Grades 5-7

Science Fiction, Lasers, and Mirrors Week

This week campers will explore the worlds of science fiction by participating in activities that utilize lasers and mirrors. In addition, they will have creative opportunities to tell their own science fiction stories and create sci-fi characters.

THIS WEEK'S HIGHLIGHTS

Monday, June 18

Monday is our field trip day so make sure campers have their *purple field trip t-shirt on that day!* We'll get ready to head to Laser Quest around 12:15 and should return no later than 2:30. Each camper will get to play a competitive game of laser tag.

Tuesday, June 19

Today is our tennis day so be prepared with a water bottle, because it's been hot out there lately. It's also our swimming day so make sure you bring your swimsuits and plenty of sunscreen. Later in the day we will be discussing different stories of science fiction.

Wednesday, June 20

Campers will compete in a craft challenge. They will create a life-size science fiction character of their own design.

Thursday, June 21

Today campers will be working on their Agents of Change service learning projects. They will also be practicing tennis so please make sure they bring their water bottles and sunscreen with them.

Friday, June 22

Today we'll be walking to the South Branch Library at 9:30 a.m. Please bring your library card if you would like to borrow a book of your choosing. During this time we will also explore the science fiction/comic book section of the library. We will swim at Irvingdale Pool from 11:30 a.m.-1:00 p.m. Make sure to bring your swimming gear.
