

NO. DACW45-1-15-6020

DEPARTMENT OF THE ARMY
LEASE TO NON-STATE GOVERNMENTAL AGENCIES
FOR PUBLIC PARK AND RECREATIONAL PURPOSES
SALT CREEK AND TRIBUTARIES, DAM SITE NO. 17, HOLMES LAKE
LANCASTER COUNTY, NEBRASKA

THIS LEASE is made on behalf of the United States, between the **SECRETARY OF THE ARMY**, hereinafter referred to as the Secretary, and the **City of Lincoln, Nebraska, Parks and Recreation Department**, hereinafter referred to as the Lessee,

WITNESSETH:

That the Secretary, by authority of Title 16, United States Code, Section 460d, and for the consideration hereinafter set forth, hereby leases to the Lessee, the property identified in **Exhibit "A"**, attached hereto and made a part hereof consisting of approximately 333.75 acres, hereinafter referred to as the Premises, for public park and recreational purposes.

THIS LEASE is granted subject to the following conditions:

1. TERM

Said Premises are hereby leased for a term of **twenty-five (25) years**, beginning **May 1, 2015** and ending **April 30, 2040**.

2. CONSIDERATION

The consideration for this lease is the operation and maintenance of the Premises by the Lessee for the benefit of the United States and the general public in accordance with the conditions herein set forth.

3. NOTICES

All correspondence and notices to be given pursuant to this lease shall be addressed in writing, if to the Lessee, to **Lincoln Parks and Recreation Department, Assistant Director of Parks Operations, ATTN: Mr. Jerry Shorney, 2740 "A" Street, Lincoln, Nebraska 68502; phone: (402) 441-8259** and, if to the United States, to the District Engineer, ATTN: Chief, Real Estate Division, 1616 Capitol Avenue, Suite 9000, Omaha, Nebraska 68102-9000, hereinafter referred to as the District Engineer, or as may from time to time otherwise be directed by the parties. Notice shall be deemed to have been duly given if and when enclosed in a properly sealed envelope, or wrapper, addressed as aforesaid, and deposited postage prepaid in a post office regularly maintained by the United States Postal Service.

original Encl'

4. AUTHORIZED REPRESENTATIVES INCLUDED

Except as otherwise specifically provided, any reference herein to "Secretary of the Army," "District Engineer," "Government", "said officer" or "Lessor" shall include their duly authorized representatives. Any reference to "Lessee" shall include sublessees, assignees, transferees, concessionaires, and its duly authorized representatives.

5. DEVELOPMENT PLANS

The Lessee shall be guided by an annual Plan of Operation and Maintenance in furtherance of the Lessee's implementing Plan of Recreation Development and Management (Development Plan) attached as **Exhibit "B"** which shows the facilities and services necessary to meet the current and potential public demand and the management and development activities to be undertaken by the Lessee and any sublessees. No later than **April 15** of each year the Lessee will submit the annual Plan to be mutually agreed on between the Lessee and the District Engineer. Such annual Plan shall include but is not limited to the following:

a. Plans for management, maintenance and development activities to be undertaken by the Lessee and any sublessees.

b. Report of the management, maintenance and development accomplishments of the Lessee for the preceding year.

c. Report on any significant modification of policies or procedures, which are planned for the following year as well as those implemented in the preceding year.

d. Minor modifications to the Development Plan. Major modifications are to be accomplished by amendment to the Plan before proceeding to implement any changes in the development or management of the leased Premises.

e. Budget of the Lessee for carrying out all activities for the upcoming year.

f. Personnel to be used in the management of the leased Premises.

g. Annual certification that all water and sanitary systems on the Premises have been inspected and comply with Federal, state and local standards. Lessee will also provide a statement of compliance with the Rehabilitations Act and the Americans with Disabilities Act, as required in the condition on **NON-DISCRIMINATION**, noting any deficiencies and providing a schedule for correction.

The use and occupation of the Premises shall be subject to the general supervision and approval of the District Engineer. During the term of the lease, the District Engineer will notify the Lessee of any updates to the existing project Master Plan affecting the Premises and the Lessee may provide comments.

6. STRUCTURES AND EQUIPMENT

The Lessee shall have the right, during the term of the lease, to erect such structures and to provide such equipment upon the Premises as may be necessary to furnish the facilities and services authorized. Those structures and equipment shall be and remain the property of the Lessee, except as otherwise provided in the **Condition in paragraph 17 on RESTORATION**. However, no structures may be erected or altered upon the Premises unless and until the type of use, design, and proposed location or alteration thereof shall have been approved in writing by the District Engineer. The District Engineer may require the Lessee, upon the completion of each of the proposed developments to furnish complete "as built" construction plans for all facilities.

7. APPLICABLE LAWS AND REGULATIONS

The Lessee shall comply with all applicable Federal laws and regulations and with all applicable laws, ordinances, and regulations of the state, county, and municipality wherein the Premises are located, including, but not limited to, those regarding construction, health, safety, food service, water supply, sanitation, use of pesticides, and licenses or permits to do business. The Lessee shall make and enforce such regulations as are necessary and within its legal authority in exercising the privileges granted in this lease, provided that such regulations are not inconsistent with those issued by the Secretary of the Army or with the provisions of 16 U.S.C. §460d.

