

# G INTEGRATING TRAVEL MODES

## CONSIDERATIONS:

- Bury power lines and remove power poles along 48th Street
- Private efforts to install decorative street lighting
- Plant additional street trees where needed
- Consider private efforts to install planting beds, trash receptacles, and benches (coordinate with transit stops)
- Develop a neighborhood design theme including awning design, color themes, and College View neighborhood orientation signs
- Install special pavement at crosswalks
- Work with the City to lessen sign clutter
