**WESTERN STATES CONTRACTING ALLIANCE
MASTER PRICE AGREEMENT
for
COMPUTER EQUIPMENT, PERIPHERALS, AND RELATED SERVICES**

Number B27164

This Agreement is made and entered into by Hewlett Packard Company, Hewlett-Packard Company, 11445 Compaq Center Drive W, Houston, TX 77070 ("Contractor" or "HP") and the State of Minnesota, Department of Administration ("State") on behalf of the State of Minnesota, participating members of the National Association of State Procurement officials (NASPO), members of the Western States Contracting Alliance (WSCA) and other authorized Purchasing Entities.

RECITALS

WHEREAS, the State has the need to purchase and the Contractor desire to sell; and,
WHEREAS, the State has the authority to offer contracts to CPV members of the State of Minnesota and to other states.
NOW, THEREFORE, in consideration of the mutual promises contained herein, the parties agree as follows:

INTENT AND PURPOSE

The intent and purpose of this Agreement is to establish a contractual relationship with equipment manufacturers to provide, warrant, and offer maintenance services on **ALL** Products proposed in their response to the RFP issued by the State of Minnesota. Delivery, support, warranty, and maintenance may be provided by the Contractor using subcontractors. The Contractor agrees to take legal responsibility for the warranty and maintenance of all Products furnished under this Agreement. The Contractor is responsible for the timeliness and quality of all Services provided by individual subcontractors. Subcontractor participation will be governed by individual Participating Entities, who have the sole discretion to determine if they will accept Services from a subcontractor.

Individual Purchasing Entities may enter in to lease agreements for the Products covered in this Master Price Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process, and if the Contractor submitted copies of its lease agreements with its response to the RFP. The lease agreements were not reviewed or evaluated as part of the RFP evaluation process. The agreements are located in Exhibit C, Value-Added Services.

The Agreement is **NOT** for the purchase of major, large hardware or hardware and software offerings. In general, individual units/configurations for servers and storage (SANs, etc.) should not exceed \$300,000 each. Desktop per unit/configuration costs should not exceed \$100,000. Printers of all types and monitors per unit/configuration costs should not exceed \$50,000 each. It is the expressed intent of some of the Participating States to set this level at not to exceed \$25,000 each, or \$50,000. Contractors must be willing to comply with these restrictions by agreeing to supply Products in those price ranges only. This **IS NOT** a restriction on how many units/configurations can be purchased, but on the value of each individual unit/configuration. Individual Participating States and Participating Entities may set specific limits in a participating addendum above these limits, with the prior approval of the WSCA Directors; or may set specific limits in a participating addendum below these limits.

Contractors may offer, but participating states and entities do not have to accept, limited professional services related **ONLY** to the equipment and configuration of the equipment purchased through the Agreement.

1. Definitions

“Announced Promotional Price” are prices offered nationally to specific categories of customers (Consumer, Business or government) for defined time periods under predefined terms and conditions.

“Consumables” those items that are required for the operation of the Equipment offered or supplied which are consumed over time with the purchaser's use of the equipment are included – printer cartridges, batteries, projector bulbs, etc. Consumables such as magnetic media, paper and generally available office supplies are excluded.

“Configuration” in most instances in this document means a total system configuration. This may include more than one model or part number (or SKU), or a combination of hardware, software, and configuring of the system to make the system work.

“Contract” means a binding agreement for the procurement of items of tangible personal property or Services. Contract and Master Price Agreement are used interchangeably in this document.

“Contractor” means the successful Responder who enters into a binding Master Price Agreement. The Contractor is responsible for all sales, support, warranty, and maintenance services for the Products included in this Agreement. The Contractor must manufacture or take direct, non-assignable, legal responsibility for the manufacture of the equipment and warranty thereof. For the purposes of this Contract, the term Contractor and Contract Vendor are synonymous.

“CPV Member” is any governmental unit having independent policy making and appropriating authority, that is a member of Minnesota's Cooperative Purchasing Venture (CPV) program.