8. CONDITION OF PREMISES

The Lessee acknowledges that it has inspected the Premises, knows its condition, and understands that the same is leased without any representations or warranties whatsoever and without obligation on the part of the United States to make any alterations, repairs, or additions thereto.

9. FACILITIES AND SERVICES

The Lessee shall provide the facilities and services as agreed upon in the Development Plan referred to in the **Condition in paragraph 5 on DEVELOPMENT PLANS** either directly or through subleases or concession agreements that have been reviewed and accepted by the District Engineer. These subleases or agreements shall state: (1) that they are granted subject to the provisions of this lease; and (2) that the agreement will not be effective until the third party activities have been approved by the District Engineer. The Lessee will not allow any third party activities with a rental to the Lessee or prices to the public which would give the third party an undue economic advantage or circumvent the intent of the Development Plan. The rates and prices charged by the Lessee or its sub-lessees or concessionaires shall be reasonable and comparable to rates charged for similar goods and services by others in the area. The use of sublessees and concessionaires will not relieve the Lessee from the primary responsibility for ensuring compliance with all of the terms and conditions of this lease.

10. TRANSFERS, ASSIGNMENTS, SUBLEASES

a. Without prior written approval of the District Engineer, the Lessee shall neither transfer nor assign this lease nor sublet the Premises or any part thereof, nor grant any interest, privilege, or license whatsoever in connection with this lease.

b. The lessee will not sponsor or participate in timeshare ownership of any structures, facilities, accommodations or personal property on the Premises. The Lessee will not subdivide nor develop the Premises into private residential development.

11. FEES

Fees may be charged by the lessee for the entrance to or use of the Premises or any facilities, **including events and concessions on the Premises**, however, no user fees may be charged by the Lessee or its sublessees for use of facilities, developed in whole or part with federal funds if such charge is prohibited by 16 U.S.C. § 460d-3, as amended.

12. ACCOUNTS, RECORDS AND RECEIPTS

All monies received by the Lessee from operations conducted on the Premises, including, but not limited to, entrance, admission and user fees and rental or other consideration received from its concessionaires, may be utilized by the Lessee for the administration, maintenance, operation and development of the Premises. Beginning **five (5)** years from the date of this lease and continuing at 5-year intervals, any such monies not so utilized or programmed for utilization within a reasonable time shall be paid to the District Engineer. The Lessee shall establish and maintain accurate records and accounts and provide an annual statement of receipts and expenditures to the District Engineer. Annual or weekly entrance fees not collected on the Project, which also are honored at other recreational areas operated by the Lessee, are excluded from this requirement. The District Engineer shall have the right to perform audits or to require the Lessee to audit the records and accounts of the Lessee, third party concessionaires and sublessees, in accordance with auditing standards and procedures promulgated by the American Institute of Certified Public Accountants or by the state, and furnish the District Engineer with the results of such an audit.

13. PROTECTION OF PROPERTY

The Lessee shall be responsible for any damage that may be caused to property of the United States by the activities of the Lessee under this lease and shall exercise due diligence in the protection of all property located on the Premises against fire or damage from any and all other causes. Any property of the United States damaged or destroyed by the Lessee incident to the exercise of the privileges herein granted shall be promptly repaired or replaced by the Lessee to the satisfaction of the District Engineer, or, at the election of the District Engineer, reimbursement may be made therefor by the Lessee in an amount necessary to restore or replace the property to a condition satisfactory to the District Engineer.

14. RIGHT TO ENTER AND FLOOD

The right is reserved to the United States, its officers, agents, and employees to enter upon the Premises at any time and for any purpose necessary or convenient in connection with Government work; to make inspections; to remove timber or other material, except property of the Lessee; to flood the Premises; to manipulate the level of the lake or pool in any manner whatsoever; and/or to make any other use of the land as may be necessary in connection with project purposes, and the Lessee shall have no claim for damages on account thereof against the United States or any officer, agent, or employee.

15. LIGHTS, SIGNALS AND NAVIGATION

There shall be no unreasonable interference with navigation by the exercise of the privileges granted by this lease. If the display of lights and signals on any work hereby authorized is not otherwise provided for by law, such lights and signals as may be prescribed by the Coast Guard or by the District Engineer shall be installed and maintained by and at the expense of the Lessee.

16. INSURANCE

a. At the commencement of this lease, the Lessee, unless self-insured, and its sublessees and concessionaires at the commencement of operating under the terms of this lease as third parties, shall obtain from a reputable insurance company or companies contracts of liability insurance. The insurance shall provide an amount not less than that which is prudent, reasonable and consistent with sound business practices or a minimum Combined Single Limit of **\$1,000,000**, whichever is greater, for any number of persons or claims arising from any one incident with respect to bodily injuries or death resulting therefrom, property damage, or both, suffered or alleged to have been suffered by any person or persons, resulting from the operations of the Lessee, sublessees and concessionaires under the terms of this lease. The Lessee shall require its insurance company to furnish to the District Engineer a copy of the policy or policies, or, if acceptable to the District Engineer, certificates of insurance evidencing the purchase of such insurance. The minimum amount of liability insurance coverage is subject to revision by the District Engineer every **three (3)** years or upon renewal or modification of this lease.

b. The insurance policy or policies shall specifically provide protection appropriate for the types of facilities, services and products involved; and shall provide that the District Engineer be given thirty (30) days notice of any cancellation or change in such insurance.

c. In the event the Lessee is self-insured, the Lessee shall certify such self-insurance in writing in the minimum amount specified above to the District Engineer **at the commencement of this lease and thereafter upon request by the District Engineer**. The Lessee's insurance status shall not eliminate the requirement for its sublessees and concessionaires to have insurance from a reputable insurance carrier as set out above.

d. The District Engineer may require closure of any or all of the Premises during any period for which Lessee and/or its sublessees and concessionaires do not have the required insurance coverage.

