

PIONEERS PARK NATURE CENTER

Camp Discovery, 2013

Ages 3-6, Monday - Thursday, 9:00 - 11:30 a.m.

\$70/week, Prairie Building Preschool Classroom

Call 441-7895 for more information

Registration begins March 1st

Each week we'll learn through outdoor exploration, crafts, puppets, nature games, snacks and story time.

Green and Growing: June 3-6

Learn to grow in our children's garden! We'll get our hands into compost and soil, plant, water, harvest, and make a snack using what we've harvested.

Thank You Trees: June 10-13

From the tippy-tippy top branches to the deep-down roots, we'll explore the amazing world of trees and discover all the things these 'barky' neighbors do for our world.

Reptiles Rock: June 17-20 or June 24-27 Are snakes slimey? Can a turtle crawl out of its shell? Find out for yourself! You'll have a chance to meet many different kinds of reptiles and investigate their lives.

Our Many Legged Friends: July 8-11

Six legs or eight, they're everywhere we look. We'll search for spiders and their webs, and for insects and spiders that live in water, and observe our buzzing, hopping, weaving friends.

Send registration form with payment to Pioneers Park Nature Center, 2740 'A' Street, Lincoln, NE 68502

Cancellations must be requested one week prior to camp and are subject to a \$20/child fee.