“CPV Program.” The Cooperative Purchasing Venture (CPV) program, as established by Minn. Stat. § 16C.03, subd. 10, authorizes the commissioner of

Administration to "enter into a cooperative purchasing agreement for the provision of goods, services, and utilities with [governmental entities] ..., as described in section 471.59, subdivision 1." Based on this authority, the commissioner of Administration, through the Materials Management Division (MMD), enters into a joint powers agreement that designates MMD as the authorized purchasing agent for the governmental entity. It is not legal for governmental entities that are not members of the CPV program to purchase from a State contract. Vendors are free to respond to other solicitations with the same prices they offer under a contract, but that is not considered use of the "State contract price."

"Cumulative Volume Discount" refers to the increased discounts by Product group or Band under the HP Product and Service Schedule (PSS) which may be offered by HP based on HP's evaluation of its pricing policies and structures on a periodic six month basis. If Cumulative Volume Discounts are recommended by HP, HP's written request for the increased discount is submitted to the WSCA/NASPO Contract Administrator for approval. The increased Cumulative Volume Discount is effective for orders after the later date of receipt of approval from the WSCA/NASPO Contract Administrator or the effective date specified in the HP written request for approval.

"Documentation" refers to manuals, handbooks, and other publications listed in the PSS, or supplied with Products listed in the PSS, or supplied in connection with Services. Documentation may be provided on magnetic media or may be downloaded from the Contractor's web site.

"Equipment" means workstations, desktop, laptop (includes Tablet PC's), handheld (PDA) devices, projectors, servers, printers, monitors, computing hardware, including upgrade components such as memory, storage drives, and spare parts. AUDIO VISUAL PRODUCTS (digital cameras, televisions, whiteboards, etc.) are NOT included in this RFP or subsequent contracts. The exception to this definition is whiteboards, which can be sold as part of the Instructional Bundles, but not as a stand-alone item.

"FCC" means the Federal Communications Commission or successor federal agency. In the event of deregulation, this term applies to one or more state regulatory agencies or other governing bodies charged to perform the same, or similar, role.

"General Price Reduction Price" means the manufacturer's suggested retail price (MSRP) offered to consumer, business or governmental purchasers at prices lower than PSS pricing. General price reduction prices will be reflected in the PSS as soon as practical.

"Lead State" means the State conducting this cooperative solicitation and centrally administering any resulting Master Price Agreement(s). For this Master

Price Agreement, the Lead State is Minnesota.

“Mandatory” The terms “must” and “shall” identify a mandatory item or factor.

“Manufacturer” means a company that, as its primary business function, designs, assembles, owns the trademark/patent and markets computer equipment including workstations, desktop computers, laptop (includes Tablet PC's) computers, handheld (PDA) devices, servers, printers, and storage solutions/auxiliary storage devices. The manufacturer must provide direct un-infringed unlimited OEM warranties on the Products. The manufacturer's name(s) shall appear on the computer equipment. The Contractor(s) shall provide the warranty service and maintenance for Equipment on a Master Price Agreement as well as a Takeback Program.

“Master Price Agreement” means the contract that MMD will approve that contains the foundation terms and conditions for the acquisition of the Contractor's Products and/or Services by Purchasing Entities. Terms and conditions contained in a Participating Addendum shall take precedence over the corresponding terms in the master price agreement. Additional terms and conditions, including but not limited to payment terms, may be added via the Participating Addendum. However, a Participating Addendum may not alter the scope of this Agreement or any other Participating Addendum. ***Unless otherwise specified, the Participating Addendum shall renew consecutively with the Master Price Agreement.*** One digitally formatted, executed copy of the Participating Addendum must be submitted to the WSCA/NASPO Contract Administrator PRIOR to any orders being processed.