17. RESTORATION

On or before the expiration of this lease or its termination by the Lessee, the Lessee shall vacate the Premises, remove the property of the Lessee, and restore the Premises to a condition satisfactory to the District Engineer. If, however, this lease is revoked, the Lessee shall vacate the Premises, remove said property therefrom, and restore the Premises to the aforesaid condition within such time as the District Engineer may designate. In either event, if the Lessee shall fail or neglect to remove said property and so restore the Premises, then, at the option of the District Engineer, said property shall either become the property of the United States without compensation therefor, or the District Engineer may cause the property to be removed and no claim for damages against the United States or its officers or agents shall be created by or made on account of such removal and restoration work. The Lessee shall also pay the United States on demand any sum which may be expended by the United States after the expiration, revocation, or termination of this lease in restoring the Premises.

18. NON-DISCRIMINATION

a. The Lessee shall not discriminate against any person or persons or exclude them from participation in the Lessee's operations, programs or activities conducted on the leased Premises, because of race, color, religion, sex, age, handicap, or national origin. The Lessee will comply with the Americans with Disabilities Act and attendant Americans with Disabilities Act Accessibility Guidelines (ADAAG) published by the Architectural and Transportation Barriers Compliance Board.

b. The Lessee, by acceptance of this lease, is receiving a type of Federal assistance and, therefore, hereby gives assurance that it will comply with the provisions of Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. § 2000d); the Age Discrimination Act of 1975 (42 U.S.C. § 6102); the Rehabilitation Act of 1973, as amended (29 U.S.C. § 794); and all requirements imposed by or pursuant to the Directive of the Department of Defense (32 CFR Part 300) issued as Department of Defense Directives 5500.11 and 1020.1, and Army Regulation 600-7. This assurance shall be binding on the Lessee, its agents, successors, transferees, sublessees and assignees.

19. SUBJECT TO EASEMENTS

This lease is subject to all existing easements, easements subsequently granted, and established access routes for roadways and utilities located, or to be located, on the Premises, provided that the proposed grant of any new easement or route will be coordinated with the Lessee, and easements will not be granted which will, in the opinion of the District Engineer, interfere with developments, present or proposed, by the Lessee. The Lessee will not close any established access routes without written permission of the District Engineer.

20. SUBJECT TO MINERAL INTERESTS

This lease is subject to all outstanding mineral interests. As to federally owned mineral interests, it is understood that they may be included in present or future mineral leases issued by the Bureau of Land Management (BLM), which has responsibility for mineral development on Federal lands. The Secretary will provide lease stipulations to BLM for inclusion in such mineral leases that are designed to protect the Premises from activities that would interfere with the Lessee's operations or would be contrary to local laws.

21. COMPLIANCE, CLOSURE, REVOCATION AND RELINQUISHMENT

a. The Lessee and/or any sublessees or licensees are charged at all times with full knowledge of all the limitations and requirements of this lease, and the necessity for correction of deficiencies, and with compliance with reasonable requests by the District Engineer. This lease may be revoked in the event that the Lessee violates any of the terms and conditions and continues and persists in such non-compliance, or fails to obtain correction of deficiencies by sub-lessees or licensees. The Lessee will be notified of any non-compliance, which notice shall be in writing or shall be confirmed in writing, giving a period of time in which to correct the non-compliance. Failure to satisfactorily correct any substantial or persistent non-compliance within the specified time is grounds for closure of all or part of the Premises, temporary suspension of operation, or revocation of the lease, after notice in writing of such intent. Future requests by the Lessee to extend the lease, expand the Premises, modify authorized activities, or assign the lease shall take into consideration the Lessee's past performance and compliance with the lease terms.

b. This lease may be relinquished by the Lessee by giving one (1) year prior written notice to the District Engineer in the manner prescribed in the **Condition in paragraph 3 on NOTICES**.

22. HEALTH AND SAFETY

a. The Lessee shall keep the Premises in good order and in a clean, sanitary, and safe condition and shall have the primary responsibility for ensuring that any sublessees and concessionaires operate and maintain the Premises in such a manner.

b. In addition to the rights of revocation for non-compliance, the District Engineer, upon discovery of any hazardous conditions on the Premises that presents an immediate threat to health and/or danger to life or property, will so notify the Lessee and will require that the affected part or all of the Premises be closed to the public until such condition is corrected and the danger to the public eliminated. If the condition is not corrected within the time specified, the District Engineer will have the option to: (1) correct the hazardous conditions and collect the cost of repairs from the Lessee; or, (2) revoke the lease. The Lessee and its assignees or sublessees shall have no claim for damages against the United States, or any officer, agent, or employee thereof on account of action taken pursuant to this condition.

23. PUBLIC USE

No attempt shall be made by the Lessee, or any of its sublessees or concessionaires, to forbid the full use by the public of the Premises and of the water areas of the project, subject, however, to the authority and responsibility of the Lessee to manage the Premises and provide safety and security to the visiting public.

