For more information on any Aging Partners Personal and Family Services, call 402-441-7070.

This type of assisted living facility provides accommodation, meals and an array of supportive services for persons who are mentally and developmentally disabled. These facilities must be licensed if services are provided to four or more non-related individuals who need or want these services.

Assisted living promotes resident self-direction and participation in decisions which emphasize independence, individuality, privacy, dignity and personal growth.
