# Release in May 2011

- ⦿ How this effects your project
  - For projects already bid and under contract the new Specifications and Standard Plans will not apply.
  - Projects yet to be bid will be required to use the new Standard Specifications and Standard Plans.

# CONSTRUCTION QUALITY FIELD GUIDE

# What is it?

- Reference Manual for City Inspectors to be used on Public Works projects
- The priority of the field guide is to help achieve consistency, efficiency, and accountability for City of Lincoln Construction projects.

# When?

- We will start having inspectors using the field guide on projects within the next month – field check
- Once updates are made based on the field check a final version will be brought forward.

# COORDINATION MEETINGS

- ⦿ Contractor Liaison Meeting
  - Quarterly meeting between Contractors and City Staff
- ⦿ Public Utility Meeting
  - Monthly Meeting with Utilities