“Participating State” or “Participating Entity” means a member of NASPO (Participating State) or a political subdivision of a NASPO member (Participating Entity) who has indicated its intent to participate by signing an Intent to Participate, where required, or another state or political subdivision of another state authorized by the WSCA Directors to be a party to the resulting Master Price Agreement.

“Peripherals” means any Product that can be attached to, added within, or networked with personal computers or servers, including but not limited to storage, printers (including multifunction network printers), scanners, monitors, keyboards, projectors, uninterruptible power supplies and accessories. Software, as defined in the RFP, is not considered a peripheral. Adaptive/Assistive technology devices are included as well as configurations for education. Peripherals may be manufactured by a third party, however, Contractor shall not offer any peripherals manufactured by another contractor holding a Master Price Agreement without the prior approval of the WSCA/NASPO Contract Administrator. AUDIO VISUAL PRODUCTS (digital cameras, televisions, whiteboards, etc.) are NOT included in the contract. The exception to this definition is whiteboards, which can be sold as part of the Instructional Bundles, but not as a stand-alone item. The Contractor(s) shall provide the warranty service and maintenance for Equipment on a Master Price Agreement as well as a Takeback Program.

“Permissive Price Agreement” means that placement of orders through the Price Agreement is discretionary with Purchasing Entities. They may satisfy their requirements through the Price Agreement without using statutory or regulatory procedures (e.g., invitations for bids) to solicit competitive bids or proposals. Purchasing Entities may, however, satisfy requirements without using the Price Agreement as long as applicable procurement statutes and rules are followed.

“Per Transaction Multiple Unit Discount” means Purchasing Entity-specific, transaction(s)-specific, large volume negotiated price based on firm quantity and configuration buys during a set timeframe (also referred to as “Big Deal” pricing).

Unless otherwise limited by statute, in this solicitation or in a Participating Addendum, political subdivisions of Participating States are Purchasing Entities and authorized to purchase the goods and/or Services described in this solicitation.

"Refurbished Products" are Products that may have been powered on or used by another customer that have been fully retested, defective parts replaced, and repackaged to meet original factory specifications.

7. Agreement Term

Pursuant to Minnesota law, the term of this Agreement shall be effective upon the date of final execution by the State of Minnesota, through August 31, 2012. The Agreement may be mutually renewed for two (2) additional one-year terms, or one additional two-year term, unless terminated pursuant to the terms of this Agreement.

8. Termination

The following provisions are applicable in the event that the agreement is terminated.

A. Termination for Convenience

At any time, the State may terminate this agreement, in whole or in part, by giving the Contractor (30) days written notice; provided, however, neither the State nor a Purchasing Entity has the right to terminate a specific purchase order for convenience after it has been issued if the Product is ultimately accepted. At any time, the Contractor may terminate this Agreement, in whole or in part, by giving the WSCANASPO Contract Administrator sixty (60) days written notice. Such termination shall not relieve the Contractor of warranty or other Service obligations incurred under the terms of this Agreement. In the event of a cancellation, the Contractor shall be entitled to payment, determined on a pro rata basis, for work or Services satisfactorily performed and accepted.

B. Termination for Cause

Either party may terminate this Agreement for cause based upon material breach of this Agreement by the other party, provided that the non-breaching party shall give the breaching party written notice specifying the breach and shall afford the breaching party a reasonable opportunity to correct the breach. If within thirty (30) days after receipt of a written notice the breaching party has not corrected the breach or, in the case of a breach that cannot be corrected in thirty (30) days, begun and proceeded in good faith to correct the breach, the non-breaching party may declare the breaching party in default and terminate the Agreement effective immediately. The non-breaching party shall retain any and all other remedies available to it under the law.

C. A Purchasing Entity's Rights

In the event this Agreement expires or is terminated for any reason, a Purchasing Entity shall retain its rights in all Products and Services accepted prior to the effective termination date.

D. The Contractor's Rights

In the event this Agreement expires or is terminated for any reason, a Purchasing Entity shall pay the Contractor all amounts due for Products and Services ordered and accepted prior to the effective termination date or ordered before the effective termination date and ultimately accepted.

