PUBLIC NOTICE

Virtual Open House and Survey for the 2050 Long Range Transportation Plan

Lincoln Metropolitan Planning Organization (MPO) invites the public to participate in a virtual open house and survey for the 2050 Long Range Transportation Plan (LRTP) at www.LRTPLincolnMPO.com. The virtual open house and survey are available from September 21, 2020 to October 19, 2020.

The virtual open house consists of a recorded presentation and storyboards to inform visitors about the LRTP, the draft goals, transportation needs, issues, challenges, opportunities and trends. Visitors may provide comments at the Participate webpage of the project website: www.LRTPLincolnMPO.com/participate. The survey asks for public feedback about the draft goals, modes of transportation, and opportunities and trends.

The LRTP planning process will include additional public events throughout 2021. A final draft of the 2050 LRTP document is expected to go to the MPO Officials Committee for approval in late 2021. If you have questions, please contact Allan Zafft at (402) 441-6369.
