

**Old Cheney; Warlick to 40th
Pavement Repair Project
Project #540032**

The City of Lincoln continues to work on the Old Cheney Road pavement repair project from Warlick to 40th St. starting Monday, March 21, 2016. Work will start in the area between Warlick and 27th St.

All remaining work along the Old Cheney Rd. corridor will be completed by August of 2016, with the exception of seeding and final close out items which will be completed by October of 2016.

The work will be completed under lane closures. One lane will be open to eastbound and westbound traffic at all times, however motorists may encounter delays when concrete trucks need to use the open lane. Access to adjacent properties will be maintained and any access restrictions will be coordinated with the property owner. Properties with multiple entrances will have one entrance open at all times, unless otherwise agreed to by the property owner. Access for emergency vehicles will be maintained at all times. Pedestrian access to businesses, residences, and trails will be maintained throughout the duration of the project via alternate pedestrian routes and/or detours provided during the reconstruction of curb ramps.