9. Non-Appropriation

The terms of this Agreement and any purchase order issued for multiple years under this Agreement is contingent upon sufficient appropriations being made by the Legislature or other appropriate governing entity. Notwithstanding any language to the contrary in this Agreement or in any purchase order or other document, a Purchasing Entity may terminate its obligations under this Agreement, if sufficient appropriations are not made by the governing entity at a level sufficient to allow for payment of the goods or Services due for multiple year agreements, or if operations of the paying entity are being discontinued. The Purchasing Entity's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final and binding.

A Purchasing Entity shall provide prior written notice, sixty (60) days if possible, of its intent to terminate for reason cited above. Such termination shall relieve the Purchasing Entity, its officers and employees from any responsibility or liability for the payment of any further amounts under the relevant Purchase Order for undelivered Products and Services.

10. Shipment and Risk of Loss

A. All deliveries shall be F.O.B. destination, prepaid and allowed, with all transportation and handling charges included in the price of the Product and paid by the Contractor. Responsibility and liability for loss or damage shall remain with the Contractor until delivery to the identified ship to address when responsibility and liability for loss shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations.

B. Whenever a Purchasing Entity does not accept Products and returns them to the Contractor, all related documentation furnished by the Contractor shall be returned also. Unless otherwise agreed upon by the Purchasing Entity, the Contractor is responsible for the pick-up of returned Products. The Contractor shall bear all risk of loss or damage with respect to returned Products except for loss or damage directly attributable to the negligence or wrongful intentional act or omission of the Purchasing Entity.

C. Unless otherwise arranged between the Purchasing Entity and Contractor, all Products shall be shipped within 3 to 5 days after receipt of a valid purchase order, by a reliable and insured shipping company.

11. Warranties

A. The Contractor agrees to warrant and assume responsibility for each Product that it licenses, or sells, to the Purchasing Entity under this Agreement in accordance with the Contractor's standard warranties. The Contractor agrees to take legal responsibility for the warranty and maintenance (under warranty) of all Products furnished through this Agreement. Taking legal responsibility means the Contractor, either directly or indirectly, must provide warranty and maintenance call numbers, accept, process, and respond to those calls, and be legally liable for and pay for those warranty and maintenance (under warranty) activities as it applies to the standard warranty that comes with the Product. The Contractor acknowledges that the Uniform Commercial Code applies to this Agreement covering warranty. In general, the Contractor warrants that:

1. The Product conforms to the specific technical information about the Contractor's Products which is published in the Contractor's Product manuals or data sheets.
2. 4. The Product has been properly designed and manufactured for its intended use, and
5. The Product is free of significant defects in material and workmanship.
6. The Product is in the legal possession of the Purchasing Entity, as defined in Article 10 Shipment and Risk of Loss, before any warranty period begins.
7. Exhibit A contains warranties in effect as of the date of this Agreement. The warranties will be limited in duration to the time period(s) provided in Exhibit A. The warranties will not apply to use of a Product other than as anticipated and intended by the Contractor, to a problem arising after changes or modifications to the Products or operating system by any party other than the Contractor (unless expressly authorized in writing by the Contractor), or the use of a Product in conjunction or combination with other Products or software not authorized by the Contractor. The following is a list of the warranties attached as **Exhibit A**:

 3. Accept the return of the Products or Service and refund an amount equal to the depreciated value of the returned Products or Service, less the unpaid portion of the purchase price and any other amounts, which are due to the Contractor. The Contractor's obligation will be void as to any Products or Services modified by the Purchasing Entity to the extent such modification is the cause of the claim.
- C. The Contractor has no obligation for any claim of infringement arising from:
1. The Contractor's compliance with the Purchasing Entity's or by a third party on the Purchasing Entity's behalf designs, specifications, or instructions;
 2. The Contractor's use of technical information or technology provided by the Purchasing Entity;

A party defaulting under this provision must provide the other party prompt written notice of the default and take all necessary steps to bring about performance as soon as practicable.

