Introduce: 4-30-18

Comprehensive Plan Amendment No. 18002

RESOLUTION NO. A- 91008

1 WHEREAS, the Public Works and Utilities Director has made application to amend the
2 2040 Lincoln-Lancaster County Comprehensive Plan to add the "Oak Creek", "Lynn Creek", and
3 "North Salt Creek" Watershed Master Plans to the list of subarea plans in the Plan Realization
4 Section of the Comprehensive Plan; and

5 WHEREAS, the Lincoln City-Lancaster County Planning Commission has recommended
6 approval thereof.

7 NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Lincoln,
8 Nebraska that the 2040 Lincoln-Lancaster County Comprehensive Plan be and the same is
9 hereby amended in the following manner:

10 1. The "Oak Creek Watershed Master Plan", on file in the office of the Planning
11 Director and made a part hereof by reference, is hereby added to the list of sub area plans on
12 page 12.16 in the Plan Realization Chapter of the Comprehensive Plan.

13 2. The "Lynn Creek Watershed Master Plan", on file in the office of the Planning
14 Director and made a part hereof by reference, is hereby added to the list of sub area plans on
15 page 12.16 in the Plan Realization Chapter of the Comprehensive Plan.

16 3. The "North Salt Creek Watershed Master Plan", on file in the office of the
17 Planning Director and made a part hereof by reference, is hereby added to the list of sub area
18 plans on page 12.16 in the Plan Realization Chapter of the Comprehensive Plan.

19 BE IT FURTHER RESOLVED that any other references in said plan which may be
20 affected by the above-specified amendment be, and they hereby are amended to conform with
21 such specific amendment.

Introduced by:

Jane Harbold

AYES: Camp, Christensen, Eskridge, Gaylor Baird, Lamm, Raybould, Shobe; NAYS: None.

Approved as to Form & Legality:

Jeffery R. Aldrich
City Attorney

Approved this 10th day of May, 2018:

Table of Contents

Executive Summary	ES-1
--------------------------------	------

Section 1 – Introduction and Purpose

1.1	Introduction.....	1-1
1.2	Watershed Characteristics.....	1-2
1.3	Goals and Objectives	1-5
1.4	Public Participation Process.....	1-6
1.4.1	Open House Events.....	1-6
1.4.2	Website and Newsletter	1-7

Section 2 – Inventory and Methodology

2.1	Watershed Inventory	2-1
2.2	Study Methodology.....	2-3
2.2.1	Geomorphic Evaluation	2-3
2.2.2	Hydrology and Hydraulics	2-5
2.2.3	Land Use and Development.....	2-5
2.2.4	Minimum Stream Corridor	2-5
2.2.5	Special Areas Consideration	2-5

Section 3 – Geomorphic Evaluation

3.1	Introduction.....	3-1
3.2	Methodology	3-3
3.3	Results.....	3-9
3.4	Stream Recommendations	3-15

Section 4 – Hydrology and Hydraulics

4.1	Introduction.....	4-1
4.2	Methodology	4-1
4.2.1	Existing Data Summary	4-1
4.2.2	Approximate Zone A Flood Zone Hazard Areas.....	4-4
4.2.2.1	Evaluation of Flood Hazard Area Boundary	4-6
4.2.2.2	Evaluation of Future Development Affecting the Flood Hazard Area Floodplain.....	4-9
4.2.3	Culvert Analysis.....	4-10
4.2.3.1	Flow Rates	4-11
4.2.3.2	Culvert Identification	4-11
4.2.3.3	HY-8 Analysis	4-11
4.2.3.4	Results.....	4-11
4.3	Hydrology and Hydraulics Recommendations	4-14

Section 5 – Land Use and Development

5.1	Introduction.....	5-1
5.2	Methodology.....	5-1
5.2.1	Existing Land Use Data	5-1
5.2.2	Future Land Use Data	5-4
5.2.3	Runoff Volume	5-6
5.3	Land Use and Development Recommendation.....	5-11