24. PROHIBITED USES

a. The Lessee shall not permit gambling on the Premises. Specifically prohibited are the use of gambling devices, such as slot machines, video gambling machines, or other casino type devices that would detract from the family atmosphere. District Engineers may allow the sale of state lottery tickets, in accordance with state and local laws and regulations, as long as the sale of tickets constitutes a collateral activity, rather than primary activity, of the Lessee. The Lessee shall not install or operate, or permit to be installed or operated thereon, any device which is illegal; or use the Premises or permit them to be used for any illegal business or purpose. There shall not be conducted on or permitted upon the Premises any activity which would constitute a nuisance.

b. As an exception, some games of chance, such as raffles, games and sporting events, may be conducted by nonprofit organizations under special use permits issued in conjunction with special events, if permissible by state and local law. Any request to conduct such activities must be submitted in writing to the District Engineer.

c. In accordance with state and local laws and regulations, the Lessee may sell, store, or dispense, or permit the sale, storage, or dispensing of beer, malt beverages, light wines or other intoxicating beverages on the Premises in those facilities where such service is customarily found. Bar facilities will only be permitted if offered in connection with other approved activities. Advertising of such beverages outside of buildings is not permitted. Carry out package sales of hard liquor is prohibited.

25. NATURAL RESOURCES

The Lessee shall cut no timber, conduct no mining operations, remove no sand, gravel, or kindred substances from the ground, commit no waste of any kind, nor in any manner substantially change the contour or condition of the Premises, except as may be authorized under and pursuant to the Development Plan described in the **Condition in paragraph 5** on DEVELOPMENT PLANS herein. The Lessee may salvage fallen or dead timber; however, no commercial use shall be made of such timber. Except for timber salvaged by the Lessee when in the way of construction of improvements or other facilities, all sales of forest products will be conducted by the United States and the proceeds therefrom shall not be available to the Lessee under the provisions of this lease.

26. DISPUTES CLAUSE

a. Except as provided in the Contract Disputes Act of 1978 (41 U.S.C. 601-613) (the Act), all disputes arising under or relating to this lease shall be resolved under this clause and the provisions of the Act.

b. "Claim," as used in this clause, means a written demand or written assertion by the Lessee seeking, as a matter of right, the payment of money in a sum certain, the adjustment of interpretation of lease terms, or other relief arising under or relating to this lease. A claim arising under this lease, unlike a claim relating to that lease, is a claim that can be resolved under a lease clause that provides for the relief sought by the Lessee. However, a written demand or written assertion by the Lessee seeking the payment of money exceeding \$100,000 is not a claim under the Act until certified as required by subparagraph c.(2) below.

c. (1) A claim by the Lessee shall be made in writing and submitted to the District Engineer for a written decision. A claim by the Government against the Lessee shall be subject to a written decision by the District Engineer.

(2) For Lessee claims exceeding \$100,000, the Lessee shall submit with the claim a certification that:

(i) The claim is made in good faith;

(ii) Supporting data are accurate and complete to the best of the Lessee's knowledge and belief; and

(iii) The amount requested accurately reflects the lease adjustment for which the Lessee believes the Government is liable.

(3) If the Lessee is an individual, the certificate shall be executed by that individual. If the Lessee is not an individual, the certification shall be executed by:

(i) A senior company official in charge at the Lessee's location involved; or

(ii) An officer or general partner of the Lessee having overall responsibility of the conduct of the Lessee's affairs.

d. For Lessee claims of \$100,000 or less, the District Engineer must, if requested in writing by the Lessee, render a decision within 60 days of the request. For Lessee-certified claims over \$100,000, the District Engineer must, within 60 days, decide the claim or notify the Lessee of the date by which the decision will be made.

e. The District Engineer's decision shall be final unless the Lessee appeals or files a suit as provided in the Act.

f. At the time a claim by the Lessee is submitted to the District Engineer or a claim by the Government is presented to the Lessee, the parties, by mutual consent, may agree to use alternative means of dispute resolution. When using alternate dispute resolution procedures, any claim, regardless of amount, shall be accompanied by the certificate described in paragraph c.(2) of this clause, and executed in accordance with paragraph c.(3) of this clause.

g. The Government shall pay interest on the amount found due and unpaid by the Government from (1) the date the District Engineer received the claim (properly certified if required), or (2) the date payment otherwise would be due, if that date is later, until the date of payment. Simple interest on claims shall be paid at the rate, fixed by the Secretary of the Treasury, as provided in the Act, which is applicable to the period during which the District Engineer receives the claim, and then at the rate applicable for each 6-month period as fixed by the Treasury Secretary during the pendency of the claim.

h. The Lessee shall proceed diligently with the performance of the lease, pending final resolution of any request for relief, claim, appeal, or action arising under the lease, and comply with any decision of the District Engineer.