The minimum monthly interest penalty payment for an unpaid, undisputed balance of \$100 or more will be \$10. For an unpaid balance of less than \$100, the amount will be the actual penalty due. This clause shall not be construed to bar any legal remedies the Contractor may have with the State's or Participating Entities' failure to fulfill its obligations pursuant to the Contract.

Contractor, its principals, members and employees shall not be liable to the State or any Purchasing Entity, unless otherwise stated in the applicable Participating Addendum, for any actions, damages, claims, liabilities, costs, expenses, or losses in any way arising out of or relating to this Contract or the goods provided or Services performed hereunder for any amount in excess of the greater of two-million dollars (\$2,000,000) or the value of the Purchase Entity's purchase order

used to acquire the Products and Services that are the subject of the Purchasing Entity's claim. A. No covenant, condition, duty, obligation, or undertaking contained in or made a part of this Contract shall be waived except by the written consent of the parties. Forbearance or indulgence in any form or manner by either party in any regard whatsoever shall not constitute a waiver of the covenant, condition, duty, obligation, or undertaking to be kept, performed, or discharged by the other party. Until complete performance or satisfaction of all such covenants, conditions, duties, obligations, and undertakings, the forbearing/indulging party shall have the right to invoke any remedy available under law or equity, notwithstanding any such forbearance or indulgence.

 3. Impose liquidated damages, as mutually agreed to by the parties, as specified in an amendment to the Participating Addendum;
 4. In the case of default by the Contractor, and to the extent permitted by the law of the Participating State or Purchasing Entity, suspend Contractor from receiving future solicitations from within the Participating Entities jurisdiction.

Extended warranties

HP's standard new Product warranty, and upgraded warranty support Services, can be extended in one-year increments for a total of five years of coverage for most Products.

Post maintenance Services

HP has a wide range of onsite high-quality support Services for covered hardware, helping improve Product uptime and availability. Entities have the flexibility to choose between different service-level options featuring different response times and coverage windows, as well as between several coverage periods to address specific service needs. The Services are available throughout the United States and in most international locations. Please see *Attachment 5, HP Onsite Hardware Support Services*, for details.

See HP Website, referenced in A.1 above, for additional information on these warranties, support, service tools, etc.

EXHIBIT B – COMPLAINT RESOLUTION

HP will work with WSCA/NASPO and Participating States to customize the procedures to the states' specific escalation requirements. HP's formal order management, service escalation and customer feedback escalation procedures are described below and in detail in the RFP response, Corporate Overview, sub-section d.1.e. – Complaint Resolution.

Most problems are readily resolved before escalation is necessary. This section details activities for those instances in which problems cannot be so quickly resolved. In keeping with HP's understanding of the importance of system availability to the WSCA states, HP is receptive to discussions on how it may modify any escalation procedures to better meet specific customer needs. Each and every State Procurement office, as well as procuring entities, also has an assigned State Government HP Contract Program Manager point of contact to assist in the escalation process, eliminating the need to contact multiple people.

Customer Feedback Escalation

HP has developed a strong customer feedback system, including a clear escalation process for handling dissatisfaction. The feedback system provides a variety of mechanisms for customers to communicate their suggestions, recommendations, comments, and complaints to HP. Cataloging and analyzing the feedback provides HP entities with valuable insight into trends, information, and issues that can be applied to improve products and process performance.