Section 6 – Minimum Stream Corridor

6.1	Introduction.....	6-1
6.2	Minimum Corridor Analysis.....	6-1
6.2.1	Existing Minimum Corridor Delineation Criteria.....	6-1
6.2.2	Minimum Corridor Analysis Methodology	6-2
6.2.3	Minimum Corridor Analysis Results	6-4
6.2.4	Other Minimum Corridor Criteria	6-10
6.3	Minimum Corridor Buffer Analysis	6-10
6.3.1	Existing Buffer Delineation Criteria.....	6-11
6.3.2	Minimum Corridor Buffer Analysis Methodology.....	6-11
6.3.3	Minimum Corridor Buffer Analysis Results.....	6-11
6.4	Minimum Corridor and Buffer Recommendations.....	6-17

Section 7 – Special Areas

7.1	Introduction.....	7-1
7.2	Methodology	7-1
7.3	Evaluation Results	7-1
7.4	Special Area Recommendations	7-6

Section 8 – Capital Improvement Projects

8.1	Introduction.....	8-1
8.2	Problem Identification	8-1
8.3	Evaluation Approach	8-1
8.3.1	Stream Erosion Evaluation	8-1
8.3.2	Special Areas Considerations	8-2
8.3.3	Capital Improvement Project Types	8-2
8.4	Capital Improvement Projects.....	8-3
8.4.1	Project LC-01: Grade Control Undermining Perched Adams St Culvert Outfall on Mainstem LCR005	8-5
8.4.2	Project LC-02: Grade Control Incision on Mainstem LCR005 and Side Tributary	8-6
8.4.3	Project LC-03: Grade Control Incision on Tributary LC005R005	8-7
8.4.4	Project LC-04: Roper Park Trail Relocation and Bank Stabilization on Mainstem LCR005.....	8-8

8.4.5	Project LC-05: Grade Control Scour at NW 1 st St Culvert Outfall on Mainstem LCR010.....	8-9
8.4.6	Project LC-06: Grade Control Incising Drainage Ditch at NW 1 st St Culvert on Mainstem LCR015.....	8-10
8.4.7	Project LC-07: Grade Control Incision on Tributary LC020R005.....	8-11
8.5	Prioritization	8-12
8.6	Other Improvement Recommendations	8-14
8.6.1	Project Other-01: Monitor Incision at Interstate 180 Crossing on Mainstem LCR005.....	8-16
8.6.2	Project Other-02: Monitor Bank Stabilization on Mainstem LCR005 at Roper Park Trail Bridge.....	8-17
8.6.3	Project Other-03: Monitor Erosion at Superior St Culvert Upstream East Wingwall on Mainstem LCR010	8-18
8.6.4	Project Private-01: Bank Stabilization and Grade Control at Pipe Outfall on Mainstem LCR005.....	8-19
8.6.5	Project Private-02: Rock Armor Outfall on Tributary LC010R005	8-20
8.6.6	Project Private-03: Grade Control Knickpoint on Tributary upstream of confluence with Mainstem LCR010	8-21
8.6.7	Project Private-04: Grade Control Incision on Tributary LC015R005..	8-22
8.6.8	Project Private-05: Monitor Existing Grade Controls on Mainstem LCR015 and Confluence with Tributary LC020R005.....	8-23
8.6.9	Project Private-06: Basin Dam and Spillway Repair and Improvements on Tributary LC025R005.....	8-24

Section 9 – Implementation

9.1	Introduction.....	9-1
9.2	Capital Improvement Project Implementation.....	9-1
9.3	Education Program.....	9-1
9.4	Project Funding.....	9-2
9.5	Coordination Efforts	9-2
9.6	Additional Studies	9-2

Section 10 – Glossary of Terms and References

10.1	Glossary of Terms.....	10-1
10.2	References.....	10-10

Appendices

<i>Appendix A</i>	- Digital Deliverables
<i>Appendix B</i>	- Public Participation Materials (Summary Documents, Attendance Lists, Minutes, Watershed News)
<i>Appendix C</i>	- Fundamentals of Fluvial Geomorphology
<i>Appendix D</i>	- Channel Condition Scoring Matrix and Channel Condition Data
<i>Appendix E</i>	- Dominant Process Indicators and Reach Summary Data Sheets
<i>Appendix F</i>	- Hydrology and Hydraulics Data

Appendix G - Land Use and Zoning Data

Appendix H - Stream Corridor Data

Appendix I - Capital Improvement Project Prioritization Ranking Worksheets

Appendix J - Capital Improvement Project Cost Worksheets