27. ENVIRONMENTAL PROTECTION

a. Within the limits of their respective legal powers, the parties to this lease shall protect the project against pollution of its air, ground, and water. The Lessee shall comply promptly with any laws, regulations, conditions or instructions affecting the activity hereby authorized, if and when issued by the Environmental Protection Agency, or any Federal, state, interstate or local governmental agency having jurisdiction to abate or prevent pollution. The disposal of any toxic or hazardous materials within the leased area is specifically prohibited. Such regulations, conditions, or instructions in effect or prescribed by the Environmental Protection Agency, or any Federal, state, interstate or local governmental agency, are hereby made a condition of this lease. The Lessee shall require all sanitation facilities on boats moored at the Lessee's facilities, including rental boats, to be sealed against any discharge into the lake. Services for waste disposal, including sewage pump-out of watercraft, shall be provided by the Lessee as appropriate. The Lessee shall not discharge waste or effluent from the Premises in such a manner that the discharge will contaminate streams or other bodies of water or otherwise become a public nuisance.

b. The Lessee will use all reasonable means available to protect the environment and natural resources, and where damage nonetheless occurs from the lessee's activities, the Lessee shall be liable to restore the damaged resources.

c. **Except as provided for in the annual plan provided by the Lessee pursuant to Section 5.c., the Lessee must obtain approval in writing from the District Engineer before any pesticides or herbicides are applied to the Premises.**

28. ENVIRONMENTAL CONDITION OF PROPERTY

An Environmental Condition of Property (ECP) documenting the known history of the property with regard to the storage, release or disposal of hazardous substances attached hereto and made a part hereof as Exhibit "C". Upon expiration, revocation or termination of this lease, another ECP shall be prepared which will document the environmental condition of the property at that time. A comparison of the two assessments will assist the District Engineer in determining any environmental restoration requirements. Any such requirements will be completed by the lessee in accordance with the condition in paragraph 17 on RESTORATION.

29. HISTORIC PRESERVATION

The Lessee shall not remove or disturb, or cause or permit to be removed or disturbed, any historical, archaeological, architectural or other cultural artifacts, relics, remains, or objects of antiquity. In the event such items are discovered on the Premises, the Lessee shall immediately notify the District Engineer and protect the site and the material from further disturbance until the District Engineer gives clearance to proceed.

30. SOIL AND WATER CONSERVATION

The Lessee shall maintain in a manner satisfactory to the District Engineer, all soil and water conservation structures that may be in existence upon said Premises at the beginning of, or that may be constructed by the Lessee during the term of this lease, and the Lessee shall take appropriate measures to prevent or control soil erosion within the Premises. Any soil erosion occurring outside the Premises resulting from the activities of the Lessee shall be corrected by the Lessee as directed by the District Engineer.

31. TRANSIENT USE

a. Camping, including transient trailers or recreational vehicles, at one or more campsites for a period longer than thirty (30) days during any sixty (60) consecutive day period is prohibited. The Lessee will maintain a ledger and reservation system for the use of any such campsites.

b. Occupying any lands, buildings, vessels or other facilities within the Premises for the purpose of maintaining a full- or part-time residence is prohibited, except for employees residing on the Premises for security purposes, if authorized by the District Engineer.

32. COVENANT AGAINST CONTINGENT FEES

The Lessee warrants that no person or selling agency has been employed or retained to solicit or secure this lease upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies

maintained by the Lessee for the purpose of securing business. For breach or violation of this warranty, the United States shall have the right to annul this lease without liability or, in its discretion, to require the Lessee to pay, in addition to the lease rental or consideration, the full amount of such commission, percentage, brokerage, or contingent fee.

33. OFFICIALS NOT TO BENEFIT

No Member of or Delegate to Congress or Resident Commissioner shall be admitted to any share or part of this lease or to any benefits to arise therefrom. However, nothing herein contained shall be construed to extend to any incorporated company if the lease be for the general benefit of such corporation or company.

34. MODIFICATIONS

This lease contains the entire agreement between the parties hereto, and no modification of this agreement, or waiver, or consent hereunder shall be valid unless the same be in writing, signed by the parties to be bound or by a duly authorized representative; and this provision shall apply to this clause as well as all other conditions of this lease.

35. DISCLAIMER

This lease is effective only insofar as the rights of the United State in the Premises are concerned; and the Lessee shall obtain such permission as may be required on account of any other existing rights. It is understood that the granting of this lease does not eliminate the necessity of obtaining any Department of the Army permit which may be required pursuant to the provisions of Section 10 of the Rivers and Harbors Act of 3 March 1899 (30 Stat. 1151; 33 U.S.C. § 403), or section 404 of the Clean Water Act (33 U.S.C. § 1344).

Prior to the execution of this lease, the following site specific Conditions Nos. 36 thru 41 were added hereto and made a part hereof:

36. GENERAL MAINTENCE OF THE PROJECT

a. The Lessee shall not be responsible for repairing major damage to the embankments, spillways, channels, outlet works and other flood protection structures and facilities such as replacement of the up-stream gravel slope protection eroded by heavy rain or high waters, however, the Lessee shall be responsible for the routine maintenance of the afore-said project facilities.

b. The Lessee shall not permit any encroachment or trespass which will adversely affect the efficient operation or maintenance of the project.

c. The Lessee shall make no alterations to the flood control facilities of the project without the prior approval of the District Engineer.

d. The Lessee shall be responsible for maintenance of the grass and shall take measures to promote the growth of grass, exterminate burrowing animals, provide for the routine mowing of grass and weeds with particular care to be given to the grassed areas of the dam, spillway, discharge and connection channels. The dam shall be mowed at least twice per year, with the first mow prior to July 1st and the second mow prior to October 1st. While mowing the dam, care shall be taken not to damage flood control instrumentation. The Lessee shall also provide for the removal of drift, and repair damage caused by erosion or other forces. The maintenance required of the Lessee includes the application of chemical weed and brush killers where necessary, particularly on the dam to prohibit woody vegetation.

