2/4 or family coverage and the employee will pay the balance of the monthly cost of coverage.

Retired members of the Department receiving, or to receive City of Lincoln monthly pension checks, may participate in the group comprehensive health care plan for active City employees, provided that each retiree so desiring will execute the required forms in a timely fashion, and further provided that each retiree will be required to pay the full monthly cost at the current rates subject to any rate increases which may occur from time to time. Such payment will be made by payroll deduction from pension checks, or by direct payment in the case of an early retiree.

Section 6. POST EMPLOYMENT HEALTH PLAN (PEHP). The City shall provide a Post Employment Health Plan, which allows for the accumulation of funds for the future payment of medical expenses and premiums. The amount of dollars paid into the employee's PEHP account, by the City on behalf of the employee, shall be fifty dollars (\$50.00) per pay period for the duration of the contract. In addition, upon retirement or death a portion of the employee's sick leave balance shall be added (paid) into the employee's PEHP premium account. This amount shall be as specified under Article 29, Section 1. The PEHP will be considered by both parties as part of the total compensation for the computation of wages and benefits.

ARTICLE 29

An employee must keep his Deputy Fire Chief informed of his condition. This shall be on a daily basis unless waived by the Fire Chief or his designated representative. Generally, an employee will be required to submit a medical certificate for absences in excess of four (4) continuous days unless required by the Fire Chief to submit a medical certificate for any absence. After twenty (20) years of service - At the factored hourly equivalent of twenty-three (23) days per year, or one hundred eighty-four (184) hours.

The Fire Chief may require that vacation leave be taken not less than one (1) day at a time. For the purposes of determining years of service for vacation leave, the term "year" shall mean "calendar year". Vacation leave shall not accrue during a leave of absence without pay.

No vacation leave shall be granted during the probationary period after original appointment, but upon satisfactory completion of such period, vacation leave shall accrue to the employee for the time served during the probationary period. The Fire Chief shall keep records on vacation leave credit and use and shall schedule vacation leave with particular regard to the seniority of employees, to accord with operating requirements, and insofar as possible with requests of employees.

Any employee who has completed his probationary period after original appointment and leaves the City service in good standing after giving two (2) weeks notice of such termination of employment shall be compensated for vacation leave accrued and accumulated to the date of separation. Such two (2) week notice may be reduced or waived by the Fire Chief in the event of extenuating circumstances.

For the purpose of maintaining necessary personnel on duty to accomplish City work, the Fire Chief, with approval of the Mayor, may waive accumulated vacation leave in excess of ten (10) working shifts for any employee entitled to more than ten (10) working shifts vacation leave in any year and in lieu thereof grant such employee additional pay at his usual rate of pay as of the last January 1; provided, the Fire Chief shall not waive vacation and grant additional pay in lieu thereof as provided above, unless there are sufficient funds therefore in the Department's budget for salaries. All additional pay for such waived vacation shall be paid to the employees entitled thereto in the first full pay period in the month of July of each year.

Whenever a member of the bargaining unit, because of a line-of-duty injury cannot utilize his vacation during that calendar year, the employee shall have the unused portion of his vacation paid into the PEHP in the first full pay period of the following July.

SELECTION OF VACATION DAYS: Vacation picks on each shift will begin with Fire Administration contacting each individual employee in descending order of Department seniority and asking for that individual's first pick of vacation days in the manner as outlined below in A and B. Employees' selections shall be awarded based on the relative Department seniority of each employee irrespective of classification or rank. Vacation selection

must be completed by October 31 of the calendar year preceding the year vacation is to be taken.

- A) First pick:
1. Employees having seven (7) or more shifts of vacation earned the previous year will select a seven (7) shift working set. A year-end extension will be granted for sets beginning in one calendar year and ending in the next calendar year.
 2. Employees who have earned less than seven (7) shifts during the previous calendar year will select a portion of a working set to utilize their vacation shifts. A year-end extension will be granted for sets beginning in one calendar year and ending in the next calendar year.
- B) Second pick: Employees will select those remaining work shifts accrued by Department members in excess of seven (7) shifts earned the previous year. The remaining work shifts will be selected in twenty-four (24) hour increments until all days are picked.

Any vacation hours of less than twelve (12) shall be paid into the employee's PEHP account during the first pay period of the calendar year, based upon the employee's current hourly rate.

Section 3. FUNERAL LEAVE.

- A. In the case of death of the mother, father, stepmother, stepfather, brother, sister, husband, wife, child, stepchild, mother-in-law, father-in-law, grandparent, grandchild, or in the case of death of any other relative residing in the immediate household of a regular employee, the employee shall be allowed two (2) days funeral leave with regular pay without deduction from his pay or accumulated sick leave to attend the funeral or memorial service.
- B. In the case of death of a sister in-law, brother-in-law, daughter-in-law, son-in-law, aunt, uncle, nephew, or niece of a regular employee, the regular employee shall be allowed one (1) day funeral leave with regular pay without deduction from his pay or accumulated sick leave to attend the funeral or memorial service.
- C. In addition, a regular employee may be allowed to use up to four (4) working days of his accumulated sick leave in the case of death of any of the above designated persons for the days before or following the funeral to attend the funeral or memorial service, and for travel to and from the funeral or memorial service.

For purposes of this Section, the term "day" shall be as defined in Section 1.

Section 4. INJURY LEAVE. In the event an unusual circumstance exists regarding the original six (6) months of injury leave, and the employee did not use injury leave hours due to the injury or did not lose work time, the Fire Chief with the approval of the Personnel Director may extend such injury leave. However, under no circumstances shall the total time granted

be greater than twelve (12) months of injury leave, or an actual six (6) months of lost work time because of the injury.

Section 4 supplements injury leave with pay as addressed in Pension Ordinances 2.62 or 2.65, whichever applies.