Order Management Escalation Process

A Customer Service Representative (CSR) assigned to the WSCA account will oversee the order fulfillment activities from the point of order entry and acceptance, to invoicing and delivery. This includes customer satisfaction and any issues that WSCA may have during the deployment. The CSR is responsible with ensuring that any issues or potential issues are escalated to prevent deployment delays and will see problems through to resolution. Customer Services is required to adhere to the following standard service levels (in business hours):

Action	Standard Service Level (in business hours)
PO Receipt to CSR order entry	4.0 hrs
PO Receipt to clean (executable) order	8.0 hrs
Confirmation sent to customer/sales/mgmt that orders has been placed and provide order # and ETA if available.	4.0 hrs
Estimated Ship Date upon order entry (Provided to customer as requested or as part of regularly scheduled open order report)	Estimate based on best information available. With follow-up as new information becomes available.
Updates to estimated ship date (Provided to customer as requested or as part of regularly scheduled open order report)	As new information becomes available.
Call Back/Email Response to customer from CSR (from point customer leaves voicemail/email to point CSR calls customer back or responds to email request)	4 hrs
RMA Request (From time CSR receives to RMA being generated)	12 hrs
Warehouse Receipt of RMA'd goods to completion of Credit	3 days

All billing disputes should be brought to the attention of your HP Direct Customer Services Team. Customer Services will then work with HP's internal Finance Department that can resolve the disputes. The Finance Department will research the dispute, including gathering purchase order information from your CSR.

While customers may request that bills be submitted in a batch, all records are individually maintained by order number. Complete order information follows the order throughout the fulfillment process, and can be traced to each separate process to determine the source of any errors and the necessary action for resolution.

The resolution will be communicated to the customer by the Finance Department. Any credit due will be processed by your CSR. In the event that HP has maintained an incorrect price, additional research will be performed to determine the extent of error. Billing adjustments will be made as necessary.

Escalation Process

The services global escalation process is a worldwide process that is initiated when it is determined that HP's standard service delivery processes have not delivered or will not deliver an acceptable solution to WSCA/NASPO and WSCA Participating State and/or procuring entities in an agreed-upon time frame.

The Escalation Process includes the following steps:

1. Formation of Escalation Team
2. Development of Technical Action Plan
3. Communication of Action Plan
4. Execution of Action Plan
5. Post-solution Review
6. Continual Improvement
- 7.

The Escalation Team

When it has been determined that a problem has arisen and needs to be resolved, an Escalation Team is formed to manage issue resolution. The Escalation Team is comprised of technical and management members from HP. This team is responsible for developing an action plan to be used in resolving the issue. Members of the Escalation Team often include:

- Escalation Management Owner—represents the customer to HP, leads the escalation effort and is the focal point for communication of the plan to the customer.
- Escalation Specialist—assists with the development and coordination of the technical aspects of the action plan.
- Complex Problem Manager—as required, the Complex Problem Manager coordinates engineering and partner resources for complex problems involving multiple product sets.
- Additional Resources—may be added to the Escalation Team to add specific Product expertise as required in any given escalation. These resources may include: Engineering, Delivery Partners, HP Management and Executives.

Escalation Categories

There are three categories of escalation:

- Local escalation
- Regional escalation
- Global escalation

Escalation categories are driven by a customers' view of the situation. If the impact on the customer is local (that is, within one area/country) the escalation category is local. If the impact is across a number of areas/countries within one region, the category is regional. If the impact is across a number of areas/countries in more than one region, the category is global. Once the escalation category has been determined, an Action Plan can be developed.

Issue Resolution

In the event of a customer satisfaction issue, the customer's first point of contact is the Primary Account Representative/Contract Program Manager or the Account Manager. This individual engages the necessary resources in the local service delivery unit, obtains the support of management in the local customer business district, and keeps the concerned sales organization updated on progress. Most issues are resolved readily at the local level. If needed, the situation is escalated to executive management at the territory or U.S. level.

EXHIBIT D- HP SOFTWARE LICENSE TERMS

1. LICENSE GRANT

HP grants Customer a non-exclusive, non-transferable license to "Use", in object code form, the Version or Release of the HP Branded Software delivered from an HP accepted order. For purposes of this Agreement, unless otherwise specified in the SLI, "Use" means to install, store, load, execute, and display one copy of the Software on one device at a time for Customer's internal business purposes. All rights not expressly granted to Customer are reserved solely to HP or its suppliers.

