**BILL NUMBER**

BRIEF TITLE <u>Correction to the Mechanical Code Refrigeration Chapter</u>	APPROVAL DEADLINE	RE

**DETAILS**

**POSITIONS/RECOMMENDATIONS**

<p>See attached Proposed Ordinance change. This Section was omitted at the time of adoption of the Lincoln Mechanical Code 25.04. It was the intent of the code development committee to include a provision to register contractors doing refrigeration work in our jurisdiction without taking an exam. The contractors shall submit the required insurance coverage and proof of (4) years of experience to become registered. Upon confirmation they shall pay the registration fee (\$250) and be issued permits to do refrigeration work only. The registered and non registered Refrigeration Contractors in Lincoln were consulted during the code development. They stated that their companies were not large enough to manage large projects such as Super Markets, Ice Arena's, and Food Storage Warehouses. Projects of this type are typically performed by larger companies from other cities. The Chapter on Refrigeration is newly adopted as of Dec. 27<sup>th</sup>, 2011. Previously the City of Lincoln did not issue permits or perform inspections on refrigeration systems.</p>	Sponsor	Dept. of Building and Safety
