

**ADDENDUM #1
TO SPEC. 07-137**

Addendum #1 to Spec. 07-137 for TV Truck Inspections to be opened on Wednesday, April 25, 2007 at 12:00 noon.

Please note the following:

1. Will bids that do not meet the Aries specifications exactly be rejected?

Please refer to 2. on the specifications.

2. Who makes the decision as to who determines whether or not an equivalent product meets the specifications?

The Purchasing Department and the ordering agency review the bids and supporting documents to make an award.

3. According to our box manufacturer the 10" cab extension requirement is not compatible with the aero cap. Is the aero cap a definite requirement?

The aero cap is a safety requirement. It allows the driver to stand up and walk to the box w/o exiting the vehicle. Our wastewater staff have viewed equipment with these options and wanted them listed.

All other terms and conditions to remain unchanged.

Dated this 27th day of April, 2007

Purchasing Department

Bob Walla
Assistant Purchasing Agent
