

It takes two

CVS Health[®] and Aetna[®]

Helping you on your path to better health[®]

The combination of CVS Health and Aetna is the next step in our journey to putting you at the center of your health care. Together we are pioneering a bold new approach to total health and wellness that not only helps you *get* well but *stay* well in body, mind and spirit.

This partnership will allow you to access the care you need, when and where you need it — whether it's at CVS[®] stores, in the community, at home or through digital tools.

What does this mean for you?

Rest assured, this partnership won't affect your existing insurance benefits.

You remain our top priority, and we're committed to delivering the same great products, services and support throughout this transition. Our promise to you is that no matter where you are on your path to better health, we'll be with you all the way.
