## Member Payment Estimator

Your employees' tool to help rule care costs

### A little research, a lot of savings

Your employees do their homework before making any big purchase. But when it comes to health care, 56 percent don't realize that costs vary widely for the *exact same service*.<sup>1</sup> So you both miss out on savings.

The Member Payment Estimator tool can help change all that.

### It's *the* place to cost-compare

Employees can look up estimated costs for over 650 labs, tests, surgeries and more, right on their member website. Or they can easily use their Aetna mobile app, too. All personalized to their plan. So even before they set foot in a medical office, they'll be confident they've chosen the right place, at the right price.
