

**ADDENDUM #2
TO SPEC. 07-176**

Addendum #2 to Spec. 07-176 for SCADA System Replacement, Ashland Water Treatment Plant to be opened on Friday, June 29, 2007 at 12:00 noon.

Please note the following clarification to Addendum No. 1:

The City is asking for a design in the RFP. It is not a design build. The selected Firm is to create bid documents. After the system is bid, the selected firm is to advise the Department of the qualifications of the firms that submitted bids and will make a recommendation for an award to the City from those who submitted bids.

It would not be in the best interest of the City if the firm doing the design was allowed to bid on the project.

All other terms and conditions to remain unchanged.

Dated this 8th day of June, 2007
