Public Open House

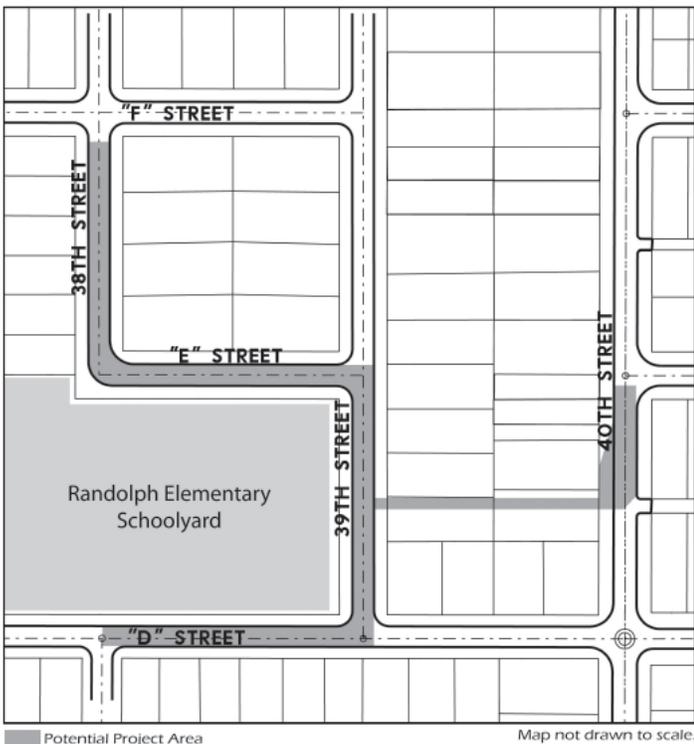

Stormwater Drainage Improvement Project

Tuesday, August 29th
5:00-6:30 p.m.

Randolph Elementary School

Join us for an Open House Public Meeting on a potential stormwater drainage improvement project in your neighborhood!

The City of Lincoln has developed project plans to reduce roadway flooding and decrease the potential for property damage at several locations on "D", "E", 38th, 39th and 40th streets. Construction of this Capital Improvement Project is currently not scheduled. It is dependent on the availability of future funding.

Representatives from the Public Works and Utilities Department and its consultant, The Schemmer Associates, will be on hand to discuss preliminary plans and answer your questions:

**Tuesday, August 29th
5:00-6:30 p.m.
Media Center
Randolph Elementary School
1024 S. 37th Street
(Use west entrance.)**

For additional information contact Reggi Carlson at The Schemmer Associates, (402) 488-2500. For information online go to www.lincoln.ne.gov (keyword: projects).