37. DAM EMBANKMENT, SPILLWAY, CHANNEL AND OUTLETS

The Lessee will make frequent inspections and take such corrective action as is necessary to keep the structures in operating condition.

38. FENCING, SPECIAL COST, AND PUBLIC ACCESS

The Lessee shall provide without cost to the United States and in accordance with **Condition No. 6** of the lease, all fencing and special costs related to recreational development in the reservoir. The Lessee shall maintain in good condition any fencing it may erect and also any fencing unrelated to recreation purposes which is erected by the United States.

39. EXECUTIVE ORDER 13658

a. Any reference in this section to "prime contractor" or "contractor" shall mean the Lessee and any reference to "contract" shall refer to the Lease. The parties expressly stipulate this contract is subject to Executive Order 13658, the regulations issued by the Secretary of Labor in 29 CFR part 10 pursuant to the Executive Order, and the following provisions.

b. Minimum Wages. (1) Each worker (as defined in 29 CFR 10.2) engaged in the performance of this contract by the prime contractor or any subcontractor, regardless of any contractual relationship which may be alleged to exist between the contractor and worker, shall be paid not less than the applicable minimum wage under Executive Order 13658.

(2) The minimum wage required to be paid to each worker performing work on or in connection with this contract between January 1, 2015 and December 31, 2015 shall be \$10.10 per hour. The minimum wage shall be adjusted each time the Secretary of Labor's annual determination of the applicable minimum wage under section 2(a)(ii) of Executive Order 13658 results in a higher minimum wage. Adjustments to the Executive Order minimum wage under section 2(a)(ii) of Executive Order 13658 will be effective for all workers subject to the Executive Order beginning January 1 of the following year. If appropriate, the contracting officer, or other agency official overseeing this contract shall ensure the contractor is compensated only for the increase in labor

costs resulting from the annual inflation increases in the Executive Order 13658 minimum wage beginning on January 1, 2016. The Secretary of Labor will publish annual determinations in the Federal Register no later than 90 days before such new wage is to take effect. The Secretary will also publish the applicable minimum wage on www.wdol.gov (or any successor Web site). The applicable published minimum wage is incorporated by reference into this contract.

(3) The contractor shall pay unconditionally to each worker all wages due free and clear and without subsequent deduction (except as otherwise provided by 29 CFR 10.23), rebate, or kickback on any account. Such payments shall be made no later than one pay period following the end of the regular pay period in which such wages were earned or accrued. A pay period under this Executive Order may not be of any duration longer than semi-monthly.

(4) The prime contractor and any upper-tier subcontractor shall be responsible for the compliance by any subcontractor or lower-tier subcontractor with the Executive Order minimum wage requirements. In the event of any violation of the minimum wage obligation of this clause, the contractor and any subcontractor(s) responsible therefore shall be liable for the unpaid wages.

(5) If the commensurate wage rate paid to a worker on a covered contract whose wages are calculated pursuant to a special certificate issued under 29 U.S.C. 214(c), whether hourly or piece rate, is less than the Executive Order minimum wage, the contractor must pay the Executive Order minimum wage rate to achieve compliance with the Order. If the commensurate wage due under the certificate is greater than the Executive Order minimum wage, the contractor must pay the 14(c) worker the greater commensurate wage.

c. **Withholding.** The agency head shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the prime contractor under this or any other Federal contract with the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay workers the full amount of wages required by Executive Order 13658.

d. **Contract Suspension/Contract Termination/Contractor Debarment.** In the event of a failure to pay any worker all or part of the wages due under Executive Order 13658 or 29 CFR part 10, or a failure to comply with any other term or condition of Executive Order 13658 or 29 CFR part 10, the contracting agency may on its own action or after authorization or by direction of the Department of Labor and written notification to the contractor, take action to cause suspension of any further payment, advance or guarantee of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the contract work. In such event, the Government may enter into other contracts or arrangements for completion of the work, charging the contractor in default with any additional cost. A breach of the contract clause may be grounds for debarment as a contractor and subcontractor as provided in 29 CFR 10.52.

e. The contractor may not discharge any part of its minimum wage obligation under Executive Order 13658 by furnishing fringe benefits or, with respect to workers whose wages are governed by the Service Contract Act, the cash equivalent thereof.

f. Nothing herein shall relieve the contractor of any other obligation under Federal, State or local law, or under contract, for the payment of a higher wage to any worker, nor shall a lower prevailing wage under any such Federal, State, or local law, or under contract, entitle a contractor to pay less than \$10.10 (or the minimum wage as established each January thereafter) to any worker.

g. Payroll Records. (1) The contractor shall make and maintain for three years records containing the information specified in paragraphs (g)(1) (i) through (vi) of this section for each worker and shall make the records available for inspection and transcription by authorized representatives of the Wage and Hour Division of the U.S. Department of Labor:

- (i) Name, address, and social security number.
- (ii) The worker's occupation(s) or classification(s)
- (iii) The rate or rates of wages paid.
- (iv) The number of daily and weekly hours worked by each worker.
- (v) Any deductions made; and
- (vi) Total wages paid.

(2) The contractor shall also make available a copy of the contract, as applicable, for inspection or transcription by authorized representatives of the Wage and Hour Division.

