

SECTION 36. CONTROL REGULATIONS – CIRCUMVENTION – WHEN EXCEPTED.

- (A) No person shall cause or permit the installation or use of any machine, equipment, device, or other article, or alter any process in any manner which conceals or dilutes the emissions of contaminants without resulting in a reduction of the total amounts of contaminants emitted.
- (B) Exception to paragraph (A) above may be granted by the Director, upon request, provided that such action is intended to convert the physical or chemical nature of the contaminant emission and that failure to reduce total contaminant emissions results solely from the introduction of contaminants which are not deemed to be detrimental to the public interest.