3. ACCEPTANCE

4. UPGRADES

Software Versions or maintenance updates, if available, may be ordered separately or may be available through Software Support. HP reserves the right to require additional licenses and fees for Software Versions or separately purchased maintenance updates or for Use of the Software in conjunction with upgraded Hardware or Software. When Customer obtains a license for a new Software Version through Software Support or purchases an upgrade license to a new Version, Customer's Software License for the earlier Version shall terminate. Software Versions are subject to the license terms in effect on the date that HP delivers or makes the Version available to Customer.

5. LICENSE RESTRICTIONS

- a. **Use Restrictions.** Customer may not exceed the number of licenses, agents, tiers, nodes, seats, or other Use restrictions or authorizations agreed to and paid for by Customer. Some Software may require license keys or contain other technical protection measures. Customer acknowledges that HP may monitor Customer's compliance with Use restrictions and authorizations remotely, or otherwise. If HP makes a license management program available which records and reports license usage information, Customer agrees to appropriately install, configure and execute such license management program beginning no later than one hundred and eighty (180) days from the date it is made available to Customer and continuing for the period that the software is used.
- b. **Copy and Adaptation.** Unless otherwise permitted by HP, Customer may only make copies or adaptations of the Software for archival purposes or when copying or adaptation is an essential step in the authorized Use of the Software. If Customer makes a copy for backup purposes and installs such copy on a backup device, unless otherwise provided in the SLI, Customer may not operate such backup installation of the Software without paying an additional license fee, except in cases where the original device becomes inoperable. If a copy is activated on a backup device in response to failure of the original device, the Use on the backup device must be discontinued when the original or replacement device becomes operable. Customer may not copy the Software onto or otherwise Use or make it available on, to, or through any public or external distributed network. Licenses that allow Use over Customer's intranet require restricted access by authorized users only.
- c. **Copyright Notice.** Customer must reproduce all copyright notices that appear in or on the Software (including documentation) on all permitted copies or adaptations. Copies of documentation are limited to internal use.
- d. **Designated System.** Notwithstanding anything to the contrary herein, the Software License for certain Software, as identified in SLI, is non-transferable and for Use only on a computer system owned, controlled, or operated by or solely on behalf of Customer and may be further identified by HP by the combination of a unique number and a specific system type ("Designated System") and such license will terminate in the event of a change in either the system number or system type, an unauthorized relocation, or if the Designated System ceases to be within the possession or control

of Customer.

Where Customer has other rights mandated under statute, Customer will provide HP with reasonably detailed information regarding any intended modifications, reverse engineering, disassembly, decryption, or decompilation and the purposes therefore.
- g. Use for Service Provision. Extending the Use of Software to any person or entity other than Customer as a function of providing services, (i.e.; making the Software available through a commercial timesharing or service bureau) must be authorized in writing by HP prior to such use and may require additional licenses and fees.
- h. Consultant Use and Access. Subject to the terms and conditions of this Agreement, Customer may permit a consultant or subcontractor to Use Software at the licensed location for the sole purpose of providing services to Customer. Customer will be responsible and directly liable to HP for consultants' compliance with this Agreement.

6. LICENSE TERM AND TERMINATION

Unless a different time period for the license is specified in the applicable SLI or quotation, the Software License granted to Customer will be perpetual, provided however that HP may terminate the Software License upon notice for failure to comply with this Agreement. Immediately upon termination of the Software License or upon expiration of any individual limited term license, Customer will destroy the Software and all copies of the Software subject to the termination or expiration or return them to HP. Customer shall remove and destroy or return to HP any copies of the Software that are merged into adaptations, except for individual pieces of data in Customer's database. Customer may retain one copy of the Software subsequent to termination solely for archival purposes only. At HP's request, Customer will certify in writing to HP that Customer has complied with these requirements.