(3) Failure to make and maintain or to make available such records for inspection and transcription shall be a violation of 29 CFR part 10 and this contract, and in the case of failure to produce such records, the contracting officer, upon direction of an authorized representative of the Department of Labor, or under its own action, shall take such action as may be necessary to cause suspension of any further payment or advance of funds until such time as the violations are discontinued.

(4) The contractor shall permit authorized representatives of the Wage and Hour Division to conduct investigations, including interviewing workers at the worksite during normal working hours.

(5) Nothing in this clause limits or otherwise modifies the contractor's payroll and recordkeeping obligations, if any, under the Davis-Bacon Act, as amended, and its implementing regulations; the Service Contract Act, as amended, and its implementing regulations; the Fair Labor Standards Act, as amended, and its implementing regulations; or any other applicable law.

h. The contractor (as defined in 29 CFR 10.2) shall insert this clause in all of its covered subcontracts and shall require its subcontractors to include this clause in any covered lower-tier subcontracts. The prime contractor and any upper-tier subcontractor shall be responsible for the compliance by any subcontractor or lower-tier subcontractor with this contract clause.

i. Certification of Eligibility. (1) By entering into this contract, the contractor (and officials thereof) certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of the sanctions imposed pursuant to section 5 of the Service Contract Act, section 3(a) of the Davis-Bacon Act, or 29 CFR 5.12(a)(1).

(2) No part of this contract shall be subcontracted to any person or firm whose name appears on the list of persons or firms ineligible to receive Federal contracts.

(3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

j. Tipped employees. In paying wages to a tipped employee as defined in section 3(t) of the Fair Labor Standards Act, 29 U.S.C. 203(t), the contractor may take a partial credit against the wage payment obligation (tip credit) to the extent permitted under section 3(a) of Executive Order 13658. In order to take such a tip credit, the employee must receive an amount of tips at least equal to the amount of the credit taken; where the tipped employee does not receive sufficient tips to equal the amount of the tip credit the contractor must increase the cash wage paid for the workweek so that the amount of cash wage paid and the tips received by the employee equal the applicable minimum wage under Executive Order 13658. To utilize this proviso:

(1) The employer must inform the tipped employee in advance of the use of the tip credit;

(2) The employer must inform the tipped employee of the amount of cash wage that will be paid and the additional amount by which the employee's wages will be considered increased on account of the tip credit;

(3) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received); and

(4) The employer must be able to show by records that the tipped employee receives at least the applicable Executive Order minimum wage through the combination of direct wages and tip credit.

k. Antiretaliation. It shall be unlawful for any person to discharge or in any other manner discriminate against any worker because such worker has filed any complaint or instituted or caused to be instituted any proceeding under or related to Executive Order 13658 or 29 CFR part 10, or has testified or is about to testify in any such proceeding.

l. Disputes concerning labor standards. Disputes related to the application of Executive Order 13658 to this contract shall not be subject to the general disputes clause of the contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR part 10. Disputes within the meaning of this contract clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the workers or their representatives.

m. Notice. The contractor must notify all workers performing work on or in connection with a covered contract of the applicable minimum wage rate under the Executive Order. With respect to service employees on contracts covered by the Service Contract Act and laborers and mechanics on contracts covered by the Davis-Bacon Act, the contractor may meet this requirement by posting, in a prominent and accessible place at the worksite, the applicable wage determination under those statutes. With respect to workers performing work on or in connection with a covered contract whose wages are governed by the FLSA, the contractor must post a notice provided by the Department of Labor in a prominent and accessible place at the worksite so it may be readily seen by workers. Contractors that customarily post notices to workers electronically may post the notice electronically provided such electronic posting is displayed prominently on any Web site that is maintained by the contractor, whether external or internal, and customarily used for notices to workers about terms and conditions of employment.

40. HOLD HARMLESS AND INDEMNIFICATION

If a duly authorized representative of the United States discovers or determines, whether before or subsequent to executing this contract, that an erroneous determination regarding the applicability of Executive Order 13658 was made, contractor, to the extent permitted by law, agrees to indemnify and hold harmless the United States, its officers, agents, and employees, for and from any and all liabilities, losses, claims, expenses, suits, fines, penalties, judgments, demands or actions, costs, fees, and damages directly or indirectly arising out of, caused by, related to, resulting from or in any way predicated upon, in whole or in part, the erroneous Executive Order 13658 determination. This includes contractor releasing any claim or entitlement it would otherwise have to an equitable adjustment to the contract and indemnifying and holding harmless the United States from the claims of subcontractors and contractor employees.

41. REPLACEMENT LEASE

This lease supersedes and replaces Department of Army Park and Recreation License No. DA-25-066-CIVENG-63-473 granted to the City of Lincoln, Department of Parks and Recreation, for public park and recreation purposes, which license expired on April 30, 2013. The parties hereby agree that the Lessee has been in continuous possession of the Premises since the expiration of the lease.

IN WITNESS WHEREOF I have hereunto set my hand by authority of the Secretary of the Army this _____ day of _____, 2015.

RICK L. NOEL
Chief, Civil Branch, Real Estate Division
Real Estate Contracting Officer

THIS LEASE is also executed by the Lessee this _____ day of _____, 2015.

**CITY OF LINCOLN, DEPARTMENT OF
PARKS AND RECREATION**

BY: _____

TITLE: _____

Holmes Lake Park Dam Site #17

Development Plan

History:

Holmes Lake Dam is a flood control project built in 1963 to alleviate flooding in the Antelope Creek watershed that impacts the City of Lincoln, downtown area.

