

Progression of Solid Waste Management Program Alternatives along a Continuum

Staus Quo: 82% MSW landfilled

Education/Behavioral Change
 Source Reduction Programs
 Limited Reuse Programs

Toxics Reduction Programs
 HHW collection events
 Voluntary Residential Recycling
 Drop-offs
 Curbside Recycling

Voluntary Commercial Recycling

Voluntary Yard Waste Composting
 Seasonal Landfill Ban

Limited Organics Diversion

C & D Wastes

Commercial C&D Recycling
 Material Reuse Centers

Increased Education/Behavioral Change
 Expand Source Reduction Programs
 Develop Added Reuse Programs

Expand Toxics Reduction Programs
 HHW permanent facility
 Increased Residential Recycling
 Drop-offs

Universal Curbside Recycling
 Volume Based Fees (PAYT)
 Increased Commercial Recycling
 Universal Collection Programs Multi-family
 Multi-family/Businesses

Select Disposal Bans
 Yard waste
 Year Round Landfill Ban
 Business Cardboard
 Selected Organics (Food)
 Other Material(s)
 Limited Organic Diversion (Pilot Efforts)

C & D Wastes

Commercial C&D Recycling (continued)
 Material Reuse Centers
 Recycling Requirements - Mandates
 Publicly Funded
 All Const. & Demo. Over \$ Amount

Increased Education/Behavioral Change
 Increased Source Reduction Programs
 Expand Reuse Programs

Material Reuse/Waste Exchanges
 Increased Toxics Reduction Programs
 Expand HHW Materials & Service Options
 Increased Residential Recycling

Mandatory Residential Recycling
 Volume Based Fees (PAYT)
 Increased Commercial Recycling
 Mandatory Commercial Recycling
 Multi-family/Businesses

Select Disposal Bans
 Yard waste
 Year Round Landfill Ban
 Cardboard
 Selected Organics (Food & Fibers)
 Other Material(s)

Mandatory Organics Diversion (Full Scale)
 Commercial Organics
 Residential Organics
 Energy Recovery (Conversion Technology)

C & D Wastes

Commercial C&D Recycling (continued)
 Material Reuse Centers
 Recycling Requirements - Mandates
 All Construction & Demolition Projects
 Select Disposal Bans
