BOARD OF COMMISSIONERS

ADDENDUM #1

Issue Date: 12/28/06

SPECIFICATION NO. 07-014

FOR

WALK-THROUGH METAL DETECTOR AND BAGGAGE SCANNER

Addenda are written instruments issued by the County prior to the date for receipt of offers which will modify or interpret the specification document by addition, deletion, clarification or correction. Please acknowledge receipt of this addendum in the space provided on your bidding document.

Be advised of the following changes to the County's specification and bidding documents:

Question 1. - How long will the battery backup be required to operate during power failure?

Answer - The length of time for operating the machines would be minimal as a generator is in place for emergency power. Max amount of time would be 15 minutes.

Question 2. - Would your agency object to receiving a proposal for a more advanced baggage screening system with two monitors?

Answer - You may submit more than one bid if you wish. Any delineation from the specifications must be addressed in the bid.

Question 3. - Is your agency interested in receiving x-ray image interpretation training and security checkpoint training?

Answer - The training listed in the specifications is adequate as listed. If you believe it is not adequate, specify so in your bid.

COMMISSIONERS

*DEB SCHORR * LARRY HUDKINS * RAY STEVENS * BERNIE HEIER * BOB WORKMAN*
KERRY EAGAN, Chief Administrative Officer

Question 4 - Will your agency require entry and/or exit tables for the baggage system?

Answer - No

Question 5. - Why specify TSA testing if you don't require the training that goes along with it?

Answer - We want equipment that is tested and proven. The TSA requirement is based on their expertise in this field.

All other terms, conditions and requirements of the request remain the same as originally indicated in the document or as modified on previous addenda.