Holmes Lake, the largest of the city park reservoirs, is part of the Holmes Park and Golf Course complex located near 70th and Normal Streets within the residential district of southeast Lincoln. It has a surface area of approximately 123 acres, 20,925 feet of shoreline, a maximum depth of 22.0 feet, a mean depth of 7.2 feet and a storage capacity of 905 acre-feet at conservation pool. Retention time for the lake has been estimated at approximately 0.48 years. The US Army Corps of Engineers (COE) built the Holmes Lake Dam for flood control purposes in 1962 and leases the area to the City of Lincoln for development of recreation. Facilities located in and around the lake include boat ramps and docks, day-use areas, hiker/biker trails (connected to the Billy Wolfe Trail), picnic grounds, playground equipment, softball fields, sand volleyball courts, a golf course and an observatory. No swimming is allowed in the lake and boating is limited to non-motorized vessels such as sailboats, windsurf boards and canoes.

The ease of access to the lake for a relatively large metropolitan area and the fact that it is part of a city park results in fairly heavy usage of the park and substantial fishing pressure on the lake despite its limited fishery. The LPRD have plans for requesting use of raw water from the Holmes Lake reservoir to irrigate Holmes Golf Course.

This urban lake is surrounded by residential and commercial mixed use. Renovation of the lake began in 2002. Rehabilitation measures at Holmes Lake included dredging, shoreline stabilization, in-lake retention structures on both of the two primary inflows, jetties and islands for shoreline protection, construction and renovation of upstream wetland retention cells, habitat enhancement, and a complete fishery renovation.

The renovation project included draining, dredging, shoreline stabilization, concrete boat ramp, walking trail, two (2) pedestrian bridges and landscape planting. The project was completed in June 2005.

No entrance fees are charged.

Holmes Lake Park is open daily to the public.

Review of existing facilities:

Holmes Lake Park contains the following amenities:

- Park roadways (asphalt) estimated 2.2 miles
- 10 parking areas (4 hard surface)
- Boat ramp & dock
- ADA accessible fishing pier
- ADA accessible limestone walking trail
- Two (2) pedestrian bridges
- Playground with ADA accessibility
- Four (4) sand volleyball courts
- One (1) permanent restroom
- Potable water service with five (5) drinking fountains
- Fenced dog run - 30 acres
- Adjacent 18 hole public golf course
- Park area lighting
- Hyde Observatory
- Two (2) lighted ballfields for youth & adult
- Two (2) picnic shelters and permanent (1) set of picnic tables

Southeast District Maintenance Facility

- Shop and garage = 3,000 sf.
- Three (3) stall garage = 800 sf
- Metal Quonset = 800 sf
- Fuel site = 15,000 gallon capacity
- Fenced in compound
- trucks, tractors, mowers, misc. grounds equipment

Value of Infrastructure?

Estimated to be in excess of \$10 M

Recreational Opportunities:

Holmes Lake's urban setting allows for easy access for the City's population as well as out of town visitors. Access to the Lake/Park is available by vehicular and/or non-motorized transportation.

Recreational opportunities include:

softball, baseball, volleyball, fishing, hiking, birding, nature viewing,
non-motorized boating, picnicking, golfing, observatory

special events include:

charity walks, fun runs and triathlons.

Future development and facility maintenance

The total drainage area (watershed) contributing to the hydrology of Holmes Lake via Antelope Creek and its tributaries is 3,450 acres, the vast majority of which has become urbanized since the lake's construction. At this time, only a few small areas of undeveloped agricultural land remain in the upper portions of the watershed. The topography of the watershed is generally rolling and the soils tend to be rich in nutrients and susceptible to erosion. Streams are well defined and historically have been susceptible to streambank erosion. With urbanization of the watershed, much of the stream network now consists of curb and gutters, storm sewers and low-flow liners. There are two primary tributaries that deliver runoff to the lake. Antelope Creek flows into the southeastern corner of the lake while a smaller unnamed channel flows into the southwestern corner. The watershed area associated with the unnamed channel already is completely developed.

Holmes Lake park and surrounding watershed area is mostly built out. Over the next 25 years, the focus will be on maintaining and replacing infrastructure to keep current with accessibility requirements and user satisfaction.

Exploration of using surface water for irrigation of the Holmes Golf Course will continue to be a priority.

No other major developments are anticipated.

CERTIFICATE OF AUTHORITY

I hereby certify that I am the _____, of
(Secretary or Attesting Officer)
the organization named in the foregoing agreement with the United States of
America; that said organization is organized under the laws of the state of
_____; that the seal, if applicable, affixed to said instrument
(State)
is the seal of said organization; that _____,
(Name of Officer)
who signed said agreement was then _____, of said
(Title of Officer)
organization and has been duly authorized to sign the foregoing agreement on
behalf of said organization, binding said organization to the terms therein.

I, as the Secretary/Attesting Officer, hereby attest to the validity of the
Signature of said Officer; and that said signature affixed to such agreement is
genuine.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal,
if applicable, of said organization, this _____ day of _____, 20____.

Secretary or Attesting Officer

Corporation or Organization

This form certifies that the person signing the attached instrument has the authority to do so. The signature of the Secretary/Attesting Officer and the individual signing the attached instrument cannot be the same.