7. LICENSE TRANSFER

Customer may not sublicense, assign, transfer, rent, or lease the Software or the Software License to any other party except as permitted in this section. Except as provided in sub-section 5.d above, HP Branded Software licenses are transferable subject to HP's prior written authorization and payment to HP of any applicable fees or compliance with applicable third party terms. Upon transfer of the Software License Customer's rights under the License will terminate and Customer will immediately deliver the Software and all copies to the transferee. The transferee must agree in writing to the terms of the Software License, and, upon such agreement, the transferee will be considered the "Customer" for purposes of the license terms. Customer may transfer firmware only upon transfer of the associated Hardware.

8. U.S. FEDERAL GOVERNMENT USE

If the Software is licensed for use in the performance of a U.S. Government prime contract or subcontract, Customer agrees that, consistent with FAR 12.211 and 12.212, commercial computer Software, computer Software documentation and technical data for commercial items are licensed under HP's standard commercial license.

9. COMPLIANCE

Customer agrees that HP may audit Customer's compliance with the Software License terms. Any such audit would be at HP's expense, require reasonable notice, and would be performed during normal business hours. If an audit reveals underpayments then Customer will immediately pay HP such underpayments together with the costs reasonably incurred by HP in connection with the audit and seeking compliance with this sub-section.

10. WARRANTY

HP Branded Software will materially conform to its Specifications. If a warranty period is not specified for HP Branded Software, the warranty period will be ninety (90) days from the delivery date.

11. VIRUS WARRANTY

HP warrants that any physical media containing HP Branded Software will be shipped free of viruses.

12. WARRANTY LIMITATION

HP does not warrant that the operation of Software will be uninterrupted or error free, or that Software will operate in Hardware and Software combinations other than as expressly required by HP in the Product Specifications or that Software will meet requirements specified by Customer.

13. EXCLUSIVE REMEDIES

If notified of a valid warranty claim during the warranty period, HP will, at its option, correct the warranty defect for HP Branded Software, or replace such Software. If HP is unable, within a reasonable time, to complete the correction, or replace such Software, Customer will be entitled to a refund of the purchase price paid upon prompt return of such Software to HP. Customer will pay expenses for return of such Software to HP. HP will pay expenses for shipment of repaired or replacement Software to Customer. This sub-section 13 states HP's entire liability for warranty claims.

The "HP" 2009-2014 WSCA/NASPO Personal Computer and Related Devices Contract, Sales Audit Plan" specifies the sales audit plan and sale audit report format, as it applies to Section 46.A of the Master Price Agreement B27164.

Step 8 The HP WSCA/NASPO Contract Program Manager will provide the final documents and results to the HP Contract Operations team for our records.

WEBSITE PRICING AUDITS

Website Pricing Audits as it applies to Section 46.A, of the Master Price Agreement B27164, is specified below.

HP has different team members that audit the pricing and websites. First, the WNPSP and other State standards pricing is monitored and updated by a set of team members daily and weekly and these are also monitored by the HP Contract Program Management team and inside sales teams on an ongoing basis, monthly and quarterly, see below schedule.

Next, the PSS catalog file that HP will create for the new WSCA contract is tied to the then current HP List price and category percentages for each Band as noted in the HP PSS discount structure, which automatically generates the pricing fed to the website to calculate the pricing. As you may know with emerging technology, the list price can change weekly so this automated feature ensures the pre-calculated pricing is flowing accurately to the website.

In addition to the sales audit plan attached to this response, the HP Program Management team is instituting an additional website audit that will be conducted bi-monthly on the PSS and monthly covering both the WNPSP and State Specific Standards website pricing as noted on the below schedule.

As a normal course of business, HP contract operations and compliance teams conduct spot checks and internal audits to ensure compliance through a variety of internal audits, which will also continue. HP takes contract compliance seriously and even has an entire team dedicated to Government contract management, operations and compliance.
