

Independent Accountants' Report on Financial Statements and Supplementary Information

The Honorable Mayor
and Members of the City Council
City of Lincoln, Nebraska

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lincoln, Nebraska as of and for the year ended August 31, 2005, which collectively comprise the City of Lincoln's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Lincoln's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Lincoln Electric System which represent 55%, 32% and 74%, respectively, of the total assets, net assets and revenues of the business-type activities. Those financial statements were audited by other accountants whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for Lincoln Electric System is based solely on the report of the other accountants. The prior-year summarized comparative financial information in these statements has been derived from the City's basic financial statements as of and for the year ended August 31, 2004, and in our report dated January 19, 2005, we expressed unqualified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other accountants provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other accountants, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Lincoln, Nebraska as of August 31, 2005, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the general fund, street construction fund and federal grants fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 30, 2005 on our consideration of the City of Lincoln's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The accompanying management's discussion and analysis as listed in the table of contents and the schedules of funding progress and employer contributions are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We and the other accountants have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lincoln's basic financial statements. The accompanying supplementary information, including the schedule of expenditures of federal awards required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us and the other accountants in the audit of the basic financial statements and, in our opinion, based on our audit and the report of the other accountants, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The accompanying introductory section and statistical section as listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.
